FALL CAR CARE

Fall Driving Tips

Fall driving can be unpredictable because of weather changes and the end of daylight saving time. To be safe and aware on the roads this fall, follow these guidelines:

Watch out for leaves

Once leaves become wet, they can present slippery and dangerous driving conditions. Be sure to watch for patches of wet leaves on the road or on road lines. Dry leaves can also present a problem to your vehicle. Avoid parking your vehicle near leaf piles to prevent fires that could start from your vehicle's catalytic converter.

Plan ahead for wet conditions

Fall often brings rainfall, which can decrease visibility and cause hydroplaning. Make sure your windshield wipers are in good working condition. If driving on a road with excess water, slow down and avoid sudden movements with the steering wheel or brake pedal. If you feel like you're floating, steer straight and gently release the gas pedal until you feel the tires make contact with the road surface. In an especially heavy downpour you may want to pull off the road until it's safe to continue.

Low beams in the fog

When driving in fog, high beams will reflect off the fog, creating a "white wall" effect,

so set your headlight to low beam. This setting aims the beam of light down toward the roadway. Also reduce your speed and watch your speedometer. Fog creates a visual illusion of slow motion when you may actually be speeding. If fog becomes really thick use your road markers to guide you and help you to stay in your lane.

We simplify digital marketing for businesses everywhere.

We are your partner, not your vendor. We strive to build strong, long-term partnerships built on transparency, trust, and most importantly, performance.

If it's not right for our client, it's not right. Our clients' goals are at the center of our operation. We are focused on driving results, ROI, and customer experience.

We focus on our core competencies. We have a continually expanding portfolio of solutions. Digital moves fast. It's extremely important to maintain mastery of the basics: Premium News, Programmatic, and Search, as these are the most common building blocks for successful campaigns.

We continue to learn and innovate. The world of digital marketing is in a constant state of change. Solutions that are effective today may be rendered obsolete tomorrow. Adtaxi stays ahead of the curve. Furthermore, we learn from experience and leverage our institutional knowledge to develop key digital insights and best practices.

AMERICA'S #1 TRUSTED BRAND OF HEARING AIDS — FOR OVER 60 YEARS!

ATTN:

ALL INSURANCE HOLDERS, UNION, STATE & EDUCATION WORKERS & RETIREES

Miracle-Ear® is a Provider for Most Insurance Programs and Union / Retirement Plans with Hearing Benefits

YOU DESERVE THE BEST! • Nearly Invisible In-the-Ear Models • 100% Digital Signal Processing Reduces Listening Effort, Background Noise, and Whistling • Automatically Increases Soft Sounds and Reduces Loud Sounds • 3 Different Environmental Listening Programs • 3 Years of Fitting Adjustments with Repair and Loss Warranty**

NOW WOULD BE A GREAT TIME FOR ANYONE TO TAKE ADVANTAGE OF YOUR HEARING HEALTH BENEFIT — BEFORE THE END OF THE YEAR!

With 2017 coming to an end soon, and the changes in health care rules, your benefits could change for 2018 — **including hearing benefits.** This could mean an increase in co-pays and deductibles if you wait until next year.

More than likely by this time of year, you have met your deductible for 2017. This means if you wish to purchase new aids now, there will be **less money out of pocket and may mean you have options that are fully covered** if you take advantage of your hearing benefit **NOW!** In fact, we currently have options that are fully-covered under most insurance plans, which means you may receive hearing aids at little or no cost to you!*

Our goal to make better hearing a reality for everyone who comes through our doors. If you are considering new hearing aid(s), this is the **BEST TIME OF THE YEAR** to try them ... **RISK FREE!****

[^] Hearing aids do not restore natural hearing ability. Individual experiences vary depending on severity of loss, accuracy of evaluation, proper fit and ability to adapt to amplification.
Hearing screenings and video otoscope exams are always free, they are not medical exams and are used to determine proper amplification needs only.
