Fun By The Numbers

Like puzzles?
Then you'll love
sudoku. This
mind-bending
puzzle will have
you hooked from
the moment you
square off, so
sharpen your
pencil and put
your sudoku
savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

'Tis The Season For Gingerbread Cookies

The holiday season is dominated by tradition. Families typically have their own unique traditions, but certain practices are so widely popular that they have become synonymous with the holiday season. Such is the case with certain foods, including gingerbread cookies. Gingerbread cookies can be enjoyed year-round, but many people only enjoy this tasty treat during the holiday season. For those who can't wait to indulge in gingerbread cookies this year, consider this recipe for "Soft Glazed Gingerbread" from Elisabeth M. Prueitt and Chad Robertson's "Tartine" (Chronicle Books).

Soft Glazed Gingerbread
Yields 12 to 20 cookies

- Dough**
- 3 3/4 cups all-purpose flour
 - 1 tablespoon cocoa powder
 - 4 teaspoons ground ginger
 - 1 1/2 teaspoons ground cloves
 - 2 teaspoons ground cinnamon
 - 1/2 teaspoon baking soda
 - 1 teaspoon salt
 - 1 1/4 teaspoon freshly ground black pepper
 - 1 cup unsalted butter, at room temperature
 - 3/4 cup plus 2 tablespoons granulated sugar
 - 1 large egg
 - 1/2 cup blackstrap or other dark molasses
 - 2 tablespoons light corn syrup

- Glaze**
- 1 cup confectioners' sugar
 - 2 tablespoons water

To make the dough, stir together the flour, cocoa powder, ginger, cloves, cinnamon, baking soda, salt, and pepper in a mixing bowl. Set aside. Using a stand mixer fitted with the paddle attachment, beat the butter on medium-high speed until

creamy. Slowly add the granulated sugar and mix on medium speed until the mixture is completely smooth and soft. Stop the mixer and scrape down the sides of the bowl with a rubber spatula as needed. Add the egg and mix well.

Add the molasses and corn syrup and beat until incorporated. Stop the mixer again and scrape down the sides of the bowl. Add the flour mixture and beat on low speed until a dough forms that pulls away from the sides of the bowl and all the ingredients are well incorporated. Remove the dough from the bowl, flatten it on a large piece of plastic wrap into a rectangle about 1 inch thick, cover the dough with the plastic wrap, and refrigerate overnight.

Preheat the oven to 350 F. Line a baking sheet with parchment paper on a nonstick liner. Unwrap the dough and place on a floured work surface. If using a plaque with a design, roll out the dough 1/3-inch thick, lightly dust the top with flour, press your cookie molds over the dough, and then cut out the shapes with a small knife and place on the prepared baking sheet, spacing them about 1 inch apart. Alternatively, using the mold as a guide, cut around it with a small knife, flip the mold over so the design is facing you, and place the dough over it, pressing it into the design. Unmold the shapes onto the prepared baking sheet, leaving about 1 inch between them.

If using a patterned rolling pin, lightly dust the lined baking sheet with flour and transfer the dough to the pan. Lightly dust the top of the dough with flour and roll it into a rectangle about 1/3-inch thick with a plain pin. Then, using the patterned pin, roll over the dough with enough

pressure to ensure a clear impression of the design. Trim the sides with a small knife. It is not necessary to cut into smaller sizes before baking. Bake the cookies until lightly golden along the sides but still soft to the touch in the centers, 7 to 15 minutes. The timing will depend on the size of the individual cookies, or if you have made a single large patterned piece that will be cut after baking.

While the cookies are baking, prepare the glaze. In a small bowl, whisk together the confectioners' sugar and water until smooth. When the cookies are ready, remove from the oven and let cool in the pan on a wire rack for about 10 minutes. Then, while the cookies are still warm, using even strokes, brush a light coat of glaze on the top of each cookie, evenly covering it. Let the cookies cool completely. When the glaze dries, it should leave a shiny, opaque finish. If you have used a patterned pin to make a single large plaque, cut into the desired sizes with a small, very sharp knife. The cookies will keep in an airtight container in a cool place for about 2 weeks. They do not freeze well, however, as the glaze becomes watery when they are thawed.

COOPER WEATHER-MASTER ST2
Tri-Polymer Blend Tread Compound
Specially formulated for excellent winter traction while maintaining wet and dry performance and treadwear.

Enhanced Studded Performance
A new stud pin hole design improves stud retention and the number has been increased allowing for the use of a greater number of studs for better traction on ice. The stud size is conveniently molded into the sidewall for easy reference.

Computer-Optimized Random Pitch Sequence
The tread pitch sequence has been computer-optimized to reduce tread related tire noise for increased riding comfort.

M&S Rated
Meets RMA severe snow definition.

How constantly we think of you,
With hearts and eyes that fill,
The love in life we had for you,
In death grows stronger still.
Let the winds of love blow softly
And whisper to you to hear,
We love and miss you sadly, as
It dawns another year.
