Tips on how to write CLASSIFIED ADS that sell!

- 1 USE A KEY WORD.** This immediately tells the reader exactly what you have to sell.
- 2 Make your description CLEAR AND FACTUAL.** State the year, make, model, color & size and tell what condition the item is in. Also, state the special features.
- 3 STATE THE PRICE.** Successful classified advertisers have learned that the price in an ad helps increase the chances for results.
- 4 IF THERE IS A GENUINE SENSE OF URGENCY,** say so. The words "We're moving," or "Must sell fast," suggest that readers respond immediately.
- 5 INCLUDE YOUR PHONE NUMBER.** Classifieds get results fast and often generate immediate sales. If you cannot be available to answer the phone at all times, be sure to specify special calling times such as "after 9pm" or "before 11am."

Bishop Eddie Grant entered his life July 19, 1927, to Cleola Gregory and James Grant of Apokia, Fla., and peacefully departed Dec. 20, 2017. Bishop Grant obtained his formal education from the Dade County Public Schools. He then joined the military, where he served honorably in the U.S. Army. When Bishop Grant returned to his homestead in Florida, he worked primarily in agriculture, traveling the migrant work stream from Florida to New York until he secured employment with the U.S. Gypsum Papermill, where he worked 32 years. He progressed from machine operator to supervisor with 28 years of uninterrupted attendance and service. In 1959, Bishop Grant met and married his wife of 58 years, Rosa. From this union grew a blended family of six children, five daughters and one son. During this time, Bishop Grant was part of the church home at Mt. Olive Baptist Church, Kendall Mills, N.Y., under the leadership of the late Rev. Cotton. Bishop Grant's life was strongly based around the work of the Lord. In 1971, Bishop Grant was ordained a Bishop under the leadership of the late Bishop William Miller until health issues no longer allowed him to serve. This did not stop his commitment to God, as he continued his service to Him as a member of Mt. Zion Baptist church in Batavia, N.Y., until his death. For many years he served as Chaplain with the Oakfield-Alabama, N.Y., American Legion. Bishop Grant was predeceased by his son, Daniel Demos; daughter Deborah Demos; and his grandsons Cori Demos and Sport Grant. LOCAL ORGANIZATION HELPS ORLEANS CAREER AND TECHNICAL ED CENTER STUDENTS GET READY FOR PROM

Paula Travis believes that every young lady going to the prom deserves to look her best and should not have to pay for it. That is why she started the organization WHO (Women Helping Others). The organization is run out of the Zion Lutheran Church of Gasport and offers Becca's Closet. "The organization is dedicated to carrying on the legacy of Rebecca Kirtmann, a high school student from Florida, who believed that every girl should be able to attend formal school-sponsored events, such as prom and homecoming, despite their financial situation," she explains. "Becca collected hundreds of gowns by herself and gave them to girls free of charge. She was killed in a car accident in 2003 and her friends and family carry on her legacy nationwide."

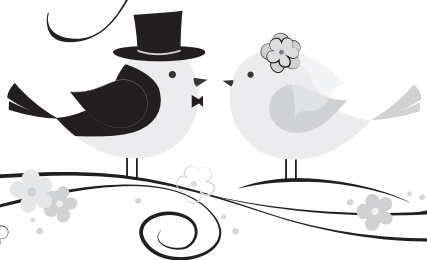

Cosmetology teacher Sue Lindke with student Samantha Macek, who is looking for the perfect prom dress.

Recently Paula stopped into the Orleans Career and Technical Education Center and offered dresses to the students there. Many students stopped into the Cosmetology class where Ms. Travis set up for the day and tried on gowns until they found the perfect one for themselves.

"This is just a wonderful thing for our students. It is great to see them walk out of here feeling like a princess," says Cosmetology teacher Sue Lindke. "All that Paula asks is that the students pay it forward by bringing a personal care item in to help out others who are in need."

SHOCKER

By Douglas H. Domedion

Neil Newton receives an award for his 35 years of dedication as a legislator to the New York State Conservation Council for the Orleans County Federation of Sportsmen's Clubs.

I promised you more information about feeding birds, and I will do that next week, but this has been on my mind since being informed last week about the matter and feel it is important that my readers are also aware of it. It does involve the great outdoors but it is not a good thing.

Apparently back in October of 2016 an individual had his riding mower shot up by rifle fire and then he received shot to his mid section while mowing his field behind his house. It was not a shot or two but many, in fact medical respondents were unable to get to him because bullets were still flying around him when they arrived.

Eventually the target shooters were located a half mile away and were charged with assault and reckless endangerment. They had been shooting center fire .308 caliber rifles across flat open fields with only one hedge row between them and the victim with NO BACKSTOP! They had no idea where their bullets were going after they hit the target which was about 160 yards away from them. The hedge row was about 160 yards behind the target and then there was another open field. Now a small rim fire .22 caliber bullet has a maximum range of 1 1/2 miles while a .308 has a maximum range of around 4,600 yards or 2 miles. The Marine snipers consider the .308 a effective killer out to 1,000 yards.

OK, these guys were breaking one of the golden rules of shooting – "Know what is behind your target," and be aware that bullets can ricochet long distances. This is upsetting to us who are responsible shooters but what is more shocking to me is that Judge Alex Renzi in Monroe County dismissed the charges! They got nothing while the victim had half his liver and one kidney destroyed, his bowels torn apart and there was a huge exit hole in his back which resulted in long hospital stay, six major surgeries and two weeks later developing a deteriorating condition that require a trip back to the hospital. This incident happened in October of 2016 and the victim wasn't able to return to work until August of 2017.

No one knows for sure why the judge dismissed the charges but one offering was there are no laws saying you have to have a backstop when target shooting. Well there is no law saying you can't ride a black horse down a poorly lite road on a dark night when it is raining wearing black clothing and having no light or reflector; it is just plain lack of common sense (which seems at a premium now days) and RECKLESS! Not only could you get killed but you could cause a serious vehicle accident! Someone suggested that we should have a law about backstops. We have all kinds of laws now, what we need is enforcement of them and some common sense!

I guess this incident is a very sober reminder how important to obey safe gun handling rules, even if they are not laws. A dangerous spot is the public shooting range on the Bartel-Owen Road in the DEC Tonawanda Wildlife Management Area. Check out the trash and shot up range and road signs noting the directions from which the shots came from and the direction they were going. WARNING, don't drive down that road between noon and sunset! And don't hunt behind the ranges, even way back!

On the lighter side the Orleans County Federation of Sportsmen's Clubs had their annual banquet this past Saturday evening and it was one of their best. Neil Newton was honored with a plaque for his 35 years of representing the Federation as councilman to the NYS Conservation Council and also received an award from NYS Assemblyman Steve Hawley for his devotion to the sportsmen of Orleans County. Retired ECO Capt. Mike Van Durme was also awarded a plaque for his help in getting the rifle bill for deer hunting passed in Orleans County along with an award from Assemblyman Steve Hawley.

Signs of a Heart Attack

Some heart attacks are sudden and intense, but most heart attacks start slowly, with mild pain. Often people affected aren't sure what's wrong and wait too long before getting help. Symptoms include:

CHEST DISCOMFORT. Most heart attacks involve discomfort in the center of the chest that lasts more than a few minutes, or that goes away and comes back. It can feel like uncomfortable pressure, squeezing, fullness or pain.

DISCOMFORT IN OTHER AREAS OF THE UPPER BODY. Symptoms can include pain or discomfort in one or both arms, the back, neck, jaw or stomach.

SHORTNESS OF BREATH with or without chest discomfort.

OTHER SIGNS may include breaking out in a cold sweat, nausea or lightheadedness

Women are somewhat more likely than men to experience other common symptoms, particularly **SHORTNESS OF BREATH, NAUSEA/VOMITING, AND BACK/JAW PAIN.**

If you or someone with you has one or more of these signs, don't delay! **Call 9-1-1 immediately!**

Cancer Services Program

Funded by the New York State Department of Health

Do you have HEEL pain or ARCH pain?

HEEL SPUR SYNDROME/PLANTAR FASCITIS

is a common problem among people who are active. It starts as a dull intermittent pain in the heel which may progress to a sharp persistent pain. Classically, it is worse in the morning with the first few steps, after sitting, after standing, or after walking.

- Plantar fasciitis often begins with irritation and tearing of the fibrous band of tissue on the bottom of the foot, which may eventually result in the formation of a heel spur.

- Contributing factors: flat pronated feet, high arched feet, poor shoe support, increased age, sudden weight increase, increased activity level, family tendency.

- Approximately 2-3 times your body weight of force is exerted on each foot with walking. Flexible, non-custom molded arch support found at those advertised shoe stores cannot support these forces and usually do not provide long-lasting relief, do not come with a lifetime warranty, and are typically more expensive than custom-molded ones made by our office.

- 95 percent of our patients symptoms are resolved with conservative treatment, avoiding surgical intervention.

- We also offer surgical procedures with the best post-op success rates using Endoscopic Plantar Fasciotomy techniques and **EPF** resulting in minimal incisions and scarring, immediate ambulation and often back in a shoe in one week.

If you can't remember when your feet didn't hurt, now is the time to give us a call!

REAL ESTATE GUIDE

Did You Know?

City dwellers looking to buy rather than rent an apartment may come across real estate listings categorized as "co-ops." While co-ops can exist anywhere, Realtor.com notes that they are most common in big cities, comprising as much as 75 percent of the housing inventory in the borough of Manhattan in New York City. Co-op is short for "cooperative," and people who buy into a co-op are not technically buying property but shares in an entity that owns the property where investors will ultimately live. The bigger the apartment in the building, the more shares the buyer will own. Residents of a co-op

typically elect fellow residents to serve on the co-op board. That board is tasked with making a host of important decisions, including choosing who will and will not be allowed to join the cooperative. Co-op boards may require that applicants meet certain financial requirements. Unlike buying a single-family home, duplex, townhouse, or condominium, people interested in buying into a co-op may have put down no less than 20 percent the value of the apartment where they hope to live. Co-op dwellers will also be expected to pay monthly maintenance fees that go toward insurance, taxes and other building expenses. ■

Salami and Arugula Pizza

Serves: 4

Pizza Topping:

- Flour, for dusting
- 1/4 cup extra virgin olive oil, divided
- 1 garlic clove, crushed
- 1/2 teaspoon fresh rosemary, chopped
- Kosher salt and freshly ground pepper, to taste
- 1/2 cup partly skimmed ricotta cheese
- 1 cup mozzarella cheese, grated
- 2 cups baby arugula
- 1 small shallot, thinly sliced
- 1/2 lemon, juiced
- 4 slices salami, cut in half lengthwise

Pizza Dough:

- 1 3/4 to 2 cups all-purpose flour
- 1 cup cake and pastry flour
- 2 1/4 teaspoons instant or bread-machine dry yeast (or 1 envelope)
- 1 teaspoon salt
- 1 1/4 cup very warm water

Directions:

1. To make pizza dough, stir together all-purpose flour, cake flour, yeast and salt in a mixer fitted with a dough hook; make a well in the center. Add water. Mix on medium speed until all flour is incorporated into dough; add remaining flour as needed to have soft, slightly sticky dough. Alternatively, you can mix by hand. Turn out on a well-floured surface. Let rest covered for 10 minutes. Divide into thirds.

2. Place a pizza stone or upside-down baking sheet in the oven and preheat to 450 F. Gently flatten dough into a circle or rectangle on a lightly floured surface, creating a rim. Transfer to a cornmeal-dusted pizza peel or another upside-down baking sheet; slide dough onto the hot pizza stone or baking sheet. Bake for 8 minutes.

3. Meanwhile, combine 2 tablespoons olive oil in a bowl with garlic, rosemary and salt and pepper to taste. Remove pizza from oven. Brush with olive oil mixture and top with ricotta and mozzarella. Return pizza to oven, baking until cheese is golden and bubbly, about 6 more minutes.

4. Toss arugula and shallot slices in a large bowl with lemon juice, olive oil and salt and pepper to taste. Top the pizza with arugula salad, salami and shaved Parmesan cheese.

5. Cut into wedges or squares with scissors; serve immediately. ■
