NEVER FAIL NOVENA

May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever.
Oh, Sacred Heart of Jesus, pray for us.
St. Jude, worker of miracles, pray for us.
St. Jude, helper of the helpless, pray for us.

Say this prayer nine (9) times a day. By the eighth day your prayer will be answered. It has never been known to fail. Publication must be promised.

SHOP TODAY'S LOW PRICE TAGS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

Patients who develop itchy wheals in response to cold or friction benefit from treatment with Xolair (Omalizumab), a drug normally used to treat asthma. Two studies published in the current edition of the Journal of Allergy and Clinical Immunology have shown the drug's active substance to be highly effective against different types of urticaria (hives). Cold urticaria and symptomatic dermatographism are different forms of inducible urticaria, a skin disease characterized by itchy wheals, which develop in response to physical stimuli such as cold or friction. Patients with cold urticaria, for instance, cannot go swimming in the sea without risking an allergic reaction that may lead to shock; similarly, they cannot hold items colder than room temperature. In patients with symptomatic dermatographism, even gentle friction, such as that caused by clothing or physical contact, can result in severe itching. People affected by the disorder often experience a reduced quality of life, and are forced to make adjustments to both their social and working lives.

Most cancer-related deaths are the result of post-surgical metastatic recurrence. In metastasis, cells of primary tumors travel to other parts of the body, where they often proliferate into inoperable, ultimately fatal growths. A new study published in Clinical Cancer Research finds that a specific drug regimen administered prior to and after surgery significantly reduces the risk of post-surgical cancer recurrence. These medications, a combination of a beta blocker (which relieves stress and high blood pressure) and an anti-inflammatory, may also improve the long-term survival rates of patients. The treatment is safe, inexpensive-two medications similar in price to aspirin-and easily administered to patients without contraindications.

U.S. AIR FORCE AIRMAN JORDAN LOWERY

graduated from basic military training at Joint Base San Antonio-Lackland, San Antonio, Texas. The airman completed an intensive, eight-week program that included training in military discipline and studies, Air Force core values, physical fitness, and basic warfare principles and skills. Airmen who complete basic training also earn four credits toward an associate in applied science degree through the Community College of the Air Force. Lowery is the son of Cassandra Scruggs and grandson of Paula Hoover, both of Hanceville, Ala. He is a 2016 graduate of Hanceville High School, Hanceville, Ala.

Satan promises life (Gen 3:4, Ezek 13:22) to live opposite (2Cor 11:13-15) of what The Holy Elohim gave for Israel and the stranger to live by (Exodus 12:49, Lev 24:22, Jn 1:1,14, Mt 5:17-19, Acts 3:23, Heb 13:8,1Jn 3:8-9). Many do not know The Holy Truth (Jn 14:6, 1Jn 2:3-4, 3:8-9) yet with reprobate minds trust in lies made as truth (Rom 1:17-32). So Be It!

Saving You MONEY

SHOP TODAY'S LOW PRICE TAGS:
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

NO LIMITS:
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
