The Cochlea

It may be just wax!

FREE Video Otoscopic Ear Canal Inspection!

Using our video otoscope we'll do a complete inspection of your ear canal and eardrum to see if there's wax blockage problem or a condition which may require medical attention.

New research shows: The average person waits 7-10 years between first noticing their hearing loss and finally taking action - don't let this be you.

You're invited to our **FREE** community hearing health awareness event to answer your questions about hearing loss, and treatment options all this week!

**Thanksgiving Novena to
ST. JUDE**

O Holy St. Jude Apostle and Martyr,
great in virtue and rich in miracles,
near kinsman of Jesus Christ. Faithful
intercessor of all who invoke this
special patronage in time of need. To
you I have recourse from the depth
of my heart and humbly beg you,
to whom God has given such great
power to come to my assistance.
Help me in my present and urgent
petition. In return, I promise to make
your name known and cause you to
be invoked. Say three Our Fathers,
three Hail Marys and three Glory Be's.
Publication must be promised. St Jude
pray for us and all who invoke your aid.
Amen. This novena has never been
known to fail. It helped me. Thank you
St. Jude for answering my prayers.

**Your Jesus is Here
in the Holy Eucharist
Talk to Him!**

Dear Heart of Jesus:
In the past, I have asked
many favors. This time, I ask
you this very special one.
Take it dear Jesus and place
it within your own broken
heart, where your father sees
it. Then, in your merciful
eyes, it will become your
favor, not mine.

Say for 3 days and promise
publication.

Open-Shop Electrical Contractors, Your Time is Now!

For the past several years IBEW Local 99 has been actively recruiting, testing and welcoming into our Local: Apprentices, Journeymen Wiremen, Tele-com Techs and Contractors.

That effort has been an amazing success. We now have a database of many unrepresented hard working men and women who will be coming in the Union. Many of these people currently work in parts of the industry that the IBEW has historically not been as prevalent in, such as Residential and Light commercial.

We are now looking to expand our recruitment of high quality and ethical open shop contractors that specialize in that type of work.

Discover the value IBEW can have for your company:

- You pay nothing to the Union to sign with us!
- Immediate access to indentured apprentices!
- 1-1000 qualified Men and Women available with a single phone call!
- IBEW quickly becoming the main source of manpower in the Northeast!
- Flexible rates for non-traditional work!
- Your partner in protecting the industry!
- The safest and most productive workforce in the industry!
- The undisputed best training facility and staff in the industry!
- Complete flexibility in Staffing!
- Access to General Contractors and Bidding Opportunities!
- Free Benefit Management!
- Contractor Training and Support!

We are looking for only the best in manpower and contractors. If you are a great contractor, we should be talking to you now. There are many very unsatisfied craftspeople looking for a better life who are available right now and ready to move to your company!

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Salome's Stars

ARIES (March 21 to April 19) You're eager to take on that new opportunity opening up as January gives way to February. Now all you need to do is resist quitting too early. Do your best to stay with it.

TAURUS (April 20 to May 20) Doff a bit of that careful, conservative outlook and let your brave Bovine self take a chance on meeting that new challenge. You could be surprised at how well you do.

GEMINI (May 21 to June 20) You might not want to return to the more serious tasks facing you. But you know it's what you must do. Cheer up. Something more pleasant soon will occupy your time.

CANCER (June 21 to July 22) As you dutifully tidy up your end-of-the-month tasks, your fun self emerges to urge you to do something special: A trip (or a cruise, maybe?) could be just what you need.

LEO (July 23 to August 22) Your achievements are admirable as you close out the month with a roar. Now you can treat yourself to some well-earned time off for fun with family or friends. (Or both!)

VIRGO (August 23 to September 22) Be sure you know the facts before you assume someone is holding back on your project. Try to open your mind before you give someone a piece of it.

LIBRA (September 23 to October 22) You might feel comfortable in your familiar surroundings, but it might be time to venture into something new. There's a challenge out there that's just right for you.

SCORPIO (October 23 to November 21) Your love of things that are new gets a big boost as you encounter a situation that opens up new and exciting vistas. How far you go with it depends on you.

SAGITTARIUS (November 22 to December 21) That recent workplace shift might not seem to be paying off as you expected. But be patient. There are changes coming that could make a big difference.

CAPRICORN (December 22 to January 19) While few can match the Goat's fiscal wizardry, you still need to be wary in your dealings. There might be a problem you should know about sooner rather than later.

AQUARIUS (January 20 to February 18) Easy does it when it comes to love and all the other good things in life. Don't try to force them to develop on your schedule. Best to let it happen naturally.

PISCES (February 19 to March 20) A surprise decision by someone you trust causes some stormy moments. But a frank discussion explains everything, and helps save a cherished relationship.

BORN THIS WEEK: Sometimes you forget to take care of yourself, because you're so busy caring for others. But you wouldn't have it any other way.

Flu Fighters

Cold and flu season has arrived with record numbers of sick children and adults. There are antiviral medications available for the flu, but to be effective they must be taken within two days of the onset of symptoms. Antiviral medications don't cure the flu, but may make the symptoms less severe. Your health-care provider can help you decide whether you should take antiviral medications.

If in spite of all your efforts you become ill, take good care of yourself. Get plenty of rest, drink lots of fluids and pay attention to your symptoms. The common cold, the flu and pneumonia can have similar symptoms. Mistaking one for the other can mean serious complications. Don't gamble with your health. Contact your health-care provider immediately!

Of course, a flu shot is the best way to keep from getting some strains the flu, or to at least lessen its intensity if you do catch it. If can't get a flu shot, a pneumonia shot can protect you against this potentially serious flu complication. It's a one-time shot for anyone age 65 or older. Younger people with heart and lung diseases, diabetes or weak immune systems also should get this shot. Check with your or your child's health care provider before you get any of these shots.

While there are no guarantees, there are some things you can do to reduce your chances of becoming ill:

- Wash your hands often, particularly when you are around people who have colds or coughs.
- Avoid touching your eyes, nose or mouth. This is a common way that germs spread.
- Cover your mouth and nose with a tissue when coughing or sneezing.
- Avoid close contact with people who are sick. And if you're sick, stay home. Keeping your distance from others will protect them from

getting sick too.

—Sanitize utensils, toys, equipment and furniture. This can help reduce the spread of colds, which then reduces your risk of developing more serious complications like pneumonia.

—If you're generally in good health, your immune system is better able to fight off illnesses. Get plenty of rest, exercise, eat right and learn how to manage your stress.

—Chicken soup is an old remedy for fighting respiratory illnesses; however, some recent scientific tests show that it actually may have medicinal value. Chicken soup has been found to be more effective than other hot

- 1 boneless, skinless chicken breast half, cut into 1/4-inch-thick slices (this is easier if the chicken is partially frozen)
1. Finely grate 1 teaspoon of zest from the lemon and put in a small bowl. Add the cilantro, parsley or basil leaves and the ginger, and mix together. Cut the zested lemon in half and squeeze it into a small bowl to get 3 tablespoons of juice. Thinly slice two of the chile halves crosswise.
2. In a large saucepan, bring the broth to a boil over medium-high heat. Add the lemon juice, noodles, carrots, fish sauce and the 2 remaining chile halves to the boiling stock.

CHICKEN NOODLE SOUP WITH LEMON AND GINGER

1 lemon
1/4 cup chopped fresh cilantro or flat-leaf parsley or basil leaves

1 teaspoon finely grated fresh ginger

2 serrano chiles, stemmed, halved and seeded

6 cups homemade or canned low-salt chicken broth

4 ounces fresh Chinese egg noodles (look in the produce section of your supermarket) or 4 ounces dried vermicelli noodles

1 medium carrot, cut into small coins

1-2 tablespoons fish sauce

Reduce heat, cover and simmer the soup until the noodles are almost cooked, about 3 minutes.

3. Remove the chile halves. Stir in the chicken and chile slices and return to a boil. Remove the pan from the heat, making sure the chicken slices are just cooked through. Taste and add a touch more fish sauce, if you like. Divide the soup evenly among four serving bowls. Divide the cilantro mixture among the bowls, stir and serve. Makes 4 servings.
