Gluten-Free Can Still Be Delicious!

A sensitivity to or an intolerance of gluten has made the market for gluten-free foods a multibillion dollar industry. If you haven't done so yourself, chances are you know someone who has adopted a gluten-free diet. While it can be difficult to explain why more and more people are turning to gluten-free diets, studies have indicated that gluten, which has been a dietary staple of the human diet for centuries, can trigger an immune response similar to that of an allergic reaction in some people. But men, women and children who can longer consume gluten can still enjoy healthy and delicious meals such as "Apple & Thyme Roasted Chicken With Apple Gravy" from Kimberly Mayone & Kitty Broihier's "Everyday Gluten-Free Slow Cooking" (Sterling).
APPLE & THYME ROASTED CHICKEN WITH APPLE GRAVY
Serves 6
FOR THE CHICKEN:
1) 28-oz bag mini gourmet potatoes, washed well
1/4 C dry white wine or chicken broth
1 T melted butter
1 T gluten-free seasoning salt
1 1/2 T dried thyme
3/4 tsp paprika
1/2 tsp dry mustard
1) 4- to 5-lb "all-natural" chicken (giblets removed), rinsed & patted dry
2 apples, peeled, cored & quartered
1/2 onion
FOR THE SAUCE:
2 T cold butter, cut into small pieces
1/4 tsp kosher salt or more to taste
1/8 tsp ground black pepper
1/8 tsp dried thyme
Pan drippings
Cooked apples from above list
Cooked onion from above list
1) Add the potatoes and wine to the slow cooker crock; set aside. 2) Mix the butter, seasoning salt, thyme, paprika, & mustard in a small bowl until blended. Rub 1 teaspoon of the spice mixture into the chicken cavity. Rub remaining spices all over the chicken. 3) Place the chicken, breast side down, into the crock. Insert one apple quarter & the onion in the cavity. Place remaining apple pieces around the chicken. Cover & cook 6-7 hours on low (or 3-3 1/2 hours on high). The internal temperature of the chicken at the thigh should be 170 F. 4) When done, transfer the bird to a platter or cutting board & let it rest for 10 minutes. Using tongs, transfer the potatoes to a serving bowl. 5) To make the sauce: Remove the onion from the cavity of the chicken & add it back to the crock. Use an immersion blender to process the apples, onion & chicken cooking juices into a smooth sauce. Alternatively, a blender can be used for this task. Stir the butter, salt, pepper, & thyme into the sauce. 6) Remove the skin from the chicken & slice the chicken for serving. The meat will be very juicy & practically falling off the bone. Serve the chicken with the potatoes & the apple gravy on the side.
