The Windsor Press, Incorporated, publishers of the Northern Berks Merchandiser and East Penn Valley Merchandiser, reserves the right to review all material submitted for publication, and to reject any material, in whole or part, which The Windsor Press, Incorporated, in its sole opinion, deems inappropriate for publication.

We assume no financial responsibility for any typographical errors in any advertisement, but will reprint that portion of an ad in which an error occurs.

The closing time for both the Northern Berks Merchandiser and the East Penn Valley Merchandiser "classified advertisement" and the East Penn Valley "display advertisement" is Thursday at 5:00 p.m. of the week prior to publication; the Northern Berks display advertisement is Friday noon. Any deviation from this will be published in both papers.

READER'S

Recipe

CHEESEBURGER SOUP

1/2 pound Ground Beef

3/4 cup Chopped Onion

3/4 cup Shredded Carrots

3/4 cup Chopped Celery

1 teaspoon Dried Basil

1 teaspoon Dried Parsley

4 tablespoons Butter

3 cups Chicken Broth

4 cups Cubed Potatoes

1/4 cup All-Purpose Flour

2 cups Cubed Cheddar Cheese

1-1/2 cups Milk

1/4 cup Sour Cream

In a large pot, melt 1 tablespoon butter or margarine over medium heat: cook and stir vegetables and beef, until beef is brown. Stir in basil and parsley. Add broth and potatoes. Bring to a boil, then simmer until potatoes are tender, about 10-12 minutes. Melt the remainder of butter and stir in flour. Add the milk, stirring until smooth. Gradually add milk mixture to the soup, stirring constantly. Bring to a boil and reduce heat to simmer. Stir in cheese. When cheese is melted, add sour cream and heat through. Do not boil.

2/7/18, The Virginville Grange meets at 7:30pm. Junior Grange Night - Junior Royalty will present the program. Bring a cherry dessert to share.

Birds Need Extra Assistance In Winter

Cold weather can be particularly taxing on many of the birds individuals discover in their backyards throughout the year. Although some species migrate to warmer climates each winter, many stay put and attempt to ride out winter in their normal habitats. Birds that tend to stay put include finches, sparrows, titmice, jays, woodpeckers, chickadees, and cardinals.

The Cornell Lab of Ornithology says that, in much of North America, winter days can be windy and cold for birds, and nights are even more challenging. In winter, birds no longer have berries and lush vegetation to consume and insects have died or gone underground. Since finding food can be especially difficult, and shelter may be scarce, many birds can benefit from a little help from their human friends.

SHELTER

Wild Birds Unlimited says shelter for birds is hard to come by in winter. Trees have shed their leaves, and evergreens may not be as abundant or protective. As a result, birds frequently seek man-made structures that can provide refuge from the elements. People can provide shelters for birds, which may include traditional birdhouses, windbreaks and snow shields. Even a brush pile can simulate the natural shelters of trees and shrubs that birds prefer. Roost boxes are another option and one that can accommodate small flocks that will group together and share their body heat. Use leaves and branches to provide natural camouflage and help attract birds to the shelter. Offer yarn, fabric scraps, cotton, and other insulating materials that birds can use to help make their shelters more comfortable.

FOOD

Birds require high-calorie and high-fat foods in the winter so they can keep up their metabolism to generate warmth. Also, since birds' feeding habits vary depending on the type of bird, it may be necessary to place feeders at varying heights to maximize access. Feeders should be located out of the wind and in an area that offers safe refuge from predators. The National Wildlife Federation also says individuals should put out sizable feeders and/or use multiple feeders to provide ample food during snow and ice storms. Feeders should be checked regularly and kept full. Consistency is also important because birds will grow accustomed to being supplemented with food and may depend on such supplements to survive. Bird Watcher's Digest suggests a variety of foods for birds. Black-oil sunflower seeds, peanuts, suet, cracked corn, millet, thistle seed, safflower, and various fruits can help many birds thrive. It's also suggested to include mealworms, which can be purchased at bait stores or pet stores. These larvae of beetles can be presented in a shallow dish with slippery sides so the worms cannot crawl out. Birds typically need extra support to survive harsh winters. Offering food and shelter during these bleak months can help.

What Is A Town?
A town is a group of people.

**It is a school.
It is a city government.
It is churches.
It is industry and jobs.
It is retail businesses.**

**They all have to work together.
All must have the support of the people or there is no town.**

Give your local merchant a chance for your business and the first opportunity to make the sale.
The local retailer pays the highest percentage of local taxes. They are the ones contacted first for contributions to charitable projects. They provide jobs. Without their store you have no town.

GIVE THE LOCAL MERCHANT A FAIR SHAKE.
