Community Bank hosts Open House for Home Town's James House

By Linda Cranford

After living the country life most of their life, Billy and Emily James decided to try the city life and move to Laurel. They both were born in Houston, Texas, but grew up in Sylverna. When they made the decision to move to Laurel, they didn't think they would be sharing it with the entire country. Monday night, January 23, the young couple was featured on Season 2, Episode 3 of HGTV's Home Town series starring Laurel's favorite couple, Ben and Erin Napier. Tuesday, January 24, Community Bank in Laurel hosted an Open House of the James House, and local Home Town fans were given an opportunity to tour the home. Community Bank has worked with several home buyers for the show and more open houses may be forthcoming this season.

Laurel." "We love the downtown area, the old neighborhoods, the old houses and the tree-lined streets," added Emily.

Billy and Emily decided on a 1908 Craftsman style home on 7th Avenue formerly owned by the Rutledge family. The transformation by Erin and Ben included returning the front porch to its original classic look by removing the enclosed sunroom. Ben then used the windows and wood from the sunroom to make a buffet for the dining

room and a towel cabinet for the bathroom.

Not much was done to the living room, which already had beautiful hardwood floors and high ceilings. Erin chose a pale-mint green color in the living room, updated the light fixtures with a good ole Southern classic ceiling fan, and gave the fireplace a new look with Spanish tile. The double French doors leading out onto the front porch

where the awkward sunroom was once located were also given a facelift. The inside of the doors was painted white to match the trim inside and the outside was painted the ox-blood accent color. Erin chose to go with a three-color paint theme for the exterior which included blue-gray for the siding,

a light cream for the trim, and an ox-blood (deep dark red) for the accent color.

Little was needed to be done in the dining room. The arched bookcases, cabinets and chair rail all remained, and the floor was newly refinished. Two beautiful wood furniture pieces are now featured in the dining room – a dining table built by Billy, the home owner, and a buffet built by Ben by repurposing the wood and windows from the old sunroom.

In the bathroom, the original claw foot bathtub was reporelained and updated with new tub hardware, a custom vanity was made from an antique dresser purchased by Ben and Erin at a European auction, and the brick floors were restored and poly coated. Ben also made a towel cabinet for the bath room with the windows and wood from the sunroom.

The kitchen required the most attention. An interior wall was removed to open up the kitchen and dining room. The drop ceiling was removed and the ceiling returned to its

original height. At least three layers of flooring were removed to reveal the beautiful heart pine floors beneath, which were refinished. The outdated cabinets, appliances, and light fixtures were all updated and a new peninsula added where the wall was removed. In addition, Erin sought the help of local artist Sean Stewart, who is known worldwide as Sean Star Wars. Sean is one of only a few woodcut printmaking artists in the world. He and his wife and five children live just down the road from the James family. Erin had Sean carve a symmetrical designed woodcut and printed a teal and white vinyl wallpaper backsplash for the James's kitchen.

"It was surreal watching the episode," exclaimed Emily. She said that she and Billy and their 16-month old son, Nolan, watched the show together. "We really enjoyed the entire experience. It was interesting to see how they finally pieced it all together." She said watching the episode brought back the fun they had doing the show and the joy of meeting all the crew members. "It was a blast. It really was."

A wall was removed to open up the kitchen and the dining room.

Erin chose a pale mint-green color for the living room and gave the fireplace a facelift with Spanish tile and a new mantle.

The Sertoma Club of Laurel sincerely thanks every business, organization, church, individual, or group that has participated in the Annual Sertoma Golf Tournament. Whether as a player or organizer of a team, a purchaser of an advertising sign, a volunteer on tournament day or before, or a donor of money or resources, we want you to know how much we greatly appreciate your contribution and involvement.

In addition to our gratitude we want you to know what your generosity means to our community. Thanks to you and everyone who has ever supported Sertoma; we have

been able to fund many efforts to improve the speech, hearing and lives of many people. More recently and more specifically, Laurel Sertoma Club has purchased and installed hearing loops in several buildings. Within the last year the three Performing Arts Centers of Northeast, South and West Jones High Schools, Laurel High School Auditorium and the Laurel Little Theatre have received state of the art hearing systems. Our club also recently purchased a new K-9 for the Laurel Police Department. These donations could not have been made without your contributions. Thank you!

West Jones boys claim first Region 5-5A title since 201X

By James Pugh

The options for West Jones boys soccer could not have been more opposing. Win and claim the Region 5-5A title, therefore clinching a playoff spot, or lose and stand a chance of missing the playoffs altogether.

After a scoreless first half, West Jones helped prevent the latter with a Luis Ramirez goal less than a minute into the second half. Walker Thompson sealed the game 32 minutes later with a goal in the 73rd minute.

West Jones defeated Laurel 2-0 in boys soccer Tuesday night at R. H. Watkins Stadium to claim its first region title since the 2012-2013 season and is playoff eligible.

For Laurel, the loss knocks the Tornadoes out of playoff contention.

“Coming into the game, we knew that Laurel was going to give us everything they had,” said West Jones head coach Josh Sullivan. “They were fighting for a shot to get in the playoffs. We also did the math over the last couple of days and knew that if we didn’t win this game, we would be at the house. It was a first or an out situation for us.

“At halftime, we made the adjustments we thought we would have to make. The ball didn’t necessarily bounce our way all night long, but our guys overcame it and played great soccer. They got themselves under control, and you could see some nice builds and great finishes.”

The goal by Ramirez in the 41st minute was made possible by the pressure applied from Laurel’s back defenders.

“The first goal was from the pressure created by Laurel,” Sullivan said. “We talked about that at half-time. They (Laurel) were trying to slow the game down and build the ball up. When they turned from their back position, they weren’t communicating

well every time. I told our guys that if they saw [them do that] then take advantage of it. And that is exactly what happened. We stepped through it, and one, two, bam, the ball was in the back of the net.”

West Jones attempted to play more defensively after its first initial goal but found an opportunity under the ten-minute mark to seal the game with Thompson’s goal.

“Again, it was because of Laurel’s pressing, pressing, pressing,” stated Sullivan. “Laurel moved some guys around [in the second half], and that’s what you have to do. Coach Martinez does a great job at Laurel, and they tried to pull out all the stops to win the game.”

“He put his best players in the positions that might help win the game for them. But we were able to take advantage of the pressure and sneak in and steal a pass. And when you can counter the way we can, things just work out.”

West Jones improves to 12-7-1 and 4-1 in Region 5-5A. The Mustangs will play at home in the first round of Class 5A boys soccer playoffs and defend their south state title from a year ago.

“This time is all about how you are playing, how good your team unity is and how many players you can keep healthy,” said Sullivan. “Our concern right now is injuries. We have a few guys that are still nursing a few injuries, but they are playing through them. Due to the MHSAA backing things up a week, we should have

everyone back healthy.”

Due to last weeks snowstorm, the MHSAA pushed playoffs back a week and extended the regular season through February 3. The state championship games for Class 5A are set for February 17 at Brandon High School.

Laurel falls to 8-7 overall and 3-3 in Region 5-5A.
