One lucky winner will be randomly drawn from all correct responses and will win \$500!  
Winner will be notified by phone or email.

**THE  MERCURY**

## Limerick Collision Center: Celebrating 34 years of service in 2018.

Limerick Collision Center is a family-owned and operated collision repair business with more than 33 years experience. They offer quick turnaround time for all of their customers' vehicles whenever possible and a free shuttle service is available within a 10-mile radius of their shop. Limerick Collision Center understands how difficult it can be without your vehicle. Their office staff is committed to assisting you in every way possible.

There is one thing Limerick Collision Center owner Kenneth W. Sperring, Jr. cares about more than cars. And that's the people his business serves.

"We work for you, not the insurance companies," he said. "By law, Pennsylvania motorists have the freedom to get collision work done by the shop of their choice.

We can work with the insurance companies for you and keep you in the driver's seat about what work is done to your vehicle."

He and his employees also understand how difficult it is to be without your vehicle, which is why they go the extra mile to assist customers in every way possible. They promise reasonably speedy turnaround times for all vehicles as well as free pickup and delivery service within a 15-mile radius of the shop. They will even assist you in finding a rental car if need be.

"We have the right people and the right equipment to put your vehicle back to the pre-accident condition or back to what the factory specs were if we are doing a restoration," said Sperring.

And all of the body and refinishing work comes backed by a lifetime warranty.

"We emphasize no comebacks," he said. I always treat every car as if it's my own wife and daughters who will be driving it home."

It's these little extras and care to details that have built Limerick Collision Center a strong reputation over the years. After running his own car repair and body shop in King of Prussia for 15 years, Sperring moved the business here to his hometown of Limerick in 1999, and quickly expanded into a full-service shop, complete with 24-hour towing and a used parts salvage division.

"We do the extras that keep you coming back," said Sperring. "We are your one-stop collision shop. We have created standard operating procedures (SOPs) for every phase of the collision repair process to ensure each vehicle is uniformly and properly repaired. Each of our qualified technicians and any newly-hired technicians are required to be trained on the SOPs and pass a test annually.

This allows us to hold our technicians accountable for each repair and to ensure consistency. In addition, standardized procedures ensure that we are able to reduce our costs by reducing the amount of rework that occurs. Our motto is "do it right the first time."

Limerick Collision employs ASE and I-CAR Certified, Team-Blowtherm and Dupont-trained technicians. Limerick Collision Center is also a Dupont's Quality of Assurance shop for this area and is approved by most major insurance companies.

Trust a body shop because you can, not because you have to. They have a 19,200 square-foot facility to accommodate medium and large vehicles.

Using nothing but state of the art equipment, Limerick Collision can service anything from major mechanical & body work to minor services like oil changes or detailing. And not just on cars either. Limerick Collision also

services street rods, motorcycles, 18-wheelers and will even work on boats and construction equipment.

"We also do state inspections for cars, trucks, motorcycles or trailers," he said.

Limerick Collision can also coat with car paint "everything automotive, custom motorcycles, doors for houses, construction equipment," you name it.

To accommodate the working folks, shop hours are 8 a.m. to 6 p.m.

To learn more about their extensive list of automotive services or to schedule an appointment online, go [www.limerickcollisioncenter.com](http://www.limerickcollisioncenter.com). schedule an appointment by phone, 610-495-2000.

Limerick Collision Center is located at 68 Industrial Parkway, Limerick. Related businesses Limerick Towing & Recovery and Limerick Salvage are located at 44 Industrial Parkway.

Hearing instruments help many people hear better but cannot solve every hearing problem or restore normal hearing.

\*Study conducted at the University of Northern Colorado, 2015, examined the effectiveness of the new features of primax by collecting and analyzing ongoing EEG data while subjects performed speech testing. For both primax features SpeechMaster and EchoShield, the objective brain behavior measures revealed a significant reduction in listening effort when the feature was activated. Hearing instruments help many people hear better, but cannot solve every hearing problem or restore normal hearing. Features vary by technology. Copyright © 2016 Signia GmbH. All rights reserved. ### Entry and Storm Doors

Doors are the signature to your home and we can help you find the perfect one, which we can customize down to the finish, hardware, and glass. We'll make sure that your new door fits within its existing décor and structure.

*We provide customized doors  
 in the following styles:*

- Fiberglass Doors
- Wood Doors
- Steel Doors
- Vinyl Patio Doors
- Wood Look Doors
- Decorative Glass
- Energy Star
- Lifetime Hardware
- Security Locks
- Storm Doors
