Sertoma equips local entertainment facilities with hearing loop systems

By Linda Cranford

Thanks to Sertoma of Laurel, many people with hearing challenges will be able to better hear and understand performances in local auditoriums and performing arts centers.

Sertoma of Laurel President Sandy Meaders announced on Thursday, March 22 at the club's weekly meeting at the Laurel Country Club that the completion of the club's two-year project to have a state of the art hearing loop system installed in five local entertainment facilities in Laurel and Jones County. The systems were installed in all three of the Jones County School's performing arts centers as well as the auditorium at Laurel High School and the Laurel Little Theatre.

Representatives from all five facilities were in attendance and were presented plaques that will be displayed at the facilities to give awareness of the club's contribution. They were also given signage of the national symbol which indicates that a hearing loop system has been installed in the facility and reminds those with hearing aids to switch their hearing aid to t-coil mode. In addition, each facility received a separate receiver with headphones for those who do not have a t-coil.

Those present representing each facility included

Also present was Dr. Tommy Parker – Jones County Schools superintendent of education, and Kendra Covington – Laurel School District assistant superintendent.

According to information provided, “the hearing loop system provides a wireless transmission directly to a person’s hearing aid or hearing loop receiver. The hearing aid user simply turns on their telecoil program and receives a clear audio

signal matching their hearing loss without interference from other sounds.”

Eric Byrd served as program chair for the project and explained that due to the size of the performing arts centers in the county schools, the looping system only works in the middle section of the auditoriums.

Student of the Month from each area school was also announced at the meeting on Thursday. The recipients included Adam Carmichael – LHS, Anna Landrum – NEJ, Kaneisha Fortenberry – WJ, Luther Thompson – SJ, and Sophie Biglane – LCS.

March declared Intellectual/Developmental Disabilities Month in Laurel

By Linda Cranford

Laurel Mayor Johnny Magee signed a proclamation declaring the month of March as Intellectual/Developmental Disabilities Month in the City of Laurel. On Monday morning, March 19, a few residents of Ellisville State School gathered in the mayor’s office for the proclamation signing.

The proclamation brings awareness to the fact that there are some citizens of Laurel and Jones County with intellectual/developmental disabilities and states

that they share the same desires as others including goals in education, meaningful work, and an independent community life.

Individuals with intellectual or developmental disabilities have the ability, and the right to work, worship, learn, and enjoy life wherever they choose. They contribute significantly to their schools, families, relationships, neighborhoods, faith communities and the workforce, and deserve the total support, respect, and acceptance of all citizens of the City of Laurel.

SCRMC's 10th Annual Art of Healing Fundraiser

By Linda Cranford

The South Central Health Care Foundation of South Central Regional Medical Center is dedicated to improving the health of the Laurel/Jones County community by offering free health care screenings, support groups and other community initiatives. For the past ten years local artists and artist across the country and abroad have donated their creative pieces of art to be auctioned to raise funds for the foundation. Saturday night, March 25, the foundation held its 10th Annual Art of Healing Auction and Exhibition fundraiser. Hundreds gathered at The Gables for an evening of delicious food, entertainment, a chance to give to a good cause and take home beautiful paintings, woodwork, jewelry, mixed media, pottery, iron work, hand carved knives, and other types of art. Over 150 pieces of art were donated this year by artists from all over Mississippi and the Pine Belt area, and throughout the United States.

For the second year, the Silent Auction was handled electronically with all bids being placed online through a special app. Everyone was able to keep up with the bidding on their smartphone or tablet and was notified when someone outbid them on an item. The popular "Wine Pull" was back this year – which is where guests paid \$20 dollars a pull and the number on the pull corresponded with a bottle of wine. The wines ranged from inexpensive wine to the \$100 per bottle wine.

Another unique way to give was introduced this year by Hill's In-House Jewelry entitled Bubbles and Bling. For \$50 guests could choose a goblet with a blue jewelry bag attached and fill their glass from the champagne fountain. Inside the jewelry bag was a stone which could be either a cubic zirconia or the one half-carat diamond worth approximately \$1,400.

Local artist Mark Landis was on hand and created a painting from a small photograph of Downtown Laurel back in its early days. Landis playfully reprimanded Linda Gavin, SCRMC vice president of marketing, for giving him such a small photograph to work from. His finished painting was later purchased during the live auction by Pam Shell of Ellisville for \$750. Another local artist, Terry Lee Bustin, was also on hand painting in his unique style of using a toothpick to create a very detailed work of art.

As the crowd of more than 500 filled The Gables, the song "Celebrate" by Three Dog Night could be heard

Among Becky Collins, SCRMC communications and community relations director, favorite pieces at the Art of Healing this year was this opportunity to have a portrait of your house painted by artist Betsy Powell. Photo/Linda Cranford

playing in the background. In addition to be the annual fundraiser event for the foundation, the evening was also an opportunity to celebrate SCRMC's 65th anniversary. Throughout the evening, a slideshow of old photographs of former employees and doctors of SCRMC was projected onto the big screen.

SCRMC President and Chief Executive Officer Doug Higginbotham and the SCRMC Board of Trustees – a which includes Becky Brewer, Lewis Goins, Victor Jones, Mike Lowe, Arthur Siggers, and George Walters – honored long time Board of Trustee member Frank Therrell. Therrell has served on the board since 1985.

"Frank is a native of Jones County and longtime resident of Ellisville. He is best known as the pharmacist and owner of Therrell Drugs," said Higginbotham. "Frank is the longest serving board mem-

ber in the history of the hospital. He is also the longest serving board chair, having held that position for 15 years. During Franks 32 years of service, the hospital has experienced a tremendous amount of growth. When he joined in 1985, there were three hospitals in Jones County – Laurel General, Ellisville Municipal, and Jones County Community Hospital. While the others closed, Jones County Community Hospital remained open, and we changed the name to South Central Regional Medical Center, a name Frank had a part in selecting. When Frank came on board we had revenue of \$26 million and about 780 employees. We will run approximately \$200 million this year and we have about 2100 employees. Frank has overseen all of this. We've benefited from Frank's leadership in the past, and he continues to be a member of the board. His wisdom is invaluable. He doesn't say a lot, but when he does we listen."

"It has been a privilege to serve on the board for as many years as I have," said Therrell. "Take care of the hospital we can take care of the people of Jones County. Thank you!"

Entertainment for the evening was provided by Dr. Zarr's Amazing Funk Monster.

Murray named Sports601 Basketball Coach of the Year

Sharon Murray wasn't exactly sure how the season would play out. Losing three talented seniors to graduation after the 2016-2017 season left the season ahead with plenty of unknown variables.

So how did the season play out?

"It was a blessing to be able to play in the last big 5A game of the year," said Murray. "We wanted to come out and do our best. We didn't know how the season would turn out [in the beginning]. We lost three seniors who are now playing college ball. But we took what we had and made another run."

After sweeping the Region 5-5A Girls Basketball Tournament with a 55-50 win over county rival South Jones, West Jones won its next two playoff games to advance to the MHSAA Class 5A State Tournament. There, it pulled together two more wins, a 59-50 win over Holmes County Central and a 72-60 win over Ridgeland, to make its appearance on the biggest stage in 5A girls basketball.

West Jones ended the season as runner-ups, falling to Hattiesburg 48-47 in the 5A title game.

"The girls came out and knew how to play well together," added Murray. "We had girls that stepped up offensively and take the load as far as scoring."

Three Lady Mustangs finished the season with double-digit figures in points per game. All were underclassmen. Sophomore guard Brikayla Gray led the team with 17.4, while juniors Jurnee McLaurin and Brianna Carr netted 16.4 and 11.7, respectively.

"We had other players that played key roles," said Murray. "Our girls just knew their role and played it well. It ended up being a good team, a team with a lot of chemistry. Whenever someone didn't have a good game, I would always have someone else step up and have a strong game for us. Our girls played with a lot of pride and competed in every game. We never really

Sharon Murray

got blown out."

Putting the pieces where they fit best, Coach Murray and the Lady Mustangs finished the season 26-4 overall and enjoyed win-streaks of four, nine, seven and six.

"It was a great season," said Murray. "To be able to win district and go on to play in the final game of the year, I'm extremely proud of my girls in what they were able to accomplish."

The former West Jones basketball player herself is a master at taking what's there and using it to the teams advantage. In recent years, Murray's players on the court have been gifted with speed. She's used it to the teams' gain. West Jones' identify in the past several years has been its ability to score quick baskets in transition, not allowing defenses the time to set up.

"I've been really blessed," said Murray.

"God has blessed me with girls that do have some speed. You can't always put speed in somebody, but as long as they have a little bit of speed I try to start with them. We try to get them to get as many fast break points as possible. But I couldn't [use this method] if we didn't have the players that could do it." Murray is our 2017-2018 Sports601 Basketball Coach of the Year.

Holliday named Sports601 Girls Basketball Player of the Year

By James Pugh

It is certainly possible to be the most dominant player on the court and not lead the team in points per game. South Jones senior forward Endia Holliday was an example of that.

Just over a point per game shy of the team's leading scorer, Holliday dominated in other ways.

"Endia has played for me for the last four years," said South Jones girls basketball head coach Sherri Cooley. "As a matter of fact, I moved her up during her eighth-grade season to play with the varsity."

"She's been a big force for us on the inside. She's led our team in rebounds for the last four years."

Holliday averaged just under 10 rebounds per game during the 2017-2018 season, finishing with 257 rebounds in 31 games played. And in points scored, the senior forward averaged 13.9 a game, 1.2 points under junior guard Jordan Clark who led the team in that category with 15.1 points per contest.

Other stats Holliday dominated in are total team blocks and chargers, swatting down 44 shot attempts and collecting 11 charges to her name.

"She's a very good defensive player on the block," Cooley said. "And she has

great speed and quickness for a girl her size. So, she can run the floor with guards. She's going to be someone that is going to be hard to replace. Of course, she's not going to be replaced, but we just hope we can get someone to live up to some of her abilities to help the team out. She will be missed."

Her domination on the court in multiple areas led South Jones to its healthiest finish in four years.

South Jones girls ended the 2017-2018 season 25-6 overall and fell one game short of reaching the MHSAA Class 5A girls state tournament in Jackson.

"We had a great season this year," said Holliday. "We were pretty dominant, but we fell short. But it was all for the best. I enjoyed my senior year. I was sad it came to an end, and I felt like it ended too soon, but it's all part of His plan."

This is certainly not the end of the road for Holliday. The star forward signed with JCJC women's basketball back on Nov. 17 of last year.

"I chose to stay close to home," said Holliday about her decision to sign with the Lady Bobcats back in November. "I wanted to be in a friendly and family environment, and Jones was the best to me."

Holliday added to that this week calling the upcoming transition "bittersweet."

Endia Holliday

Photo/James Pugh

"But I'm ready," Holliday added. "I'm ready for something new."

Cooley says she feels that Holliday has yet to reach her full potential as a basketball player.

"Endia has so much ability," said Cooley. "I don't think she has reached [her peak] yet. She is going to do so much

more at the JUCO level. Coach Missy Bilderback at JCJC is such a great coach. Endia will have another voice instructing her, and I think she is going to get more out of her. Endia is going to do great things at Jones."

Holliday is our 2017-2018 Sports601 Girls Basketball Player of the Year.

Grimes named Sports601 Boys Basketball Player of the Year

By James Pugh

Bay Springs head coach Corey Mackey was consistent in his use of the phrase, "we're consistent at being inconsistent." The frequently used phrase was a reference, among other things, to his players competing for double-digit points in each of its 30 games during the 2017-2018 season.

Among the inconsistencies was one constant and consistent double-digit points leader - junior guard Kevin Grimes. "Grimes worked hard in the off-season," said Mackey. "He just that kind of a player, he's an extremely hard worker and a team player. It's paid off for him."

Grimes averaged just above 19 points a game (19.7) during his sophomore season in 2016-2017. This year, the 6'3 guard averaged a team-high 21.7 points per contest. His biggest game of the season was his first, scoring a season-high 41 points in a 79-76 loss to Laurel, who at the time claimed the title as the defending 5A state champs.

Grimes was a significant factor in Bay Springs' trip to Jackson and appearance in the MHSAA Class 2A State Championship game vs. Coahoma County. In three games Bay Springs played in the 2A state tournament, Grimes averaged 19.3 points per contest, scoring 22 vs. Ingomar, 17 vs. South Delta and 19 vs. Coahoma County.

"It's just my ability to score," said Grimes when asked about what he felt he brought most to the team. "I try to do everything I can do to make it happen."

Mackey said those averages would likely increase next season.

"He's gone from 19 points per game last year to 22 this year," noted Mackey, "and that number should grow to 25 to 28 next year."

Only one other Bulldog, fellow junior guard Jacorrieous Moore, finished with a double-digit average in points scored this season. Grimes ended the season with 652 points, more than doubled the number collected by Moore who netted 307.

Stats only tell half the story. Grimes believes his consistency starts with hard work in practice.

"I just had to work hard in practice," Grime said. "It all starts in practice. If you work hard in practice and you'll play hard in the game."

Mackey says Grimes brought more to the team than just double-digit averages in points scored per game.

"He brought a lot of heart and hustle to the team," Mackey noted. "He was our second in rebounding and so on. He does a lot. He was our most valuable player."

Grimes said it was a blessing to make it as far as he and his teammate did during the 2017-2018 season.

"There are a lot of teams that don't

Kevin Grimes

Photo/James Pugh

even get the chance to get to the state championship game," said the junior. "It's a blessing and I thank God that we even made it there."

No offers have come Grimes' way yet, but two schools - Jones County Junior College and Southern Miss - have shown interest.

The outlook for next season is optimistic. With Grimes coming back, Mackey see's a bright future ahead for the 2018-2019 season.

"We left something [behind] that we have to go back and get," said Mackey. "With Grimes and the majority of the team coming back, we can do it."
