INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS-PROVIDENCE, RI
IBEW LOCAL 99

Open-Shop Electrical Contractors, Your Time is Now!

For the past several years IBEW Local 99 has been actively recruiting, testing and welcoming into our Local: Apprentices, Journeymen Wiremen, Tele-com Techs and Contractors.

That effort has been an amazing success. We now have a database of many unrepresented hard working men and women who will be coming in the Union. Many of these people currently work in parts of the industry that the IBEW has historically not been as prevalent in, such as Residential and Light commercial.

We are now looking to expand our recruitment of high quality and ethical open shop contractors that specialize in that type of work.

Discover the value IBEW can have for your company:

- You pay nothing to the Union to sign with us!
- Immediate access to indentured apprentices!
- 1-1000 qualified Men and Women available with a single phone call!
- IBEW quickly becoming the main source of manpower in the Northeast!
- Flexible rates for non-traditional work!
- Your partner in protecting the industry!
- The safest and most productive workforce in the industry!
- The undisputed best training facility and staff in the industry!
- Complete flexibility in Staffing!
- Access to General Contractors and Bidding Opportunities!
- Free Benefit Management!
- Contractor Training and Support!

We are looking for only the best in manpower and contractors. If you are a great contractor, we should be talking to you now. There are many very unsatisfied craftspeople looking for a better life who are available right now and ready to move to your company!

KOVELS® Antiques & Collecting

By Terry and Kim Kovel

Odd-Shaped Objects Sometimes Part of Set

Strange antiques and collectibles with mysterious shapes and unknown purposes sometimes are part of a larger piece. Mysterious wooden wheels with wooden spokes and about a 45-inch diameter were popular in the 1950s. They were hung on a wall as a decoration or put flat in a flowerbed. Each section between the spokes was planted with a different herb or flower. The wheels were copied in giftware catalogs but were never identified as part of a "walking" spinning wheel used to spin woolen yarn.

This set, called a supper set, sold at a Skinner sale in Boston for \$923. It was made by Coalport about 1860.

A curved "bowl" shaped like part of the border of a circle is sometimes sold at an antique shop. The bowl usually is made by important porcelain companies and it seems to be a bargain. It is part of a set of four crescent-shaped bowls and one round bowl that fit together to make a circle. The curved bowls held foods like olives, pickles and sauces or several types of vegetables with sauce in the round center bowl. Most sets were made with the five bowls and a lid for the center piece. Once a piece broke, the set

couldn't be used. But the pieces still were attractive when used alone.

A set made by Coalport porcelain in the Imari pattern sold in 2016 for \$923. Single curved bowls can be found for \$50 to \$75. A covered center bowl might fetch \$100.

Q. I have a Sarah Coventry necklace that I was told is 85-90 years old. It's about 16-18 inches long and has graduated glass beads strung on fine copper wire and a copper ring and clasp. I was told it is Waterford crystal. I'd like to know how old it is and what it's worth.

A. It's newer than you think. Sarah Coventry was founded in 1949. Jewelry was designed by freelancers and made by other companies. It was sold through home parties. The company went bankrupt in 1981 and was sold several times after that. Sarah Coventry jewelry is no longer being made, but is sold online. Waterford is the name of a company known for its glass, but some people use the name for other clear glass. The value of your necklace is about \$50 retail.

Tip: Take batteries with you to toy sales if you plan to buy a battery-operated toy. Check to see if the toy really works.

ARIES (March 21 to April 19) Your honesty continues to impress everyone who needs reassurance about a project. But be careful you don't lose patience with those who are still not ready to act.

TAURUS (April 20 to May 20) Pushing others too hard to do things your way could cause resentment and raise more doubts. Instead, take more time to explain why your methods will work.

GEMINI (May 21 to June 20) Be more considerate of those close to you before making a decision that could have a serious effect on their lives. Explain your intentions and ask for their advice.

CANCER (June 21 to July 22) You might have to defend a workplace decision you plan to make. Colleagues might back you up on this, but it's the facts that will ultimately win the day for you. Good luck.

LEO (July 23 to August 22) The Big Cat's co-workers might not be doing enough to help get that project finished. Your roars might stir things up, but gentle purr-suasion will prove to be more effective.

VIRGO (August 23 to September 22) Someone you care for needs help with a problem. Give it lovingly and without judging the situation. Whatever you feel you should know will be revealed later.

LIBRA (September 23 to October 22) While you're to be admired for how you handled recent workplace problems, be careful not to react the same way to a new situation until all the facts are in.

SCORPIO (October 23 to November 21) Rely on your keen instincts as well as the facts at hand when dealing with a troubling situation. Be patient. Take things one step at a time as you work through it.

SAGITTARIUS (November 22 to December 21) Your curiosity leads you to ask questions. However, the answers might not be what you hoped to hear. Don't reject them without checking them out.

CAPRICORN (December 22 to January 19) Be careful not to tackle a problem without sufficient facts. Even sure-footed Goats need to know where they'll land before leaping off a mountain path.

AQUARIUS (January 20 to February 18) Appearances can be deceiving. You need to do more investigating before investing your time, let alone your money, in something that might have some hidden flaws.

PISCES (February 19 to March 20) Your recent stand on an issue could make you the focus of more attention than you would like. But you'll regain your privacy, as well as more time with loved ones by week's end.

BORN THIS WEEK: You're a good friend and a trusted confidante. You would be a wonderful teacher or a respected member of the clergy.

Moments in time
THE HISTORY CHANNEL

- On Nov. 8, 1895, in his lab in Germany, physicist Wilhelm Conrad Rontgen becomes the first person to observe X-rays while testing whether cathode rays could pass through glass. Rontgen received numerous accolades for his work, including the first Nobel Prize in physics in 1901.
- On Nov. 9, 1938, German Nazis launch a campaign of terror against Jews in Germany and Austria. The violence was dubbed "Kristallnacht," or "Night of Broken Glass," for the countless smashed windows of 7,500 Jewish-owned establishments. Some 100 Jews died, and hundreds of synagogues and homes were damaged.
- On Nov. 7, 1944, Franklin Roosevelt is re-elected president of the United States for a record third time, defeating Thomas Dewey, the governor of New York, and becoming the only president in history to win a fourth term in office.
- On Nov. 10, 1964, Secretary of Defense Robert McNamara says that the United States has no plans to send combat troops into Vietnam. By 1969, more than 500,000 American troops were in South Vietnam.
- On Nov. 6, 1977, the Toccoa Falls Dam in Georgia bursts, and the resulting flash flood kills 39 people. The day before, a volunteer fireman had inspected the 100-year-old Earthen dam above the falls and found everything in order.
- On Nov. 12, 1980, the U.S. planetary probe Voyager 1 edges within 77,000 miles of Saturn, sending back 30,000 images that show hundreds of rings encircling the planet. Voyager 1, now in interstellar space, contains a disk featuring natural and manmade sounds of Earth.
- On Nov. 11, 2000, a cable car taking skiers to a glacier in Austria catches fire as it passes through a mountain tunnel; 156 people die. Only 11 people survived the fire, which was caused by an illegal space heater in the driver's cabin.

Notice of the disposal and or sale of personal property in accordance with the provisions of the Rhode Island State Statutes, Chapter 42, Title 34-42-4 enforcement of the Self-Storage Facilities Operator's Lien, the property in the listed units will be disposed of on 11/14/2017 at 10:00am at the premises of TLC Mini Storage, 389 Mishnock Rd., W. Greenwich RI 02817 (401)392-3300. TLC Mini Storage reserves the right to cancel this sale at any time for any reason.

Unit A13 Richard Peters

Terms: Cash or Certified Check. Pre-registration required. TLC Mini Storage reserves the right to cancel this sale at any time for any reason, and hereby gives notice of its intention to bid at such sale and any postponement or adjournment there-of.

• Roll clothing to pack: For shirts, you can stack them all together, then fold over the sleeves before rolling. Pants are best rolled individually. Fold one leg onto the other, then roll tightly from ankle to waist, being sure to smooth wrinkles as you go. Stuff socks into shoes. Make use of all your space.

• Trouble getting to sleep? Maybe you should try listening to soothing sounds. There are many to choose from, from white or pink noise (find it free on YouTube or get a CD from the library). There's even a podcast where a person reads a boring book in a monotone voice (Sleep with Me). You never know if it'll help unless you try. — C.A. in Florida

• Homemade ice pack: Mix 1 part rubbing alcohol to 3 parts water in a zipper-top bag; seal and place in the freezer. It gets really cold but never hardens, so you can manipulate it. Every athlete (or parent) should pin this. — M.W. (Add food coloring so you can tell if it's leaking, and label it properly!)

• Airport hacks: Bring a few extra zipper-top bags, just in case you need them on the return flight; bring an empty water bottle to fill up after you clear security; bring your own snacks; tie or otherwise fasten an identifiable scrap of material to your plain black luggage to make it easy to spot on the luggage carousel; wear a heavy coat — you can always take it off and stow it, but it won't count against your weight limit if it's on you at check-in.

• Winter driver safety list! Check levels for the following: engine oil, coolant and antifreeze, as well as windshield wiper fluid (non-freezing), tire pressure and tread depth.

A Sporting View by Mark Vasto

Greatest Rounds in Boxing History

Every special fight has a special round. "A Sporting View" assembled some of the best from history:

LaMotta vs. Robinson VI—Round 11
 They called Jake LaMotta "Raging Bull" for a reason: He constantly charged forward. He was a brawler in every sense of the word; he had a killer left hook and a granite chin. In 109 fights, the man never went down. Sugar Ray Robinson had never lost a professional fight until he met LaMotta, with LaMotta winning on points in their second meeting. Sugar Ray was every bit the guy you've heard so much about — he truly was the greatest pound-for-pound fighter ever.

In their famed "St. Valentine's Day Massacre" in Chicago, the 11th round stands out for me. They traded punches the entire time, and LaMotta kept charging. Robinson would win by TKO two rounds later. In the words of LaMotta, "We fought so much I felt like we were married."

Ali vs. Foreman—Round 8
 George Foreman had destroyed Joe Frazier twice, and he was the angriest, scariest guy you ever saw when he met Ali in "The Rumble in the Jungle." Ali set the specifications for the fight, demanding a larger ring and elastic ropes that allowed him to basically lounge against them as Foreman banged away in what is now referred to as "the rope a dope." By the 8th round, Foreman had nothing left, and Ali put together a cham-

ampionship flurry that floored Foreman to regain his title.

Hagler vs. Hearn—Round 1
 Marvin Hagler had a chip on his shoulder and a cut over his eye by the middle of one of the most celebrated rounds in history. Thomas Hearn had been predicting a knockout and at one point had the Vegas odds in his favor. When his brother taunted him on the way to the ring, Hagler tossed his fight plan and charged Hearn with the fury of a guy who never felt he got the respect he deserved. Every single second of this round featured a punch. When the round was over, the fans were literally screaming and on their feet applauding so wildly it sounded like Beatlemania. Probably the best fight ever, and the first round was an instant classic.

Dempsey vs. Firpo—Round 1
 Before Jack Dempsey went out of his corner, his cornerman told him that he had bet his share of the purse on a first-round knockout. Incensed, Dempsey went out like a crazed lunatic, throwing bombs and knocking Luis Firpo all over the ring. To see the "Manassa Mauler" punch was an incredible sight. He could dance and move, but when he threw a punch, he would rear his arm all the way back and launch it like a howitzer, swinging from his heels with vicious intentions. Firpo was game, and knocked Dempsey through the ropes late in the round. Dempsey would go on to win in two, but he lost his share of the purse.

Many years later, after the two had retired, Dempsey met up with Firpo in Argentina, where Firpo handed him an envelope with instructions to open it after he boarded his flight home to New York. Dempsey opened the envelope to find \$20,000 in cash. How great is that?
