Balance and Fall Prevention Workshop Reveals How To Prevent Falls And Improve Your Balance.

Have you fallen in the past?

Are you afraid of falling?

Has your balance become more unsteady?

Has your walking become more difficult?

Have you started using a cane or walker recently? (Or have been told to... but are resisting?)

If you have answered yes to any of these questions (or have a stubborn spouse or parent who is in denial) – the Balance and Fall Prevention workshop may be a life changing (and possibly life saving) event for you.

Hello,

As you get older your balance naturally begins to get worse. I see this every day and it can completely ruin your quality of life.

- You start to hold on to furniture when you walk
- You start to walk slower and constantly look at the floor
- You avoid going out of the house whenever possible
- You become more reliant on family members, often making you feel guilty about being a burden
- You are no longer able to enjoy life (go out with family/friends, take vacation etc.)

And the more you avoid doing these things the more fearful you become that you will fall. This can become a self fulfilling prophecy!

Plus, the more you avoid moving...the more likely you are to experience depression, increased stress, muscle weakness, difficulty walking... and a host of other medical issues.

Here at Advance Physical & Aquatic Therapy, our Balance and Fall prevention specialists have helped 100's of people from right here in the neighborhood improve their balance and get back to doing the things they love...it's what we do.

So by request, I'm hosting a Balance and Fall Prevention Workshop here at Advance Physical & Aquatic Therapy, **965 Baltimore Pike,**

Springfield, PA, on Saturday, January 6th at 9:00am. If you're confused about what to do and are looking for answers...

here's some of what you'll learn:

- Who is most at risk of falling
- The 5 most common reasons people fall
- Quick do-it-yourself Balance tests to determine your risk of falling
- How medications can INCREASE your risk of falling
- Where is the most common location for falls in the home
- What you can do to make your home safer TODAY
- What is the best assistive device (cane walker etc.) for YOU

How Do I Register for the Balance and Fall Prevention Workshop? Call our office at **610-544-8500**

We only have 20 seats available for the event...And this will be going out in our monthly newsletter, as well as our postcards, so spots will fill up fast! If you would like to attend, be sure to register now. Call **610-544-8500**

How Much Is It To Attend?

The event is completely free of charge

for anyone who registers in advance.

As a Special Bonus...the first 8 people to call and register for the event will receive a free gift. Looking *FORWARD* to seeing you there,

Ryan J Mullin, Owner

Advance Physical & Aquatic Therapy

PS – The first 8 people to call and register at **610-544-8500** will receive a free gift.

PPS – This event is limited to the first 20 people to register. When you register, you can bring a guest along (we do this because many people request to bring their spouse or other family member).

"My name is Laura, I came into Discover Optimal Healthcare looking for help losing weight. I sat down with Alyssa, their Nutritionist for a consult to see what weight loss program would be a perfect fit for me. After 10 weeks of HCG, weekly nutritional sessions, and lipo light sessions, I am happy to say I am down 77 pounds! I found this program very easy to follow and I have so much more energy now. I still have many weeks to go and can't wait to see more results like this. I highly recommend this to anyone struggling to lose weight."

MAN OF THE EAR!

“Unique Hearing has given me my life back. My quality of life has improved tremendously and I thank John DeSimone for that- he’s a gentleman.” - Joanna R, Aston

“I would recommend Unique Hearing aid solutions to anyone in need of hearing aids. John DeSimone is a very professional, caring individual. He makes house calls when I can’t make it in for service.” - Fay P, Swarthmore

“I have worn hearing aids for over 15 years. John DeSimone is the first provider in those years to actually make me a priority and not just another sale; I would highly recommended him to family, friends and even a stranger for that matter! I am tickled with his service and products!” - Joe C, Media
