# FREE TOOL FOR MAKING MONEY

WATCH THE FREE INFORMATIVE VIDEO

**www.RICHMONEYRICH.com**

Durocher, he had a pretty unremarkable career as a player. He was a nice guy who famously wore suits in the dugout as manager. He didn't have a catchphrase, he had a "Code of Conduct" that he passed out to his players. It read as such:

1. I will always play the game to the best of my ability.
2. I will always play to win, but if I lose, I will not look for an excuse to detract from my opponent's victory.
3. I will never take an unfair advantage in order to win.
4. I will always abide by the rules of the game — on the diamond and in my daily life.
5. I will always conduct myself as a true sportsman — on and off the playing field.
6. I will always strive for the good of the entire team rather than for my own glory.
7. I will never gloat in victory or pity myself in defeat.
8. I will always do my utmost to keep myself clean — physically, mentally and morally.
9. I will always judge a teammate or an opponent as an individual, and never on the basis of race or religion.

I give Connie Mack credit for stopping at nine. Also, give credit to Connie for having the guts to say those things during a time when the game was a sloppy, tobacco-spitting, drunken circus rife with segregation. Maybe Durocher was onto something though ... after all, Connie Mack lost more games than any other manager, finished last more than any other manager.

Ah, but Mack also won the most games. He managed 53 years, won nine pennants and five World Series. He's in the same Hall as the other guy. Alas, he has no catchphrase ... you decide who was wise.

## Good Housekeeping

### Fresh Blueberry Pie

The combination of cooked and raw berries give this pie a wonderful texture.

*1 1/4 cups whole milk*  
*2 egg yolks, beaten*  
*1/4 cup plus 2/3 cup sugar*  
*5 tablespoons cornstarch*  
*1/2 teaspoon vanilla extract*  
*2 tablespoons butter*  
*4 cups blueberries*  
*1 tablespoon lemon juice*  
*1 deep-dish pie shell (9-inch), baked and cooled*

1. In 2-quart saucepan, mix milk, yolks, 1/4 cup sugar and 2 tablespoons cornstarch. Cook over medium heat until mixture boils and thickens, stirring. Stir in vanilla and 1 tablespoon butter. Transfer custard to shallow dish; cover surface with plastic wrap. Refrigerate 2 hours.
2. Meanwhile, in 3-quart saucepan, stir 1 cup berries with 2/3 cup sugar, 3 tablespoons cornstarch, and 1 cup water. Heat to boiling over high heat. Cook 2 minutes to thicken, stirring. Stir in lemon juice and 1 tablespoon butter. Cool. Stir in remaining berries.
3. Spread custard in pie shell; top with berry mixture. Refrigerate at least 3 hours to set. Makes about 10 servings.

**Thanksgiving Novena to ST. JUDE**  
 O Holy St. Jude Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ. Faithful intercessor of all who invoke this special patronage in time of need. To you I have recourse from the depth of my heart and humbly beg you, to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known and cause you to be invoked. Say three Our Fathers, three Hail Marys and three Glory Be's. Publication must be promised. St Jude pray for us and all who invoke your aid. Amen. This novena has never been known to fail. It helped me. Thank you St. Jude for answering my prayers.

**Prayer to the BLESSED VIRGIN**  
 (Never known to fail). O Most Beautiful Flower of Mt. Carmel, Fruitful Vine, Splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the sea, help me and show me here in, you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin, pray for us who have recourse to thee (3 times.) Holy Mary, I place this cause in your hands (3 times). Say this prayer for three consecutive days. You must publish it and it will be granted to you. Grateful Thanks.

**Collecting**  
 by Larry Cox

**Mustache Cup**

**Q.** I have a mustache cup of white ironstone trimmed in gold. I paid \$45 for it. Are they collectible, and did I get a good deal? — *Jim, Topeka, Kansas*

**A.** Mustache cups were popular throughout the Victorian-era, when facial hair on men was the style. These cups had a ledge inside the rim that kept liquids away from the upper lip hair to keep it tidy and prevent mustache wax from melting. A small opening allowed liquids to pass through.

Most mustache cups I've seen in shops and at antique malls have been priced in the \$25 to \$45 range. Some of the more ornate ones sell above \$45. I have had a mustache for the better part of four decades and have a small collection of the cups. I use one every morning, and it is one of my little pleasures in life.

**Q.** My sister bought a piece of Pyrex from a dealer who told her it was from the 1930s. I always thought Pyrex was from the 1950s. Can you clarify this for me? — *Mike, Alamo Heights, Texas*

**A.** Pyrex was developed in 1912 to resist the heat shock that caused railway brakemen's lanterns to crack or break when exposed to the elements.

The term Pyrex came to describe most heat-resistance glass used in the home. It was first made by the Corning Glass Works and its licensees. David J. Shotwell, author of "Glass A to Z," points out that Pyrex is made with borax and is technically a borosilicate glass.

**Q.** I was a fan of The Beatles during the 1960s and '70s. I have a lunchbox with thermos made by Aladdin. I have been told it could be worth quite a bit. — *Terry, Metairie, Louisiana*

**A.** Your lunchbox was manufactured in 1965, and in reasonable condition could be worth about \$500. Incidentally, The Beatles first appeared on American network television in 1964, the year before your lunchbox was made. The group disbanded in 1971. John Lennon was murdered outside his New York City home in 1980, and George Harrison died in 2001. Ringo Starr and Paul McCartney still perform.

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

- To which conflict does Peter, Paul and Mary's "Cruel War" refer?
- Which group released "Everybody Loves a Clown"?
- Name the song with the misheard lyric, "I hit my head kinda hard on the dance floor."
- Who penned and released "Orchard Road"?
- Name the song that contains this lyric: "Look around you, all you see are sympathetic eyes. Stroll around the grounds until you feel at home."

#### Answers

- Most likely the Civil War, with the female singer saying she'll dress as a man and sign up to fight to be near her love.
- Gary Lewis & the Playboys, in 1965. It was used in an episode of "The Simpsons" in 1992.
- "Telephone," by Lady Gaga. The correct lyric is, "I left my head and my heart on the dance floor."
- Leo Sayer, in 1983. The song was based on an all-night phone booth call to his estranged wife.
- "Mrs. Robinson" by Simon & Garfunkel in 1968. The duo had been asked to create a few songs for the coming film "The Graduate." At the time they were working on a song tentatively titled "Mrs. Roosevelt" and changed the name.

Abigail Spencer

**Q**—I just watched "This Is Where I Leave You" on HBO, and I absolutely loved it. The story and the cast were superb. Can you tell me about the actress who played Quinn, Jason Bateman's wife? I think I've seen her before. —DeeDee T., via email

**A**—Abigail Spencer, who plays Jason Bateman's philandering wife in the adult coming-of-age movie (from the book of the same name), has acted in tons of stuff. Most recently she co-starred in the Sundance drama "Rectify," and starting June 21, she's featured in the hit HBO series "True Detective." I spoke with Abigail recently about both gigs, and she's so excited for fans to see her in these roles.

Regarding "True Detective": "It was a really great experience. The acting is just wonderful. Colin Farrell is so amazing. I think people are going to be blown away, particularly by his performance on the show. I think everybody is great, but I work mostly with Colin." And she's super-psyched for "Rectify," which begins its third season July 9. "We left off with Amanda's brother, Daniel, having this very strange confession, or re-confession. And (my character) Amantha wanted to clear his name. When Daniel says, 'I just want it to be done,' that is heartbreaking for her.

"I'm amazed with the actors and writers and the complexity of human beings lives and celebrating it. The show is about celebrating life. About living again and about living your life and understanding who you are."

**Q**—I read your column every week, and I need to ask you about my favorite matinee idol, Shirley Temple. My local newspaper ran something about an exhibit and an auction that I was hoping you could tell me more about. —Janice F., Louisville, Kentucky

**A**—The traveling museum exhibition, entitled "Love, Shirley Temple," has visited select cities from New York to California and will culminate with an auction of hundreds of her personal items at the historic Little Theatre in Kansas City, Missouri, on

July 14. You can still catch the exhibition June 20-27 in Fort Worth, Texas, and July 3-8 at the Frazier Museum in your hometown of Louisville. You can order the commemorative hardbound auction book at theriults.com.

**Hints For Homeowners**

**Five Energy-Efficient Interior Design Tips**

(NAPS)—While most people know that energy efficiency is an important consideration when purchasing appliances or mechanical systems for the home, you may care to consider how your interior design choices can also affect energy efficiency.

Try these five tips to help reduce your home's carbon footprint and save even more on your utility bills:

- **Furnishings:** Your selection and placement of furnishings can change how warm or cool a room feels. Furniture features such as high backs or fabric skirts can help reduce drafts. Throw blankets can introduce a fun color or print while reducing the need for heating.
- **Flooring:** If you have hard flooring such as hardwood, stained concrete, laminate or the like, as opposed to carpeting, adding or subtracting area rugs can help the room feel warmer or cooler. In addition, be careful about where you position pieces so you don't block air vents. You can also get vent deflectors to redirect the air as it comes out.
- **Lighting:** If you've been holding off on switching to more efficient lightbulbs because you don't care for the quality of light they give off, take another look at what's available. Newer LED and compact fluorescent bulbs are getting closer to the warm light of incandescents and their energy savings are hard to beat.
- **Fans:** As you're evaluating your lighting fixtures, consider if you can incorporate a ceiling fan with an integrated light into any room. Fans aren't just for hot weather—those with a reversible setting can be switched to turn clockwise

**COVENTRY MEN'S CLUB STEAK FRY**

The Coventry Men's Club, Phillips Hill Road, Coventry, will hold a Steak Fry & Chicken Dinner on June 19 at 7PM. Live music will follow. Steak Dinner \$15, Chicken Dinner \$12. Reservations MUST be made by June 17 by calling 385-3536.

To maximize the energy efficiency of your home, consider a window film that is designed to let light in while keeping heat out.

in the winter, so they recirculate warm air that has risen to the ceiling, which may also help to reduce heating bills.

- **Windows:** Draperies can sometimes block views to the outdoors as well as deter the natural light from coming in. A newer alternative can be 3M Sun Control Window Film, which is designed to let light in while keeping heat out. To determine how much this could save on your air conditioner use, try the Cooling Savings Calculator at [www.3M.com/InteriorDesign](http://www.3M.com/InteriorDesign).

In addition to rejecting heat, window films can help keep sunlight from fading carpets and furnishings. They're even available in versions that don't change the look of your windows or your home, so you can maintain both clear views to the outside and the curb appeal of your house.

The right energy-efficient upgrades can not only help save you money in the short term, they can increase the resale value of your house, so you may want to start thinking about changes you can make today.

**HOLLYWOOD**  
 by Tony Rizzo

**HOLLYWOOD** — Chris Pratt is poised for superstardom. We first noticed him in 2009 on "Parks and Recreation" as Andy Dwyer (a slightly overweight comic who was very funny). Unlike most series actors who are too busy to take on film work because of the demands of a weekly show, Pratt started doing one film a year. He did "Moneyball" in 2011, "Zero Dark Thirty" in 2012 and "Her" in 2013. In 2014 he did double-duty: first, "The Lego Movie," which cost \$60 million and grossed \$469 million, and the Lego Movie Video Game, followed by the blockbuster film "Guardians of the Galaxy," which cost \$196 million and took in \$774 million.

As soon as he'd completed 117 episodes of "Parks and Recreation," he jumped into the \$180 million epic "Jurassic World," hitting screens June 12, a sure-fire instant classic. But Pratt won't stop to rest. As soon as he completes the publicity tour for "Jurassic World," he'll jump right into the remake of "The Magnificent Seven," with Denzel Washington, Ethan Hawke, Vincent D'Onofrio, Matt Bomer and Peter Sarsgaard, due out January 2017.

\*\*\*

Another budding superstar is Michael Fassbender. Some of his best films have been "X-Men: First Class" (2011), "Prometheus" (2012), "12 Years a Slave" (2013), for which he received a best-actor Oscar nomination, and "X-Men: Days of Future Past" (2014). His critically acclaimed "Slow West" was screened at The Sundance Film Festival in January, had a limited theatrical release and then went Direct TV. Director Terrance Malick's "Weightless" started filming in 2011 with Fassbender and co-stars Ryan Gosling, Christian Bale, Cate Blanchett and Natalie Portman, and is still awaiting distribution.

"Macbeth," with Marion Cotillard, will hit Oct. 2, followed by the British crime drama "Trespass Against

Chris Pratt

Us," with Brendan Gleeson, and the drama "The Light Between Oceans," with Rachel Weisz. Both are awaiting release dates. Fassbender stars in the title role in "Steve Jobs," directed by "Slumdog Millionaire" Oscar-winning director Danny Boyle, with Kate Winslet and Seth Rogan, due Oct. 9. Next year will bring "X-Men: Apocalypse," with James McAvoy, Jennifer Lawrence, Nicholas Hoult and Channing Tatum on May 26, followed by "Assassins Creed," with Marion Cotillard, in December 2016.

\*\*\*

Meryl Streep has "Ricki and the Flash" with Kevin Kline, Mamie Gummer (her daughter) and xv with Helena Bonham Carter, Carey Mulligan and Ben Whishaw, out Sept. 11 in England, where she is currently shooting "Florence Foster Jenkins," with Simon Helberg ("Big Bang Theory") and Hugh Grant. Meryl plays a real-life New York heiress who dreams of becoming an opera singer despite the inability to carry a tune. Meryl Streep singing off key? Now, that's real acting!

 THE HISTORY CHANNEL

- On June 26, 1807, lightning hits a gunpowder factory in Luxembourg, sparking an explosion that kills more than 300 people and levels two entire blocks.
- On June 22, 1944, President Franklin Roosevelt signs the G.I. Bill, designed to compensate returning armed services members for their efforts in World War II. FDR hoped to avoid a relapse of the Great Depression following World War I.
- On June 25, 1950, an American soccer team composed largely of amateurs stuns England 1-0 at the World Cup. The hastily assembled U.S. team included a dishwasher, two mailmen, a teacher and a mill worker.
- On June 28, 1965, in the first major offensive of the Vietnam War, 3,000 troops of the U.S. 173rd Airborne Brigade assault a jungle area near Saigon. The operation was called off after three days when it failed to make contact with the enemy.
- On June 23, 1973, President Richard Nixon's adviser H.R. Haldeman tells the president to pressure the head of the FBI to stay the out of the Watergate burglary investigation — in essence, to obstruct justice. The taped conversation eventually brought the down the Nixon administration and led to his resignation.
- On June 27, 1985, after 59 years, officials vote to decertify the iconic Route 66 and to remove all its highway signs. Measuring 2,200 miles, the "Mother Road" stretched from Chicago to Santa Monica, California, passing through eight states.
- On June 24, 1997, U.S. Air Force officials release a 231-page report dismissing claims of an alien spacecraft crash in Roswell, New Mexico, in 1947. The document stated that the "bodies" recovered were not aliens but dummies used in parachute tests.

### Decorating Trends

#### Spring Refresh: Add Some Color Into Your Home With 2015 Trend Colors

(NAPS)—Spring is a time for renewal and rejuvenation. Why not bring this feeling into your home with a spring refresh? Paint is the most impactful way to re-vamp or add life to a room. Whether you're looking for a barely-there whisper of color or a bold combination of vibrant hues, a fresh coat of paint can dramatically transform your space.

Refresh your walls this spring with Pratt & Lambert's 2015 color trends.

Not sure where to start? Here are the four color trend palettes from Pratt & Lambert's 2015 Color Forecast, Origins. These are the colors that are making the biggest impact this year:

1. **Elemental** This trend includes delicate, brittle icicle hues, accented by strokes of slate and stone. The palette, which includes colors like Victoria Blue 23-15 and Snow Goose 23-1, is frozen and fractured, founded on the Earth's darkest elements and the atmosphere's coldest impartiality. One moment it can seem aloof and the next, intimate, which makes these soothing tones top choices for bedrooms and bathrooms.

happen in a global melting pot of imagination. This palette can liven up a child's bedroom, warm up a kitchen and lift up a mudroom or laundry room.

4. **Terra** This palette features harmonious hues from the softer side of nature, designed to bring the outside into the home with easy spaces, organic colors and natural materials. Colors like Osprey 26-29 or Moss Stone 18-19 are perfect for your bathroom, kitchen, enclosed porch or front hall—and you may find this palette just right for your bedroom as well.

You can find these colors and more represented within the Pratt & Lambert color palette.

2. **Chronicles** This palette speaks in bold and modern tones, deepened with a patina of age and accented with opulence. Choose colors like Noir 24-16 or Inca Gold 13-14 for your living room, dining room and foyer to bring a sense of drama and paint a story on your walls.

Try these colors in Pratt & Lambert Accolade® Interior Paint + Primer. As Pratt & Lambert's finest interior paint, this rich, luxurious coating is formulated to go on smoothly for a beautiful, stunning finish. With exceptional durability, Accolade is washable and scrubbable, and looks new for years.

3. **Cadence** This trend is represented in a palette that's rhythmic and energetic. These hues know no convention, as unexpected pairings, like Serpentine 16-13 and Starless Night 27-14,

**A Sporting view** by Mark Vasto  
 Here's to the Losers  
 There used to be a baseball player and manager named Leo Durocher. He was a tough guy — small in size, but large and skilled in matters involving the fist — and he had the mouth to match. They called him "The Lip," because that's what he was always giving people he interacted with.  
 He was a member of the Yankees' World Series-winning "Murderer's Row" and the Cardinals' "Gas-house Gang," and he managed "Dem Bums" out of Brooklyn and the Giants out of the Polo Grounds. He's one of the winningest managers in baseball history, and there's a plaque with his name on it in Cooperstown.  
 Chances are you never heard of the guy ... but you've heard his catchphrase: "Nice guys finish last."  
 It has been said that Durocher made that remark in a passive, casual way and not the sneering, cutting way the phrase has often been presented over the years. Talking to one of his ballplayers, he pointed at the Giants taking batting practice, being courteous and nice to people, and he made the observation that they were in last place. "Nice guys. Finish last."  
 Over the years, like anyone with a catchphrase, he attempted to build off it ... how he would trip his own mother if she was rounding third in a tie ball game in order to win. Sixty years later, Leo's phrase remains for those who believe in winning at all costs.  
 A guy named Connie Mack made a living out of baseball, too. Unlike

**Safety In The Home**  
**Protect Your Family Three Ways**  
 (NAPS)—A few simple steps can help reduce the risk that your loved ones will be injured in your house.  
**1. Be sure your home is adequately protected by smoke alarms.** Smoke alarms should be installed in every bedroom, outside each sleeping area and on every level of the home. For the best protection, smoke alarms should be interconnected, so that they all sound if one sounds. You can now interconnect battery-operated alarms by wireless technology.  
 Combination devices that include both ionization and photoelectric alarms offer the most comprehensive protection. An ionization alarm is more responsive to flames, while a photoelectric alarm is more responsive to a smoldering fire.  
 Once the alarms are installed properly, be sure to test them monthly and replace the batteries once a year or anytime an alarm "chirps" or "beeps" to indicate low batteries. In any case, smoke alarms should be replaced every 10 years.  
**2. Childproof.** If children live in or visit your house, you should know that every day, nearly seven youngsters are treated in hospital emergency rooms for electrical shock or burn injuries caused by tampering with a wall outlet. Fortunately, tamper-resistant receptacles (TRRs) can replace standard outlets to protect children from injury. They include a built-in shutter system that keeps foreign objects out. When equal pressure is applied simultaneously to both sides, the receptacle cover plates open, so a standard plug can make contact with the receptacle contact points. Without this synchronized pressure, the cover plates remain closed.  
**3. Give your home a check-up.** To reduce your risk, your outlets, extension cords, appliances and light-bulbs all need to be safely inspected, installed, utilized and maintained.  
**Learn How**  
 To help you identify and remedy any electrical hazards in your home, the Electrical Safety Foundation International has a variety of resources that can show you how to protect your home and loved ones. Visit [www.esfi.org](http://www.esfi.org) to view and download these materials free of charge.

**I wasn't looking for a discount funeral. I was looking for an affordable one.**

Most "discount funerals" mean less money, less service, less attention to detail, less of everything. An affordable funeral is a complete funeral based first on the needs of the family, then priced to fit within their budget.

**Mustache Cup**  
**Q.** I have a mustache cup of white ironstone trimmed in gold. I paid \$45 for it. Are they collectible, and did I get a good deal? — *Jim, Topeka, Kansas*

**A.** Mustache cups were popular throughout the Victorian-era, when facial hair on men was the style. These cups had a ledge inside the rim that kept liquids away from the upper-lip hair to keep it tidy and prevent mustache wax from melting. A small opening allowed liquids to pass through.

Most mustache cups I've seen in shops and at antique malls have been priced in the \$25 to \$45 range. Some of the more ornate ones sell above \$45. I have had a mustache for the better part of four decades and have a small collection of the cups. I use one every morning, and it is one of my little pleasures in life.

**Q.** My sister bought a piece of Pyrex from a dealer who told her it was from the 1930s. I always thought Pyrex was from the 1950s. Can you clarify this for me? — *Mike, Alamo Heights, Texas*

**A.** Pyrex was developed in 1912 to resist the heat shock that caused railway brakemen's lanterns to crack or break when exposed to the elements.

The term Pyrex came to describe most heat-resistance glass used in the home. It was first made by the Corning Glass Works and its licensees. David J. Shotwell, author of "Glass A to Z," points out that Pyrex is made with borax and is technically a borosilicate glass.

**Q.** I was a fan of The Beatles during the 1960s and '70s. I have a lunchbox with thermos made by Aladdin. I have been told it could be worth quite a bit. — *Terry, Metairie, Louisiana*

**A.** Your lunchbox was manufactured in 1965, and in reasonable condition could be worth about \$500. Incidentally, The Beatles first appeared on American network television in 1964, the year before your lunchbox was made. The group disbanded in 1971. John Lennon was murdered outside his New York City home in 1980, and George Harrison died in 2001. Ringo Starr and Paul McCartney still perform.

# ROOFING

**We Will Save You Money... Guaranteed!!**

**4 Things You Need to Know When Hiring a Roofer:**

1. We recommend **NEVER** give a roofing contractor a deposit of any kind prior to job completion. Everyone knows someone burned by a contractor.
2. We recommend **NEVER** to do business with a roofing contractor that has been in business less than 10-15 years. 80% of roofers go out of business within the first 5 years and then your warranty is worthless.
3. We recommend **NEVER** to have your roof replaced by XXX Home Improvements, XXX Construction or any other name that does not include "Roofing". Most of these companies do not have proper roofing insurance.
4. We recommend to **ALWAYS** check with the Rhode Island Contractors Board @ [www.crb.gov/](http://www.crb.gov/) to check out the company and their track record.

### Cool Cucumbers

Cucumbers are a go-to vegetable for salads, but there are many ways to incorporate this cool, crunchy vegetable into everything from appetizers to drinks. Cucumbers are one of the oldest cultivated crops and have more than 100 different varieties. It's believed they were first cultivated in India.

Cucumbers are at their best when young and tender with a crunchy texture. They come in many sizes. Some of the most popular varieties are the Dosakayi, popular in India for curries and stews; crunchy "slicers," used in salads; and pickles like gherkins, dills and sweet French cornichons.

The English cucumber is longer and narrower than the slicer varieties. Its seeds are much smaller and the skin is thinner. This type of cucumber may be labeled as "seedless" or "burpless." It usually comes wrapped in plastic and unwaxed. The taste of English cucumbers also is less bitter, and some find it almost sweet.

Cucumbers have about 15 calories per 100 grams, and the peel is a good source of dietary fiber and is a mild diuretic, which helps to eliminate toxic materials in the gut. It's also a great source of potassium and is low

in sodium, which helps with blood pressure and heart rates.

Cucumbers are high in vitamin K, which helps with bone strength. It also has established a role in the treatment of Alzheimer's disease by limiting neuronal damage in the brain.

When purchasing cucumbers, select ones that have a firm texture and a bright-green color. There shouldn't be any spots, cuts or breaks in the skin. A wrinkled, large or yellowish cucumber means it is over ripe, lacking nutrients and tough.

Before using or storing, cucumbers should be washed using cool, clear water and dried thoroughly to get rid of any surface dirt and pesticide residue. They may require light scrub at spots where prickles or dirt is evident.

Cucumbers can be stored at room temperature for a day or two, but for

English cucumbers are great eaten skin and all, but with some other varieties you may want to peel them first (especially ones with thick skins). If you're making a salad with seeded or slicer cucumbers, cut them lengthwise and use a spoon to scoop out the seeds.

Cucumbers also can be blended into a juice and combined with other vegetables and fruits, like my recipe for Strawberry Cucumber Lime Coolers. It's the perfect way to cool off with cucumbers on a hot summer day!

### STRAWBERRY CUCUMBER LIME COOLER

- 3 to 4 large peeled, cubed English cucumbers (3/4 pound)
- 2 cups frozen strawberries
- 2/3 cups sugar, honey or agave syrup
- 1/2 cup fresh lime juice
- 4 cups cold water or clear soda water, unflavored seltzer or sparkling water

1. Combine cucumbers, strawberries, sugar, honey or agave, and lime juice in a blender; blend until cucumbers and strawberries are smooth.
2. Pour mixture through medium mesh sieve placed over a pitcher, and press it with a spoon to remove any lumps. Pour cold water, soda, seltzer or sparkling water into the pitcher and stir until well-combined.
3. Pour into glasses with ice and garnish with thinly sliced strawberries, limes or cucumbers. Serve immediately. Serves 4.

**Salome's Stars**

**ARIES** (March 21 to April 19) A plan you've kept on hold for a long time finally could be greenlighted. But in typical Aries form, you'll need to be sure that everything is in place before you hit the "start" button.

**TAURUS** (April 20 to May 20) Others might urge you to act more quickly on your ideas. But you'd be wise to follow your Bovine instincts and get more facts to bolster your position when you finally present it.

**GEMINI** (May 21 to June 20) You might be tempted to accept the well-meaning offer of a friend to act as an intermediary in a dispute. But you know best what it's about, and you can handle the challenge. Good luck.

**CANCER** (June 21 to July 22) Entertainment can play an important role this week. Enjoy some well-earned diversion with people you care about. Something especially wonderful might come from this well-spent time.

**LEO** (July 23 to August 22) Catnaps and playtime are in order for Leos and Leonas who need to take some time off from their hectic schedules to restore their energies and rebuild their mental muscles. Have fun.

**VIRGO** (August 23 to September 22) Virgos will need to keep an open mind this week about choices that seem improbable. A closer study might well reveal possibilities that might have been overlooked. Stay with it.

**LIBRA** (September 23 to October 22) A disappointing outcome of a well-intentioned effort should be seen as a lesson in how to do it right the next time. Note all your changes and have your new plan set up by week's end.

**SCORPIO** (October 23 to November 21) Travel plans might need readjusting because of changes in the costs previously agreed to. Deal with the problem as quickly as possible to minimize any delays that might result.

**SAGITTARIUS** (November 22 to December 21) Your honest approach to an unsettling experience draws admiration from others. Use their positive feedback to build support for your program to introduce needed changes.

**CAPRICORN** (December 22 to January 19) Travel is strong in your aspect this week, and so is nostalgia! You might want to consider planning a trip to a place that holds some very special meaning for you. Bon voyage.

**AQUARIUS** (January 20 to February 18) A job-related situation could provide an opportunity you hadn't considered before. Look it over carefully and see where and how you can tailor it to fit your needs.

**PISCES** (February 19 to March 20) Showing strength as well as sympathy helps you deal with a difficult personal matter. It also helps you set an example for others when it's their turn to get involved in the situation.

**BORN THIS WEEK:** You have a way of making people feel comfortable without losing one whit of your own dignity in the process.
