Q. My sister told me that Bradley Cooper is going to star in a network TV show, but I told her that can't be true, because he has a huge movie career. — *Bobby S., Fresno, California*

A. That's mostly true. CBS has picked up the drama series "Limitless," which is a continuation of the hit 2001 movie that starred Bradley in the lead role of Eddie Mora. Bradley does appear in the pilot episode, reprising his movie role, and will recur throughout the season as his schedule permits. This is a new show I definitely plan to keep an eye on.

Q. Nooo! I read that Fox canceled "The Mindy Project." Please tell me this isn't true. — *Nina D., via email*

A. It's true, however, it isn't the end for "Mindy." Hulu announce in mid-May that it has ordered a 26-episode season four of the critically acclaimed series, to air exclusively on hulu.com. A premiere date for the fourth season has yet to be announced. Following the premiere, Hulu will have the option to order subsequent seasons.

"I am thrilled that 'The Mindy Project' has found a new home on Hulu, where so many of our fans are already watching the show. It's such an exciting place to be," said series star and creator, Mindy Kaling.

Q. I have never written to a reporter in my 77 years on Earth. I simply enjoy your column each and every Sunday in our local Florida paper. I felt compelled to write you because my new favorite guilty pleasure is "Battle Creek," which I hear is already canceled. Every character had a unique role, and the way Russ (played by Dean Winters) and Milt (Josh Duhamel) interact is hilarious. Thank you for reading this. — *Rosemarie C., via email*

A. You'd think that with the likes of Kal Penn, Candice Bergen and Patton Oswalt also involved, the show would be a shoo-in for a second-season pickup. The renewal gods are a strange lot, and it sometimes just comes down

Bradley Cooper

to timing. Perhaps if "Battle Creek" had premiered in the summer on a network like TNT or FX — networks that are known for nurturing and taking time with their new shows — it would have had more of a chance.

READERS: Here are the Fox shows that have been renewed and canceled, starting with the renewed shows: "Bob's Burgers," "Bones," "Brooklyn Nine-Nine," "Empire," "Family Guy," "Gotham," "Hell's Kitchen," "MasterChef," "MasterChef Junior," "New Girl," "The Last Man on Earth," "The Simpsons," "Sleepy Hollow," "So You Think You Can Dance" and "World's Funniest Fails." TV shows that have either ended their run or been canceled include: "American Idol" (after season 15, which begins January 2016), "Backstrom," "The Following" (although it is being shopped elsewhere), "Gang Related," "Glee," "Gracepoint," "Kitchen Nightmares," "The Mindy Project" (see Hulu announcement above), "Mulaney," "Red Band Society," "Utopia" and "Weird Loners."

Our Insect Enemies

New Corn Technology Means Fewer Pests

(NAPSA)—U.S corn growers have a new option to control corn rootworm and corn borer. This may be good news for farmers and consumers, given that the pests rob over \$1 billion in yields from the corn industry.

To get an entire season of in-plant protection against yield-robbing corn borer and rootworm pests, a new corn technology was developed, called YieldGard Plus, which combines the two specific genes found in YieldGard Rootworm and YieldGard Corn Borer into one convenient hybrid. YieldGard Plus also offers broad-spectrum, in-the-bag insect control of white grub, wireworm, sugar cane borer, southern corn stalk borer, seed corn maggots, early flea beetle, and suppresses earworm, fall armyworm and stalk borer.

According to David Rhylander, Monsanto's U.S. Trait Technologies Director, "YieldGard Plus provides a powerful tool to control corn. It provides more pest control than leading insecticides and enables the corn plant to develop maximum root systems and healthier stalks."

Rhylander also says the product offers growers more than rootworm and corn borer control. It gives them a farm management tool that maximizes their crop's yield potential and profitability.

It's reported that during 2003, farmers using the product demonstrated a 14-bushel yield advantage in field trials. Experts say this kind of increase in yields means growers could see a higher profit potential.

"The 14-bushel yield advantage translates into a return of \$20 more per acre than conventional corn treated with insecticides, making YieldGard Plus one of the

Fighting pests in a way that leads to an increase in yields means growers could see a higher profit potential.

most profitable corn systems available," says Rhylander.

According to Todd DeGooyer, the company's Trait Technical Development Manager, one way the new technology will maximize yield potential is by making a big difference in the amount of nutrients and moisture a plant can send to its corn ears.

Said DeGooyer, "The nutrient and moisture uptake capabilities of a corn plant's roots and stalk are essential to maximum performance. Having a tool that provides protection from pests that feed on these areas can make a difference in yields."

In addition, the new hybrid offers growers increased convenience by reducing the need to handle insecticides separately.

Monsanto Company (NYSE: MON)—the seed's maker—is described as a leading global provider of technology-based solutions and agricultural products that improve farm productivity and food quality. For more information visit the Web site at www.monsanto.com.

Your Lawn

Lawn Mower Tune-ups Are A Wise Investment

(NAPSA)—Investing 30 minutes on a spring tune-up for your lawn mower can pay dividends for years to come. Those who don't perform this important basic maintenance before the weather turns warmer often end up putting their equipment at risk.

The good news is that the engine experts at Briggs & Stratton are making it easier than ever before to get your lawn mower ready for spring—from tune-up kits to oil evacuation kits to a free oil recycling solution, you can keep your lawn mower running smoothly. An engine tune-up for your push mower takes only 30 minutes or less. Riding mower engines may require an oil filter or fuel filter, which could add five to 10 minutes to the job.

A Spring Tune-up Is Key
 "Homeowners simply want their lawn mower to start when they need it for that first cut of spring and a simple tune-up can make the difference between a hassle-free start and frustrating trips for service," said Synoilva Shaw with the Briggs & Stratton Engine Marketing department. "While the source of most starting problems is old gasoline—which goes stale in about 30 days—a tune-up can help extend the life of the mower engine and keep it running at peak performance."

Prepping A Push Mower
 A tune-up for a push mower engine can reduce engine emissions by as much as 30 percent and involves just four easy steps:

1. Changing the mower oil
2. Replacing the air filter
3. Replacing the spark plug
4. Adding fuel preservative to the gasoline.

Step-by-step video instructions are available online at www.briggsandstratton.com.

Tune-up Kits
 A basic push mower engine tune-up kit costs under \$12.99 and includes an air filter, spark plug, bottle of oil and a pouch of fuel treatment and stabilizer. A tractor tune-up kit costs under \$32.99 and includes the same as a push mower kit with the addition of a fuel and/or oil filter. The kits are available online at the company's website or at authorized dealers and home improvement stores.

Giving your lawn mower a tune-up each spring can help extend the life of its engine and keep it running at peak performance longer.

Oil Evacuation Kits
 Two options are available for oil evacuation kits—one that removes oil only and another that removes both oil and fuel. These kits help eliminate the need for consumers to tip the mower to drain the oil during a tune-up, making it easier to change the oil and reducing the possibility of an oil spill in the garage or driveway.

Oil evacuation kits cost between \$23 and \$31 and are available online at www.briggsandstratton.com or at authorized dealers and home improvement stores.

Disposing Of Used Oil
 Participating Briggs & Stratton dealers nationwide make recycling oil easy and have recycled more than 200,000 gallons of used engine oil to date. Simply drop off your used oil in a closed container and let your dealer take care of the rest.

Look Before You Pump
 Certain gasoline blends should never be used in lawn mower engines and other small gas engines. Fuel blends containing more than 10 percent ethanol, like E15 or E85 gasoline, or gasoline containing other alcohol blends can damage small gas engines.

Repairs required because of the use of these unapproved gasoline blends are not covered under the manufacturer's engine warranty. Look for the "Look Before You Pump" warning logo on new models or find more information from the Outdoor Power Equipment Institute at www.opei.org.

The Garden Bug Planting dahlias BY BRENDA WEAVER

Lay the dahlia tuber horizontally about 4 inches deep in a sunny spot, then cover loosely with soil. Do NOT water until sprouts have appeared above the ground. Use a low-nitrogen fertilizer, such as used for vegetables, 30 days after planting and repeat every 3 to 4 weeks after that through the growing season. Use supports for dahlias that grow 3 feet or taller. Watch for slugs and snails! They will eat the sprouts, leaves and stalks.

The Cleaning Season

How To Freshen Your Home
 (NAPSA)—Fresh spring breezes can serve as a sweet inspiration to clean and freshen your home. To help capture that fresh, spring feeling, don't forget to clean your home's air duct system.

Air ducts and ventilation systems accumulate fine dust particles, pet hair or even tobacco smoke residue, possibly promoting mold growth and bacteria colonies. You can tell if your heating, ventilation and air conditioning (HVAC) system should be cleaned, by using a screwdriver to remove the floor register or wall vent—and checking out the contents. If you see accumulated dust, mold or mildew, consider calling a professional HVAC system cleaning contractor. Make sure the company is a certified member of the National Air Duct Cleaners Association (NADCA), an organization that tests the knowledge of contractors for safe and effective HVAC cleaning. For more information, contact NADCA at 202-737-2926 or visit www.nadca.com.

Collecting by Larry Cox

Buddy Lee Doll
Q. I have a Buddy Lee doll that I received in the late 1940s. It is still dressed in its original Lee overalls and cap. I rarely played with this doll, so although it is not mint, it is in excellent condition. I have been offered \$150 for it, but thought I would check with you first. — *Barbara, Laguna Beach, California*

A. Buddy Lee dolls have molded hair, painted eyes and are jointed at the shoulder, with stiff hips and legs. They are dressed in Lee clothes. Most of the Buddy Lee dolls I have seen do not have their original clothes, so this makes the one you have especially desirable. Ones with composition heads were made during the 1920-1948 period, and the later ones with heads of hard plastic from 1949-1962. There were other variations, too. For example, Buddy Lee dressed in a Coca-Cola uniform, John Deere clothing and as a gas-station attendant also were manufactured.

According to "Blue Book Dolls & Values" by Jan Foulke and published by Hobby House Press, your doll is valued in the \$450 to \$550 range, so my advice is explore more options before you accept the offer you have.

Q. I have about a dozen perfume bottles that originally belong to my grandmother. Most of the bottles seem to be from the 1930s and

'40s. How can I find out more about them? — *Steve, Rye, New York*

A. One of the better organizations for collectors is the International Perfume Bottle Association. Contact is www.perfumbottles.org, and 732-492-2003. There are several excellent references. One of my favorites is "The Wonderful World of Collecting Perfume Bottles: Identification & Value Guide" by Jane Flanagan and published by Collector Books.

Q. I have a large-size book of Norman Rockwell illustrations, suitable for framing. How much are they worth, and how can I find a buyer? — *Eva, Olney, Illinois*

A. Your question is impossible for me to answer. You did not provide me with the edition and publisher. Without that information, I cannot establish a value. Most Norman Rockwell collections I've seen have generally sold in the \$25 to \$75 range, again, depending on condition, edition and publisher.

Write to Larry Cox in care of KFWS, P.O. Box 536475, Orlando, FL 32853-6475, or send e-mail to questions-forcox@aol.com. Due to the large volume of mail he receives, Mr. Cox cannot personally answer all reader questions, nor does he do appraisals. Do not send any materials requiring return mail.

I wasn't looking for a discount funeral. I was looking for an affordable one.

Most "discount funerals" mean less money, less service, less attention to detail, less of everything. An affordable funeral is a complete funeral based first on the needs of the family, then priced to fit within their budget.

Prayer to the BLESSED VIRGIN
 (Never known to fail). O Most Beautiful Flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the sea, help me and show me here in, you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin, pray for us who have recourse to thee (3 times.) Holy Mary, I place this cause in your hands (3 times). Say this prayer for three consecutive days. You must publish it and it will be granted to you. Grateful Thanks. JM

 Believe in yourself! Have faith in your abilities! Without a humble but reasonable confidence in your own powers you cannot be successful or happy.

ROOFING

We Will Save You Money... Guaranteed!!

4 Things You Need to Know When Hiring a Roofer:

1. We recommend to **NEVER** give a roofing contractor a deposit of any kind prior to job completion. Everyone knows someone burned by a contractor.
2. We recommend **NEVER** to do business with a roofing contractor that has been in business less than 10-15 years. 80% of roofers go out of business within the first 5 years and then your warranty is worthless.
3. We recommend **NEVER** to have your roof replaced by XXX Home Improvements, XXX Construction or any other name that does not include "Roofing". Most of these companies do not have proper roofing insurance.
4. We recommend to **ALWAYS** check with the Rhode Island Contractors Board @ www.crb.gov/ to check out the company and their track record.

Infuse your life with action. Don't wait for it to happen. Make it happen. Make your own future. Make your own hope. Make your own love. And whatever your beliefs, honor your creator, not by passively waiting for grace to come down from upon high, but by doing what you can to make grace happen... yourself, right now, right down here on Earth.

Summer Fruit Bowl

The best part of the bounty of summer is the abundance of fresh fruits. Eating fruit is not only delicious and refreshing, it's also good for you. Most fruits are naturally low in fat, sodium and calories. None have cholesterol.

People who eat fruit as part of an overall healthy diet are likely to have a reduced risk of heart disease, including heart attack and stroke. It also may protect against certain types of cancers, and reduce the risk of obesity and Type 2 diabetes.

Fruits are the source of many essential nutrients that aren't consumed as much as they should be, including potassium, dietary fiber, vitamin C and folate (folic acid).

Diets rich in potassium may help to maintain healthy blood pressure. Sources of potassium include bananas, prunes and prune juice, dried peaches and apricots, cantaloupe, honeydew melon and orange juice.

Dietary fiber from fruits helps reduce blood cholesterol levels and may lower the risk of heart disease. Fiber is important for proper bowel function, and helps reduce constipation and diverticulosis. Fiber-containing foods such as fruits help us feel full with fewer calories. (Note: Fruit juices contain little or no fiber.) Folate (folic acid) helps form red

blood cells. In women of childbearing age, folic acid reduces the risk of neural tube defects, spina bifida and anencephaly during fetal development.

My recipe for fruit salad is combined with quinoa to make it a healthier and more versatile dish for breakfast, lunch or dinner. Quinoa is native to Bolivia and is a relative of Swiss chard, spinach and beets. It comes in three varieties (whole grain white, red and black) and is gluten free and packed with nutritional benefits.

Quinoa also is a complete protein, which means it provides all nine essential amino acids necessary for good health. Your body can't produce these nutrients itself, so you have to get them frequently through food. Just one cup contains 8 grams of protein, 5 grams of fiber, plus significant amounts of iron, magnesium, folate and heart-healthy omega 3 fatty acids.

Summer Fruit Salad with Quinoa can be served for breakfast with the sweet Poppy Seed Dressing. For a spicy, sweet and savory lunch or as a light summer supper or side dish, serve with the Spicy Chili Vinaigrette.

SUMMER FRUIT SALAD WITH QUINOA

- 1 1/3 cup water
- 2/3 cup quinoa (whole grain white, red or black varieties)
- 2 cups sweet cherries, stemmed
- 1/2 pound watermelon, cut in small wedges
- 4 small plums, pitted and cut into wedges
- 1 medium papaya, peeled,

- seeded and sliced
- 2 tablespoons finely chopped fresh mint
- Poppy Seed Dressing or Spicy Chili Vinaigrette

1. Combine water and quinoa in a medium saucepan. Bring to a boil, reduce heat to simmer and cook with cover on for 15 minutes. Remove from heat and set aside, with cover off, to cool completely.

2. Arrange cherries, watermelon, plums and papaya in container with lid. Toss with quinoa and mint. Cover and refrigerate salad until ready to serve with your choice of dressing. Do not dress salad until ready to eat. Makes 6 servings.

POPPY SEED DRESSING

- 1/4 cup honey
- 2 tablespoons lemon or lime juice
- 1/2 teaspoon poppy seeds
- 1/8 teaspoon salt
- 1/3 cup oil

Beat together honey, lemon juice, poppy seeds and salt. Gradually beat in oil until dressing thickens. Cover and chill. Makes about 2/3 cup.

SPICY CHILI VINAIGRETTE

- 2 tablespoons finely minced red onion
- 2 tablespoons lime juice
- 1/8 teaspoon salt
- 1 Thai or serrano chile pepper, finely chopped
- 2 tablespoons chopped cilantro
- 1/4 cup extra-virgin olive oil

In a large bowl, whisk together onions, lime juice, salt, chile and cilantro. Drizzle in oil while continuing to whisk constantly. Makes about 2/3 cup.

What you don't know about your current auto & homeowner insurance coverage...

CAN ADVERSELY AFFECT YOUR FINANCIAL WELL BEING!

The Following is devoid of MASCOTS & CLEVER CHARACTERS...
It is information to help YOU!

- Did you know an insured home whose replacement cost is \$250,000, MAY have a separate hurricane deductible; separate from a deductible for any other loss?
- a 2% hurricane deductible equals \$5,000 BEFORE a company is obligated in settling a HURRICANE LOSS!
- There are Insurers in the State of Rhode Island that do not mandate a statewide, separate hurricane deductible.

IMAGINE an auto insurer that pays up to \$225 for lodging (when "your covered auto" is involved in a covered collision loss) if you are 50 or more miles from your principal residence! Imagine no more!
IMAGINE a homeowner insurance that covers the WATER SUPPLY LINE serving your home. Yes, the one which you receive offers in the mail! Imagine no more!
Normal underwriting requirements do apply

HOLLYWOOD

by Tony Rizzo

HOLLYWOOD — Is it time for 52-year-old **Tom Cruise** to stop making action films? His latest, "Mission: Impossible — Rogue Nation," with **Jeremy Renner**, **Simon Pegg** and **Alec Baldwin**, will be released July 31, followed by the upcoming "Jack Reacher 2." The original "Jack Reacher" (2012), cost \$60 million and grossed \$218 million. "Oblivion" (2013), which cost \$120 million and grossed \$286 million, was followed by "Edge of Tomorrow" (2014), at a cost \$178 million and a gross of \$369 million.
But when you consider that "Jerry Maguire" (1996), cost only \$50 million and grossed \$273 million, and earned Cruise a best-actor Oscar nomination, you wonder why he stopped making that kind of film. He also received Oscar nominations for "Born on the Fourth of July" (1990) and "Magnolia" (as supporting actor in 2000). He won Golden Globes for all three films. Action films are like dessert, not a main meal.

Dwayne Johnson

Kellan Lutz, which came out first, cost \$70 million and grossed only \$61 million. The \$160 million "Fast and Furious 6" earned \$789 million, and was followed by "Furious 7," which has grossed \$1.5 billion, making it the fourth top-grossing film of all time. Talk about reinventing yourself!

Two-time Oscar winner **Jane Fonda**, riding high in the 13 episode Netflix series "Grace and Frankie," with **Lili Tomlin**, hits big screens again in the Italian made "Youth," which screened May 20 at Cannes, with **Michael Caine**, **Harvey Keitel** and **Rachel Weisz**, and will be followed by "Father and Daughters," with **Russell Crowe**, **Aaron Paul** and **Amanda Seyfried**.

Mel Gibson is filming the action-thriller "Blood Father," with "Shameless" star **William H. Macy**. Mel plays an ex-con hosting a celebration at a musical theater society that goes wrong when drug dealers come to kill his daughter. A musical theater society... really?

Novena to the BLESSED VIRGIN
(Never known to fail). O Most Beautiful Flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the sea, help me and show me here in, you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin, pray for us who have recourse to thee (3 times). Holy Mary, I place this cause in your hands (3 times). Say this prayer for three consecutive days. You must publish it and it will be granted to you. Grateful Thanks.

RV Survival Guide

So you've bought an RV and you're ready to take to the open road in 3 mpg increments. Due to the RV's sheer size and the amount of money invested in it, you're going to have a lot of questions and concerns your first couple of times out. That's why most people recommend you do a "dry run" in your driveway or local RV park. Here, are some more suggestions.

You need help

This should be self-evident. Most people never have problems with their RV, but when you consider what can go wrong with a car or truck, or a vacation home or boat, and combine them into one vehicle, you'll learn soon enough that stuff happens. And when it does you'll need special RV insurance, and that insurance should come with roadside assistance or else you'll have to pay for RV-specific roadside help — even if you have roadside assistance for your cars.

It also helps to have another set of eyes on board (and no, your dog or cat does not count). You'll need someone to help you back in and out of tight situations and to remind you of all the things you forgot to do before taking off.

Make a checklist

Like any good pilot, you need a checklist of things to do before taking off and landing at your site. There are apps for this and lists on the Internet, and they come in handy when you have about 20 things to shut off, like your water heater and

pumps. Also, you don't want to forget to lower your TV antenna before leaving the campsite, as they make terrible tree pruners.

Have a plan

Wanderlust can be a great thing, but you have to understand that you can no longer drive and/or park where you are used to driving and parking. You need to research RV-specific routes that take into account things like your propane tank and the size of your vehicle. You don't want to drive 20 miles down a dirt road in, say, West Virginia only to encounter a small bridge intended for 19th-century mule traffic, with no space to turn around. Also, you might want to check up on the site you plan on visiting. Good Sam is a RV resource online that offers trip planning and Frommer-like RV-park ratings.

Learn to love Walmart ... and baskets

One of the few places that will welcome an RV with open arms is Walmart, where you can park without hassle (something you cannot do in most municipalities) and stock up on supplies, as they have a whole row dedicated to RVs. Also they sell baskets, lots of them, which you'll need to put everything in because, remember, your house on wheels moves and things definitely will have shifted during the ride. Also, if you just got done camping, you are one of those people dressed weird in Walmart ... just saying.

Relax (or don't do it)

Take the slow road, and stop and see the world's largest ball of twine, have a sandwich at the beach and see the sights with your family and friends. Sure, it gets a little Outward Bound at times, but in the end, the memories are what you're really buying.

Salome's Stars

ARIES (March 21 to April 19) Choosing to work with someone you once thought might have been disloyal is a courageous move. The logical next step is to talk things out so there'll be no reason for raising suspicions again.

TAURUS (April 20 to May 20) Take your time making a decision about a personal or work-related relationship. New facts are still coming in, and you'll want to know the full story before you take a definitive step.

GEMINI (May 21 to June 20) Expect to learn something new about an old problem. This could provide some insight into how the problem began, and why it still defies efforts to find a resolution. Good luck.

CANCER (June 21 to July 22) An uneasy work-related relationship can be eased with compromises by both sides. The parties might consider putting the agreed-upon changes in writing in case of a future misunderstanding.

LEO (July 23 to August 22) Oh, you lucky Felines: Your romantic aspects are in absolutely purrrfect form. Don't be surprised at how especially attentive the ladies and gentlemen in your life are going to be this week.

VIRGO (August 23 to September 22) Looking to prove yourself in a difficult situation is laudable. But try paying more attention to advice from experienced contacts. It could help you avoid time-wasting missteps.

STEAK FRY: Club Frontenac, 1143 Main Street, West Warwick. Thursday, June 11, 5-8PM. Menu includes steak, potato, vegetable, salad, mushrooms, onions. \$14/person. 821-9846.

WORKSHOPS: Acoustic stringed instruments, 2nd & 4th Monday. Club Jogues, 184 Boston Street, Coventry. Bring your instrument & \$10. Call 487-3705.

LIBRA (September 23 to October 22) A business decision seems easy enough to make based on what you know. But this week could bring new facts to light, and you might have to do some heavy rethinking.

SCORPIO (October 23 to November 21) Feeling sure about the steps you expect to take is great. But you may need to share a few dollops of that confidence with those who have some doubts about your plans.

SAGITTARIUS (November 22 to December 21) A sense of well-being dominates much of the week. A slightly depressed mood could set in on the weekend. But being with family and friends helps shoo it away.

CAPRICORN (December 22 to January 19) You appear to be walking your life's path like the sure-footed Goat you are. But someone might feel you could do better. Listen to the advice, but make up your own mind.

AQUARIUS (January 20 to February 18) With positive signs growing stronger, Aquarians could find themselves facing choices that are each too good to turn down. Best advice: Go for the one you feel most comfortable with.

PISCES (February 19 to March 20) Someone you know might need your comfort and wisdom during a particularly difficult period. Your encouraging words help restore self-confidence and rebuild strength.

BORN THIS WEEK: Your kindness to all who need you is always appreciated and sets a fine example for others to follow.
