## Grab the girls. It's ladies' night out.

Having an annual mammogram can help make sure you'll be there for life's most important moments. A mammogram can help detect breast cancer in its earliest stages. The American College of Radiology recommends one every year for women 40 and older, and for younger women considered to be at risk.

**For your convenience, Tennova Healthcare is hosting a free "Ladies' Night Out" on October 26. No registration is required. Vendor booths, extended mammography hours, door prizes and refreshments are provided.**

**For more information, please call 931-685-8390.**

**Tennova Healthcare - Shelbyville**  
2835 U.S. 231, Shelbyville, TN 37160

Appointments are on a first-come, first-served basis. An order from a physician or qualified healthcare provider is not required, but the patient must provide a physician/provider name when an appointment is made. If the patient does not have a physician/provider, a list will be provided for the patient's selection. All mammogram reports will be sent to the physician/provider and follow-ups are the responsibility of the patient.
