Building better, healthier lives

Better Health Starts at a Young Age with Pediatric Care at Davis County Hospital

When 12-year-old Jacob complained of severe abdominal pain that lasted for three days, his mother knew it was time to visit Davis County Hospital.

"He was in a lot of discomfort, and we were thinking it was his appendix, but we weren't sure," said Sara Kreps, Jacob's mother. "So we consulted Dr. Mary Graeff. She got us the help we needed."

Dr. Graeff and her team confirmed Jacob's condition and got him back on his feet.

"It's so nice that we can stay local, supporting our local hospital, and it was literally down the street," said Sara. "It's wonderful."

Skip the hectic, out-of-town drives to doctor's offices and road trip tantrums. Let's build better, healthier lives for Davis County children with exceptional pediatric care close to home.

Call 641-664-3832 today to schedule your child's next appointment.
