What Is An Herbalist?

Herbalism is the art and science of using herbs for promoting health and preventing and handling of illness. Herbs were the world's primary form of medicine since the beginning of time with written records dating back more than 5,000 years. Approximately 75% of the world's population still relies primarily upon traditional healing practices, most of which is herbal.

What Is An Herbalist?

Herbalists are people who dedicate their lives to working with plants. They include native healers, scientists, naturopaths, holistic medical doctors, researchers, herbal pharmacists, wild crafters, and herbal farmers to name a few. While herbalists can be quite varied, the common love and respect for life, especially the relationship between plants and humans, unites them.

How Can Herbs/Herbal Medicine Help Me?

Herbs can offer you a wide range of safe and effective therapeutic agents that you can use as an integral part of your own wellness programs.

1. Preventative care
 2. Manage overall wellness
 3. Assist in maximizing one's health potential
- Herbs are also used for the symptomatic relief of minor ailments.

How Safe Are Herbs?

It depends on the herbs. Most herbs sold as dietary supplements are very safe. When used appropriately, the majority of herbs used by practitioners have no adverse side effects.

Based on published reports, side effects or toxic reactions associated with herbal medicines in any form are rare. In fact, of all classes of substances reported to cause toxicity of sufficient magnitude to be reported in the U.S., plants are the least problematic.

How Do Herbalist Practice?

Most herbal consultations begin with your past and current history, your dietary and lifestyle practices or other factors related to your health issue. The herbalist, with your involvement, will develop an integrated herbal program that addresses your specific health needs and concerns. Your "Whole Person" is looked at. If required, an herbal remedy will be custom blended for your specific needs.

Miach Herbs, now open in Fleetwood offers: Consultations: Herbal - Nutrition - Parasite - Detoxification. Personalized Custom-Blended Herbal Remedies and so much more!

Hypnosis...
So Much More Than Clucking Like A Chicken!
By Lori Kleinsmith, Certified Hypnotist, Pinnacle Hypnosis and Therapies

Sounds funny, but, clucking like a chicken is the first thing many people associate with hypnosis. The hypnotist has volunteers from the audience doing crazy things they normally wouldn't do. They are on stage, in front of an enthusiastic group of people. The "show" is usually very funny and amazing.

Just like the "show" or as it is called, Stage Hypnosis as in a Therapeutic Hypnosis sessions, people volunteered to be there. They wanted to be hypnotized and therefore were/are open to the suggestions the hypnotist gave/give them. Some things to keep in mind when considering hypnosis...

1. You cannot be hypnotized against your will. You are always in control and therefore in power.
2. A hypnotist cannot make you perform actions that are against your values or morals. When a person is hypnotized they have the ability to accept or reject any suggestions that are given by the hypnotist. They cannot surrender their will or reveal any secrets.

3. Hypnosis is a trance-like state. It is not sleep. We enter a natural state of hypnosis multiple times a day. For example: Let's say you are driving to work. You enter your car, start the engine, put it in gear and off you go to work. As you are driving, your subconscious mind starts to think about other things such as what you saw on TV that morning or remembering a conversation you had with your children or spouse. Next thing you know you are pulling into your parking spot at work. You really don't remember the whole drive but you were in control of the car. You were able to brake when needed and accelerate. You still knew what roads and turns to take. Those times you were thinking of other things as you were driving, you were in a natural hypnotic state and still in control.

4. Hypnosis is a means of communication between the conscious mind and the subconscious mind. Many problems, habits, stress, anxieties, attitudes or apparent deficiencies can be traced to interpretations by the subconscious mind, which when understood by the conscious mind, can reduce or resolve specific problems. The subconscious is also the file cabinet of all memory. Traumatic events can be buried or suppressed in the subconscious. A major benefit of hypnotherapy is its ability to uncover and bring into the light of understanding the buried information or experience which may be the cause of a troublesome disorder.

The most common statement when a client has experienced hypnosis: "I had no idea hypnosis was so relaxing!" For more information contact:

Recipe

CHICKEN & DUMPLINGS

- | | |
|--|-----------------------------------|
| 3/4 cup all-purpose flour, divided | 2 medium carrots, chopped |
| 1/2 teaspoon salt | 2 celery ribs, chopped |
| 1/2 teaspoon freshly ground pepper | 3 garlic cloves, minced |
| 1 broiler/fryer chicken (about 3 pounds), cut up | 6 cups chicken stock |
| 2 tablespoons canola oil | 1/2 cup white wine or apple cider |
| 1 large onion, chopped | 2 teaspoons sugar |
| | 2 bay leaves |
| | 5 whole peppercorns |

DUMPLINGS:

- | | |
|------------------------------|-----------------------------|
| 1-1/3 cups all-purpose flour | 2/3 cup 2% milk |
| 2 teaspoons baking powder | 1 tablespoon butter, melted |
| 3/4 teaspoon salt | |

SOUP:

- | | |
|----------------------------------|-------------------------------------|
| 1/2 cup heavy whipping cream | 2 teaspoons minced fresh thyme |
| 2 teaspoons minced fresh parsley | Additional salt and pepper to taste |

In a shallow bowl, mix 1/2 cup flour, salt and pepper. Add chicken, one piece at a time, and toss to coat; shake off excess. In a 6-qt. stockpot, heat oil over medium-high heat. Brown chicken in batches on all sides; remove from pan.

Add onion, carrots and celery to same pan; cook and stir 6-8 minutes or until onion is tender. Add garlic; cook and stir 1 minute longer. Stir in 1/4 cup flour until blended. Gradually add stock, stirring constantly. Stir in wine, sugar, bay leaves and peppercorns. Return chicken to pan; bring to a boil. Reduce heat; simmer, covered, 20-25 minutes or until chicken juices run clear.

Meanwhile, in a bowl, whisk flour, baking powder and salt. In another bowl, whisk milk and melted butter until blended. Add to flour mixture; stir just until moistened (do not overmix). Drop by rounded tablespoonfuls onto a parchment paper-lined baking sheet; set aside. Remove chicken from stockpot; cool slightly. Discard bay leaves and skim fat from soup. Remove skin and bones from chicken and discard. Using two forks, coarsely shred meat into 1- to 1-1/2-in. pieces; return to soup. Cook, covered, on high until mixture reaches a simmer.

Drop dumplings on top of simmering soup, a few at a time. Reduce heat to low; cook, covered, 15-18 minutes or until a toothpick inserted in center of dumplings comes out clean (do not lift cover while simmering). Gently stir in cream, parsley and thyme. Season with additional salt and pepper to taste. Yield: 8 servings (3 quarts).

I Don't Need To Advertise

You're Right... There is a time **NOT** to advertise, when...

1. You have no competition.
2. You have all the business in town.
3. There are no new people moving into your area.
4. You want to keep your large inventory.
5. You have more business than you can handle.
6. The birth rate is zero.
7. You have more than enough friends that shop your business, keeping you far too busy.
8. You've netted your third million (after taxes).
9. You have no desire to work hard.
10. You would have to hire more people to handle the additional business advertising brings.

The time to start advertising is...

When you don't agree with all the above.

The place to start advertising is...

The one that has a combined circulation of 71,500 homes.
