Prayer to the BLESSED VIRGIN

(Never known to fail). O Most Beautiful Flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the sea, help me and show me here in, you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin, pray for us who have recourse to thee (3 times.) Holy Mary, I place this cause in your hands (3 times). Say this prayer for three consecutive days. You must publish it and it will be granted to you. Grateful Thanks.

S.I.M.

Happiness does not depend on what happens outside of you but on what happens inside of you; it is measured by the spirit with which you meet the problems of life.

Prayer to St. Jude

Most holy Apostle, St. Jude, faithful servant and friend of Jesus, the church honors and invokes you universally, as the patron of hopeless cases, of things almost despaired of. Pray for me, I am so helpless and alone. Make use, I implore you, of that particular privilege given to you, to bring visible and speedy help where help is almost despaired of. Come to my assistance in this great need that I may receive the consolation and help of heaven in all my necessities, tribulations, and sufferings, particularly (your request) and that I may praise God with you and all the elect forever. I promise, O blessed St. Jude, to be ever mindful of this great favor, to always honor you as my special and powerful patron, and to gratefully encourage devotion to you. Amen.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

It is not how much we have, but how much we enjoy, that makes happiness.

—Charles Spurgeon

On Nov. 19, 1824, a flood on the Neva River near St. Petersburg, Russia, claims an estimated 10,000 lives after an ice jam broke apart and the water overwhelmed the city's dam. The surge was so powerful that several ships were thrown into the city's marketplace.

On Nov. 15, 1956, the movie "Love Me Tender," featuring Elvis Presley in his big-screen debut, premieres. Originally titled "The Reno Brothers," the movie was renamed after a song that Presley sings during the film.

On Nov. 17, 1968, the Oakland Raiders score two touchdowns in nine seconds to beat the New York Jets — and no one sees it. With just 65 seconds left to play, NBC switched off the game in favor of its previously scheduled programming, "Heidi," a children's movie about a young girl in the Alps.

On Nov. 14, 1970, a chartered jet carrying most of the Marshall University football team crashes in West Virginia. All 75 passengers were killed, including 37 football players, the coach, doctors, the athletic director and 25 team boosters.

On Nov. 13, 1982, the Vietnam Veterans Memorial is dedicated in Washington, D.C. The memorial is a simple V-shaped black-granite wall inscribed with the names of the 57,939 Americans who died in the conflict, arranged in order of death, not rank.

On Nov. 18, 1991, Muslim kidnappers in Lebanon free Terry Waite after more than four years of captivity. Waite, special envoy of the archbishop of Canterbury, had secured the release of detained missionaries before being captured himself. He spent most of the four years chained to a radiator.

On Nov. 16, 2001, "Harry Potter and the Sorcerer's Stone" opens in movie theaters. The film, which starred Daniel Radcliffe in the title role, went on to become one of the highest-grossing movies in history.

Open-Shop Electrical Contractors, Your Time is Now!

For the past several years IBEW Local 99 has been actively recruiting, testing and welcoming into our Local: Apprentices, Journeymen Wiremen, Tele-com Techs and Contractors.

That effort has been an amazing success. We now have a database of many unrepresented hard working men and women who will be coming in the Union. Many of these people currently work in parts of the industry that the IBEW has historically not been as prevalent in, such as Residential and Light commercial.

We are now looking to expand our recruitment of high quality and ethical open shop contractors that specialize in that type of work.

Discover the value IBEW can have for your company:

- You pay nothing to the Union to sign with us!
- Immediate access to indentured apprentices!
- 1-1000 qualified Men and Women available with a single phone call!
- IBEW quickly becoming the main source of manpower in the Northeast!
- Flexible rates for non-traditional work!
- Your partner in protecting the industry!
- The safest and most productive workforce in the industry!
- The undisputed best training facility and staff in the industry!
- Complete flexibility in Staffing!
- Access to General Contractors and Bidding Opportunities!
- Free Benefit Management!
- Contractor Training and Support!

We are looking for only the best in manpower and contractors. If you are a great contractor, we should be talking to you now. There are many very unsatisfied craftspeople looking for a better life who are available right now and ready to move to your company!

Hints For The Home

Have A Closet Makeover Party

(NAPSA)—Minneapolis young professional Anne Liebman knows leaving the house on time in the morning depends on the condition of her closet. "Your closet is your wardrobe workshop, and when you know what's where, you can start your morning routine without stress. Then you're in the right mind-set to tackle the day."

That's why you should take advantage of all available space, from the ceiling to the floor.

Get Organized
 Trouble getting started? Reserve a girls' weekend for a closet makeover party. On Saturday, team up with your girlfriend to inventory your wardrobe and install a new closet system. Return the favor at her house on Sunday.

For example, for under \$500, you can have a place for everything from sweaters to shoes with the ShelfTrack™ system from ClosetMaid®.

Simply install the do-it-yourself horizontal hang track, and the vertical standards, brackets and

Your closet is your wardrobe workshop and an organized one can put you in the right frame of mind to tackle the day.

shelves snap into place. The finished result—your own boutique where everything fits!

According to the fashion experts, your 15 essential wardrobe items should include:

- Black dress pants
- White button-down shirt
- Leather bomber jacket
- Multiseason trench coat
- Hot-mama bikini
- Big-enough workbag
- Everyday handbag
- Evening clutch
- Classic black tee
- Little black dress
- Soft cardigan
- Best-fitting jeans ever
- Pair of go-to black pumps
- Pair of classic flats
- Pair of party heels

Not Just Window Dressing: A Homeowner's Option For Becoming More Energy Efficient

(NAPSA)—A growing number of consumers are opting for products that save energy to cut household costs. In many of those cases, consumers are choosing to purchase products that were manufactured using recycled materials or renewable resources.

Running Hot And Cold
 The Department of Energy reports that heating and cooling accounts for nearly 56 percent of the energy use in a typical U.S. home, making it the largest energy expense in most households. One of the simplest ways to reduce your heating and cooling needs and costs is by using window treatments.

Window treatments have a number of insulating properties, which lead to reduced energy use in the home and lower energy bills. But it's important to consider all the available options, as some treatments are better at insulating than others are:

- During the summer, drawn window treatments prevent sunlight from warming cooled indoor air by blocking sunlight during afternoon hours.
- Conversely, during the winter, drawn or lowered window treatments prevent warmed indoor air from chilling against cold window glass.

Shop At Home
 Budget Blinds has window treatments for a variety of consumers, including those who want environmentally friendly options. And in a climate where busy homeowners have less and less time to shop, the company offers a convenient shopping experience right in the comfort of your home. Instead of shopping online or measuring, fitting and making

HINTS FOR HOMEOWNERS

What Every Homeowner Should Know About Window Replacement

by Lou Manfredini (NAPSA)—Replacing the windows in your home is a great way to increase both their energy efficiency and overall ease of use. But how should you choose the best replacement windows? Use these tips to determine the best replacement window for you.

Green
 One of the most important benefits of replacing your windows is that your home's energy efficiency will increase up to 70 percent. If you have old single-paned windows, today's modern double-paned windows will eliminate the need for storm windows. Also, look for windows that meet ENERGY STAR guidelines.

Material Strengths
 Replacement windows should be low maintenance, durable and continue to look good over time.

Consider getting wood-clad windows, since wood is a durable material and a renewable resource. Extruded aluminum cladding on the exterior means even less maintenance since cladding does not need to be scraped or painted.

Appearance and Design
 Whether you are replacing your windows to have a whole new look or want to replicate the look of historic wood windows, it is important to choose from a range of options.

One innovative replacement window that recently came out is the Ultimate Replacement Casement from Marvin Windows and Doors. Through the use of a commercial-grade hardware system, the Ultimate Replacement Case-

This new casement window has a unique wash mode to make window washing easy.

ment has a unique wash mode that allows homeowners to wash the exterior of the window from the inside of their home.

Reliability and Expertise
 With so many window manufacturers in the marketplace, how do you know whom to trust? Choose a window manufacturer that is well established and has an excellent reputation. Remember, selecting high-quality windows is key, but having the right people installing those new windows is an important consideration.

To learn more about replacing your windows and the new and innovative Ultimate Replacement Casement window from Marvin Windows and Doors, visit www.MarvinCasement.com or call (888) 537-8268.

Cutest Pet of the Week
November 7, 2017

“Salem”
 Salem is a very friendly and well trained Pitbull. She loves going for 5 mile runs on the bike path. When she is off leash she doesn't leave her mother's side (except to chase a squirrel or two). She even stops and waits before crossing the street. When she's not going for runs, you can find her playing fetch, swimming and taking naps
