## The IBEW is growing and you are invited!!

Response to our recent advertisements has been terrific! We have welcomed some new contractors into our family and are continually interviewing new membership prospects.

Our new contractors are not only looking for **Qualified Electricians** but also more **Solar Electricians and Tele-Communication Technicians** to staff upcoming projects.

One of the greatest benefits of the Electrical Union is the ability for our members to retire with dignity. Retirement of our well seasoned members provides fantastic opportunities for **Electricians of Foreman and General Foreman qualifications**. If you are an un-represented "lead" electrician, then we should be talking about your future.

We are also always looking for **Quality Open Shop Electrical Contractors** looking to grow with us. It does not matter if you have just 1 electrician or 1000, we have opportunities for everyone!

The IBEW has been successfully training crews for our contractors since Edison and Tesla were young men. For 125 years our signatory contractors have come to the IBEW to hire the highest quality electricians in the industry. We continue today, working in a mutually beneficial partnership with our contractors to offer the best value in the industry to our valued customers.

Appointments made 7 days a week, in our home or yours!

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

### SEWING PROJECT TO HELP FOSTER KIDS IN RI

Organizers of The Sewing Project to Help Foster Kids are looking for volunteers to sew kid-friendly pillowcase bags for foster children. When a child is taken from a home that has been deemed unsafe by DCYF (Dept. of Children, Youth & Families), the child may take only a small amount of toys, clothes, and personal belongings. Many times, DCYF workers just don't have enough suitcases to use, so when a child arrives at a Crisis Center, Group Home or Foster Home, many times they arrive with literally 1 or 2 large black trash bags full of personal items. Let's change that! This is an ongoing project. Work at your own pace. For more information, contact Hollie at 385-9876 or holliegal@verizon.net

THE HISTORY CHANNEL

• On Dec. 11, 1918, author Alexander Solzhenitsyn is born in the Caucasus Mountains in Russia. The publication of parts of "The Gulag Archipelago" in Paris in 1973 led to Solzhenitsyn's arrest and exile in 1974.

• On Dec. 10, 1901, the first Nobel Prizes are awarded in Stockholm, Sweden, as Alfred Nobel, the Swedish inventor of dynamite, had directed in his will. It is believed that he did so out of moral regret over the increasingly lethal uses of his inventions in war.

• On Dec. 9, 1921, General Motors engineers discover that leaded gas reduces "knock" in auto engines, eliminating the pinging sounds. Ethyl alcohol also worked, and it was cheap — however, anyone with an ordinary still could make it, which meant that GM could not patent it or profit from it.

• On Dec. 7, 1941, hundreds of Japanese warplanes attack the U.S. naval base at Pearl Harbor, Hawaii, killing more than 2,400 naval and military personnel. The U.S. declared war against Japan the following day.

• On Dec. 12, 1980, American oil tycoon Armand Hammer pays \$5 million at auction for a notebook containing writings by Leonardo da Vinci. In 1994, the book was sold to Bill Gates, founder of Microsoft, for \$30.8 million. Gates has since loaned the manuscript to a number of museums for public display.

• On Dec. 8, 1993, the North American Free Trade Agreement (NAFTA) is signed into law by President Bill Clinton. NAFTA eliminated all tariffs and trade restrictions between the U.S., Canada and Mexico.

• On Dec. 13, 2003, in Seattle, the iconic Hat 'n' Boots Tex Gas Station is hauled away for restoration. The 44-foot-wide Stetson hat had perched atop the filling station's office, while the 22-foot-tall cowboy boots had housed the men's and women's restrooms since 1955.

### Can Heart Surgery Cause Hot Flashes?

**DEAR DR. ROACH:** I have had hot flashes, similar to those experienced by post-menopausal women, ever since my coronary bypass in 1990. I can be sitting quietly in a chair reading or at my computer, and suddenly I find myself dripping with perspiration. I also have had panic attacks, with increased heart rate and other physical symptoms. A few years ago, a 24-hour EKG showed heart-rhythm irregularities and that my heart stopped briefly while asleep.

If these idiosyncrasies of my autonomic nervous system are a consequence of my time on the heart-lung machine for the bypass, I'm not complaining — just curious. You said that studies have been done on almost everything. Is this one? — *W.S.B.*

**ANSWER:** I found that a lot of people complain of similar symptoms. I also found that, indeed, the autonomic nervous system (the part of the nervous system that regulates temperature, sweat, blood pressure and many other critical aspects of body function without our being consciously aware of it) can be adversely affected by cardiac surgery. Some authors have suggested that the autonomic nervous system changes are one mechanism by which people are more likely to have depression after cardiac surgery. I found several possible explanations why the ANS changes with bypass surgery, but no clear consensus.

I would want to be sure that there are no other causes of these symptoms. It sounds like you have had an extensive evaluation, but I certainly would be concerned about a sudden fast heart

rhythm, such as atrial fibrillation. The booklet on abnormal heart rhythms explains atrial fibrillation and the more common heart rhythm disturbances in greater detail. Readers can obtain a copy by writing: Dr. Roach — No. 107W, 628 Virginia Drive, Orlando, FL 32803. Enclose a check or money order (no cash) for \$4.75 U.S./\$6. Canada with the recipient's printed name and address. Please allow four weeks for delivery.

\*\*\*  
**DEAR DR. ROACH:** Can you explain the condition known as "stone shoulder"? I am a man, 67 years old, and I believe I have it. I spent 45 years as a TV news photographer, handling heavy cameras, tripods, etc. — *B.J.*

**ANSWER:** "Stone shoulder" is a new one for me. Maybe you mean frozen shoulder, a condition also called "adhesive capsulitis." It's not a strictly accurate term, since the loss of movement the name implies is gradual. It starts with shoulder pain, often worse at night, lasting for months. Stiffness develops, and then the loss of shoulder movement can be severe. A careful physical exam by a regular doctor, a rheumatologist or sports medicine doctor, or an orthopedic surgeon can make the diagnosis. Often, the doctor will inject a steroid and anesthetic into the shoulder: The pain relief and improved movement within a minute make the diagnosis. I refer patients to physical therapy for a gradually increasing exercise regimen. Sometimes, additional injections are necessary.

In your case, I would worry about a rotator cuff tear or inflammation, which you also might have acquired while doing your job. A careful exam usually can distinguish these. Occasionally, an MRI is required.

**Prayer to St. Jude**  
 Most holy Apostle, St. Jude, faithful servant and friend of Jesus, the church honors and invokes you universally, as the patron of hopeless cases, of things almost despaired of. Pray for me, I am so helpless and alone. Make use, I implore you, of that particular privilege given to you, to bring visible and speedy help where help is almost despaired of. Come to my assistance in this great need that I may receive the consolation and help of heaven in all my necessities, tribulations, and sufferings, particularly (your request) and that I may praise God with you and all the elect forever. I promise, O blessed St. Jude, to be ever mindful of this great favor, to always honor you as my special and powerful patron, and to gratefully encourage devotion to you. Amen.

**Hints For Homeowners**

**Eight Ways To Increase The Value Of Your Home**

(NAPSA)—Making your home more attractive to prospective buyers can be easier and less expensive than many realize—if you heed these eight suggestions from the real estate listings experts at Trulia:

- 1. Look to your landscaping.** Just a few hundred dollars on grass seed or replacement sod, new flowers, bushes or trees, a weekend and a little effort can improve a house's curb appeal.
- 2. Help your home clean up nicely.** Give the exterior a thorough scrubdown, including screens, windows and gutters. Pressure wash the walks and driveway. Inside, steam clean the carpets, wash or wax laminate, hardwood or linoleum, and clean the grout on tile walls and floors.
- 3. Give the trim a treat.** Paint just the trim and front door, two items that buyers' eyes are naturally drawn to when driving by your places.
- 4. Change the caulk around the plumbing fixtures.** Over time, caulk, the silicone that protects surfaces from water seepage, can discolor, tear or degrade. Stripping this material out and replacing it with a fresh bead of silicone can improve both bathrooms and kitchens.
- 5. Be clever: declutter.** A house full of furniture, clothing, collections, exercise equipment and memorabilia can look much smaller than its actual size. Have a garage sale,

rent a storage unit, or start making trips to the landfill to whittle down your home's contents.

**6. Fix the small things.** Replace burnt-out lightbulbs, fix holes in doors or walls, grease squeaky cabinets or doors, fix leaks and change the air filters.

**7. Update lighting fixtures.** It's a bright idea that doesn't have to cost a fortune. Just change a few, especially if they look dated. See if the exterior garage lights, bathroom lights or bedroom lights in particular are good candidates for a change.

**8. Refresh your kitchen and bath.** Consumer Reports estimates you can increase your home's value by as much as 7 percent by renovating these rooms. Choose a neutral palette to increase the appeal to as many tastes as possible.

**Beverage Set**  
**Q.** I have a seven-piece beverage set in pink: a pitcher with six goblets in the "Tea Room" pattern. I have examined it carefully, and I think it is in near perfect condition. It is not a reproduction and has been in my family since the 1940s. I have been offered \$100 for the set, but thought I would check with you before I agree to the sale. — *Betty, Ogden, Utah*

**A.** The "Tea Room" pattern is popular and desirable. It was introduced in 1926 by the Indiana Glass Company of Dunkirk, Indiana, and production continued until 1931. The pattern was issued in four colors: amber, crystal, green and pink. According to Warman's Depression Glass: A Value and Identification Guide by Ellen T. Schroy, your pink pitcher is worth about \$135 and the goblets about \$65 each. The offer you received is about \$400 short of the set's value, per Ellen T. Schroy, an expert in antique glassware who has written several guides.

**Q.** Although I am not a serious collector, I enjoy going to estate sales and occasionally buy an item or two. Can you recommend a good general price guide that you trust? I am especially interested in kitchenware, glass, toys and jewelry. — *Connie, San Diego*

**A.** There are dozens of price guides available, but one I find most helpful is The Antique Trader Antiques & Collectibles price guide edited by Eric Bradley and published by Krause Books. The 32nd edition has just been published, and the cover price of \$22.99 is a bargain. This easy to use guide is the No. 1 selling reference of its kind and features more than 4,300 illustrations in full color. Although values can vary from region to region, this guide accurately reflects the antique and collectible marketplace.

**Q.** Is there a market for Reader's Digest condensed books? I have several dozen, mostly from the 1960s. — *Hal, Dalhart, Texas*

**A.** There doesn't seem to be. Most of the ones I've seen at garage sales and flea markets have been priced at about a dollar each. Even at that low price there isn't much interest. You might donate your collection to a charity.

*Write to Larry Cox in care of KFWS, 628 Virginia Drive, Orlando, FL 32803, or send e-mail to questionsforcox@aol.com. Due to the large volume of mail he receives, Mr. Cox cannot personally answer all reader questions, nor does he do appraisals. Do not send any materials requiring return mail.*

• Candles will burn more evenly if you refrigerate them for a few hours before lighting.

• "To make your drains fresh-smelling, shake a half-cup of baking soda into the drain. Then pour 2 cups of vinegar that you have warmed on the stove. It will froth and bubble. When it's done, run the hot water and give it a little scrub." — R.C. in Idaho

• Visit the dollar store for low-cost toys to use on car or airplane trips. You can get several busy toys and dole them out one at a time. Most parents will attest to what a lifesaver this can be.

• "When planning to visit my hometown for the holidays, I set aside a few hours to take the kids to the park or a nice playground. Then I message all my old friends and classmates with kids (Facebook is great for this) a few weeks ahead of time and let them know when I will be there. It's great to catch up while the kids play, and even if no one shows up, we still have a fun break." — F.L. in California

• Cookie sheets make great temporary mud and moisture trays for dirty shoes. Stash one at the entry to your home, and you will have less dirt tracked across your floors.

• "Keep knitting yarn in check with empty tissue boxes. Set your yarn ball inside the box, and let the string lead out of the top. When not in use, tape the string to the side of the box. Boxes can be stacked and stored for future projects." — C.W. in Indiana
