EL-GHS to celebrate 100 years of history

Alumni, faculty and staff are invited to join in the celebration of 100 years of education excellence at this year's commencement ceremony on Sunday, June 3. On that day, the 100th graduating class of Elkhart Lake-Glenbeulah High School will receive diplomas.

To make this milestone extra special, the Class of 2018 invites alumni of the district and retired administrators, faculty, and staff to attend the ceremony. We will have special seating by decade of graduation for the alumni and special seating for former employees as well.

In the slide show, the class plans to feature not only themselves but also past graduates and classes. If you are an alumna/alumnus of EL-GHS and are related to a senior in this year's graduating class, please submit your senior photo to be included in the slide show. Other appropriate pictures from the past are welcome, too.

Pictures should be labeled with your name and address, so that you get them back, and may be dropped off at the high school office for Mrs. Lund, Sr. Class Advisor, or Mr. Yasko, Yearbook Advisor, between now and May 1.

As not everyone receives the Resorter Reporter, please feel free to share with others. It would be great to fill the bleachers to this 100th year celebration!

In addition to having photos in the slideshow, we would like to have EL-GS memorabilia on display in the trophy case for the Month of May and through the graduation ceremony. We have also the EL Chamber of Commerce window reserved to also showcase the excellence of the EL-G school experience for the past 100 years. If you have items you would be willing to share to put on display, please bring them to the EL-G High School Office. This may include letter jackets, letter sweaters, class rings, photos, pep banners, pins, etc. Share your Resorter pride! All items will be returned in mid-June.

We would like to also have your stories from the different decades of students who went through EL-GS. If you have some memories/stories to share, please either email them to Ann Buechel Haack at abhaack@goresorters.com or mail them

Culinary artists from Elkhart Lake competed for top honors at the 9th Annual Top Chef Elkhart Lake on Sunday, March 11 at the Osthoff Resort. The 2018 Top Chef Elkhart Lake featured a new competition recipe, known as the Quick Fire Throw Down. Funds raised through Top Chef Elkhart Lake support the Midwest Council for Children with Disabilities (MCCD), a registered not-for-profit charity and 501 (c)(3) organization, assists local children with therapy, medical treatment, equipment and supplies that are unaffordable and not covered by health insurance. STUDENT ENERGIZES THE ELG HIGH SCHOOL

Environmental Science Class inspires a change.

Solar panels are currently being installed on ELG schools, thanks in part to former 2017 grad, Holly Francis. While learning about the effects of sustainable energy, she thought, "Why shouldn't my school benefit from solar technology?" Together with her teacher, Travis Moore, they researched and presented the benefits of solar panel installation first to the administration team and then to the school board. With everyone working together, a final installation plan was approved. Students also took the lead to develop the SOS (Solar our School) fundraising campaign to offset costs. The lack of bureaucratic layers and the ability for students' concerns to be heard made this whole project a seamless process from start to finish.

If you'd like to find out more about an educational environment where responsible young community members are raised, academic excellence is promoted, and bright ideas are always welcomed, please contact either principal, Debbie Hammann or Ryan Faris. They would also welcome the opportunity to arrange a personalized tour.

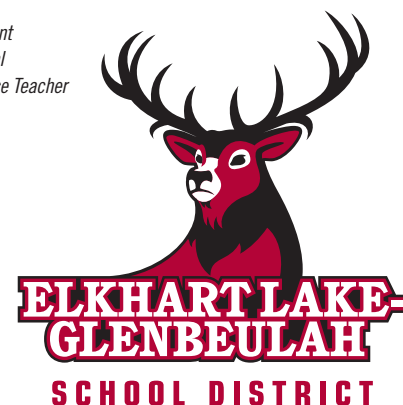

Good things are happening here.

Slippers

I LOVE slippers! No, I don't mean that I LIKE slippers or that I enjoy wearing them when the floors are cold or when I'm lounging about after a hot shower—even though I do. No. What I do mean is that I really LOVE slippers—at any time of day, on any occasion, or during any season of the year.

No, I'm not writing about those fancy kinds of slippers that hang onto your feet by one or two dainty threads or straps. Nor am I referring to the fluffy bits of cotton that cover your toes for one wearing but then disintegrate at the slightest stretch, or pressure, or moisture. Nor would I necessarily recommend the "slippers" that borrowed their name from the slippery soles they sometimes sport.

No, the slippers I love are stretchable and sturdy, resistant to occasional stress, raindrops, or slippage, long lasting and comfortable in actual usage. In fact, I'm wearing a pair right now as I draft this article. I can wriggle my toes, stretch my legs, and still manage to walk about the office while creating the next paragraph of this page.

Not easy, but not too difficult, either. Those of you who have read some of my previous essays may find this one a bit different—I don't usually "recommend"

a particular product or solution to a common problem. But here goes. If your slippers don't satisfy some of the issues mentioned in paragraphs two and three above, give some thought to the idea of buying some new ones!

Where can you find them? Not as difficult as it might first seem. You may not be accustomed to do your shopping at Target, Walmart, or Shopko, but for some items they can't be beat. And don't feel that you have to give up either style or comfort. Both are available. You may be in the habit of shopping "online" for some clothes, and certainly for accessories, but you can't try those slippers on by relying on your computer. If you really seek comfort as well as style, try those slippers on! That's what those little chairs are for in the shoe department—use them!

I must admit, however, that since spring and summer are now upon us, my warm, cozy, comfy slippers may be a "little much." Though I won't have to "pack away" any purely winter slippers, I might occasionally succumb to something more sleek and more airy than hairy for the really hot days of summer. After all, neither I nor my slippers certainly don't want sweaty feet!

Sohn Mfg. has diverse product lines

One of the Elkhart Lake Chamber of Commerce's new members for 2018 is a long-time fixture in the community.

Sohn Manufacturing continues to be one of the foremost manufacturing firms in the village of Elkhart Lake, creating equipment and products that serve both national and international markets.

Sohn Quality Custom Labels

Sohn Manufacturing is a widely diversified company, offering three divisions. The first division is the Sohn Quality Custom Labels; the second is The Manufacturing of Small Table Top Flexographic Label Printing Equipment to stand alone Custom Converting Equipment and Rotary Tooling, the third is SMI, Sohn Medical Innovation.

Sohn Quality Custom Labels offers Flexographic Printing Division with complete Digital Pre-Press Department and has experience personal producing labels for many years. Sohn has a wide variety of Label Stocks available allows Sohn to supply Label to many markets. Sohn has several printing presses, which allow one color to multi-color process label printing capabilities. Custom Pantone color matching capabilities is also available.

Sohn supplies labels to many area businesses and across the United States and big International Companies. Sohn is currently offering Digital Printing Labels with Digital Die cutting capabilities. Sohn has state of art Digital Press and state of the Art Laser cutting machine that will allow Sohn to be competitive in the future Label printing market.

Label printing equipment

The Second Division of Sohn is the Manufacturing of Small Table Top Flexographic Label Printing Equipment to stand alone Custom Converting Equipment and Rotary Tooling. The machines and equipment are made to the customer request. The equipment ranges from simple Flexographic Label Printing to Complex Multi-Color / Multi Station standalone equipment. The companies that buy this equipment are starting up Label Printing Companies and Complex Printing and Converting Companies Worldwide.

Sohn has the capability of adding custom-made Rotary Tooling to its equipment at the customer's request. The Rotary Tooling is made to die cut label stock, Velcro, gasket, electronic components, cell phone components, pharmaceutical components, medical products, packaging for food, and many other high-volume products.

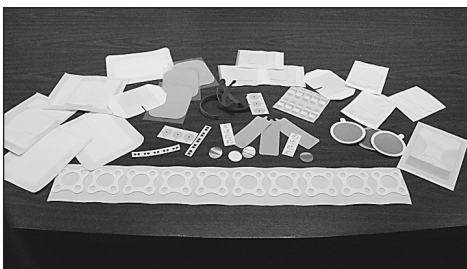

Sohn Medical Innovation

The Third Division of Sohn Manufacturing is SMI (Sohn Medical Innovation). This Division was founded by Wallace Beaudry in 1975 as a contract manufacturer.

SMI specializes in the converting and rotary die-cutting of disposable films, non-woven, tapes, and foams and yes, even honey, for medical, industrial and OTC markets under private label branding for customers worldwide. SMI is an PDA registered facility and holds

Custom labels have long been a Sohn Manufacturing product.

SMI generates many specially die-cut products for the medical field.

Custom made die-cutting tools are used to create impressions and shapes.

certification in international standards ISO13485 and ISO9001.

Companies throughout the world partner with SMI, not only as a converter, but also as a research and development arm—assisting them in bringing new concepts to fruition.

SMI has helped customers bring to market items such as a popular breathing aid, DNA-collector swabs, various types of wound care bandages (used in home health care, hospitals, EMT Responses and the military) gaskets and adhesive pads used in industrial applications.

With all three divisions contributing to the equation, Sohn Manufacturing is recognized as a worldwide manufacturer of many quality products and services in today's market.

Label printing equipment is one of Sohn's key product lines.

Pavers for Veteran can be purchased

The Memorial Tribute Program put on by the Elkhart Lake Lions Club is fast approaching. This year's program will be held at 11 a.m. on Saturday, May 26 at Memorial Park, located on the corner of Highway 67 and Chicago Street.

Pavers to honor area veterans are available for purchase through the Lions Club. To ensure dedication of these pavers at this year's program, applications should be submitted no later than April 30.

The pavers come in three sizes: 6x6 for \$75, 6x12 for \$125, and 12x12 for \$250. Forms and information may be obtained by contacting Gary Kegler at (920) 946-6197 or by emailing gkarchit@yahoo.com.

Checks should be made out to the Elkhart Lake Lions Club. Further details concerning this year's program will be made available at a future date.

CSB strives to build financial foundations

Cleveland State Bank is one of the new members of the Elkhart Lake Chamber of Commerce in 2018.

The mission statement of Cleveland State Bank (CSB) is what drives employees on a daily basis - "Building financial foundations for successful client relationships that continue for generations." It is how they operate the bank, who they are as individuals, and how they live their own lives.

A large percentage of CSB's client base spans multiple generations. As they grow, so does their staff, which also extends many generations. This allows CSB to serve all generations and diverse needs equally. The dedication CSB staff has to the community is apparent in the employees relationships to the clients and the time taken to fulfill their financial needs.

Cleveland State Bank staff emphasizes that their first consideration is client service in everything they do. To reach their best, CSB has a core of seven guiding principles that they focus on. They are undoubtedly visible throughout the bank - Be the Solution, Reflect What You Expect, Learn and Grow, Bring Joy, Believe to Achieve, No Excuses, and Commitment to our Communities.

CSB's commitment to communities is instrumental to the success of their clients and to the surrounding communities. It begins with CSB lenders who are cognizant of their clients demanding schedules, and the importance of the time it takes to run a successful business.

For that reason, Branden Boerner, a familiar commercial lender to the area, recently joined the Cleveland State Bank team to serve the Elkhart Lake area. Branden, along with the existing strong team of lenders, is unique to the financial industry for the reason that they live here, know the communities, and understand the financial needs of their clients.

CSB's commitment to communities is also evident by the employee charity squads created to serve local non-profit organizations. CSB management supports, and encourages, the charity squads to utilize work time to commit to the chosen charities, such as local food banks, veteran organizations, children's cancer

Branden Boerner

and nutrition organizations, and local hospice center.

The main initiative of CSB is to provide value to clients through financial education and support the area's education system. For over ten years, CSB has been the recipient of the Wisconsin Bankers Association's Educator of the Year award by providing resources and talented staff to teach financial literacy in our area schools. In addition, the Bonzai Financial Literacy Program is available to Elkhart Lake-Glenbeulah teaching staff, as well as other local schools, on behalf of Cleveland State Bank to utilize in their own classrooms. CSB also encourages individual education for the staff to become experts in the banking field.

Enhanced technology is available, including mobile products and person-to-person payments, as well as, instant issue debit cards to effectively and immediately protect clients from fraud or lost and stolen cards.

Cleveland State Bank was a 2017 recipient of the Institute's Banker™ Award for their commitment to excellence in banking and to their community. This recognition is given exclusively to the top 1-percent of community banks.

VOTE 
TUESDAY, APRIL 3

MIKE WOLF

Served 8 years as Village Trustee

Served 13 years on Planning Commission

Chairman of Public Works Committee 6 years

Chairman Municipal Planning and Development Committee

Served on Economic Development Committee

Served on Community Development Authority Committee

Business Owner 33 years

"We're fortunate to live in a beautiful community, rich in heritage and a pristine lake under the care of the Elkhart Lake Improvement Association. We have dedicated volunteers supporting our Fire Department and First Responders. They are available on a moment's notice when our lives are in crisis. Our tourism has had steady growth and Elkhart Lake has become a world class resort and convention destination."

"With all the positives Elkhart Lake has there is still room for growth. We need affordable housing for families, our citizens in their twilight years and our work force. Families are needed to expand our school enrollment."

Mike brings to the table a working knowledge of how the board operates both present and past. He has an open book policy of objectively looking at both sides of an issue and doing what is best for the community. He welcomes new ideas and believes the entire Village Board should be involved in the decision making.

"Everything I do is for our Village and You."

Mike Wolf is your vote on the April 3, 2018 ballot.

REINS connects people with horses

By Mike Mathes

for the Depot Dispatch

Since 1982, a program known as REINS, Inc. Equine-Assisted Activities and Therapies has provided opportunities for people and horses to connect for therapeutic purposes. Clients with physical, cognitive or emotional challenges are paired with horses in the REINS riding experience to assist in the treatment of a variety of challenges under the instruction of a PATH Certified Therapeutic Riding Instructor. REINS, Inc. places its focus on equine-assisted activities and therapies to improve the participants' quality of life, inspiring personal growth, challenge and development. A non-profit organization, REINS, Inc. is dedicated to improving lives through planned therapeutic interactions with horses.

Many benefits

Among the many benefits of REINS' efforts are the following— **EDUCATIONAL** - promoting reading and math, improving sequencing, patterning and motor planning; **PSYCHOLOGICAL** - promoting self confidence, pride, independence, normality, self control and control of fears; **SOCIAL** - improves listening skills, attention span, provides opportunities to make new friends and networking for families. **PHYSICAL** - improves sitting and standing balance, decreases spasticity and abnormal movements and improves posture, flexibility and poise.

Part of care

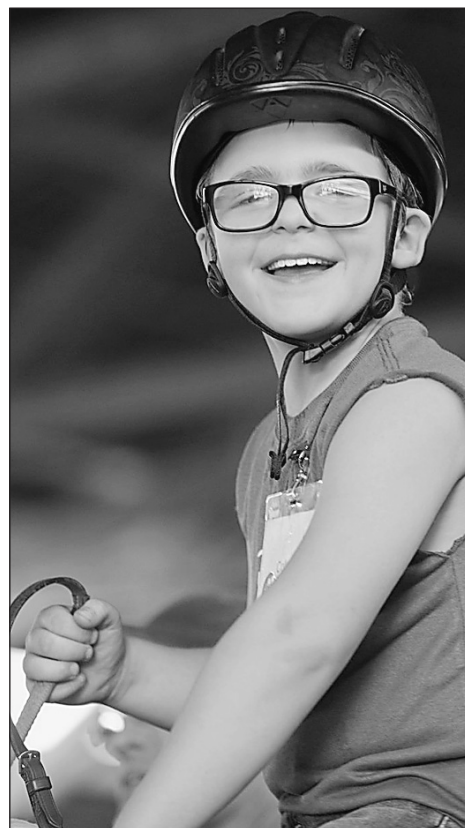

"Our participants come by way of recommendation of therapists, school counselors and physicians, sometimes with the encouragement from parents or guardians who have heard about our program and are seeking a unique and powerful therapy to help their loved one," Zimmermann said. In 2018, the program appears to be growing in leaps and bounds. Program Director Theresa Zimmermann said that the number of clients for the program has increased from 38 to 67 riding participants.

REINS sessions

While REINS was originally housed at Lakeshore Technical College in its early years, the program now calls Majestic Crossing Dairy its home, on County O, near Sheboygan Falls. Owners of the property and building allow REINS to take over a storage building in the late spring through summer for the program. Horses are "loaned" to the program from their owners, and REINS works to train, feed and care for the horses on the site. "Our landlords are very generous, as they offer us a lease for \$1 a year. Many horses participate from previous years, but REINS has the ongoing task of recruiting horses to be part of program. "Our horses get great care and training, and they are just so loved by the participants in our program," Zimmermann said.

People recruitment, too

REINS is also in the business of people recruitment as well. In addition to the qualified and PATH accredited instructional staff, REINS also depends on a force of volunteers to assist with the riding therapy. It takes up to three volunteers to properly assist and provide a safe experience for each rider. Do the math. That means more than 200 volunteers are needed each year to help provide the REINS experience to its clients. In addition

tion to being around the riders, volunteers also get a huge dose of horse contact. They assist with grooming the horses, providing clean stalls, fresh water and hay, and assisting with riding equipment. "They get to assist in the arena with our instructors and provide an extra set of eyes during every lesson," Zimmermann added. Volunteers can be as young as 12-14 years old, depending on the role they are called on to fill. Some get to lead horses, while others may be side-walkers. Every volunteer gets more than two hours of training. They come back for a dress rehearsal the week before the therapeutic sessions start to get introduced to the challenges their rider faces on a daily basis, what their likes

and dislikes are as well as the goals their rider has set for the summer. "We actually bring mock riders out to act out the roles of our clients the week before the therapy begins. It helps our volunteers become familiar with their rider before we start," Zimmermann said. Therapy sessions are held from June 11 through August 24. Riding experiences take place each weekday except for Wednesday. Wednesdays are reserved for their Equine Assisted Learning Program and utilize ground based lessons. These are horse related therapy sessions, without riding. Working with equines provides opportunities to teach critical life skills such as trust, respect, honesty and communication. Up to 24 youth and teens

will participate in this program during the 2018 season. In addition to weekly classes, extra weekend seminars will be held to allow the PATH Certified Equine Specialist in Mental Health and Learning to work with up to 49 youth of both Sheboygan and Manitowoc County.

Donors offer key support

REINS, being a non-profit organization relies heavily on support from donors in the community, both individuals and organizations. One of their key supports has been the Midwest Council for Children with Disabilities, offering significant contributions through the Top Chef Elkhart

REINS

continued from page 6

Lake fundraiser held each year. Riders pay a tuition fee of \$400 to take part in the REINS program, but the actual cost of each rider's participation approaches \$1,200. Many generous donors have begun to offer contributions for the full cost of a rider in memory or honor of family members, as one example of how generosity supports REINS. Those wishing to donate, volunteer or learn more about REINS are encouraged to contact the organization by calling 920-946- 8599 or visit their website at www.reins-wi.org. If you would like to make a contribution you may do so through their website, Facebook page or by mailing a check or money order, made payable to REINS, Inc. and mailed to: REINS, Inc. PO Box 68 Sheboygan Falls, WI 53085

UCC dedicates new entrance

Community United Church of Christ welcomes all to join us in the dedication of our new accessible entrance on Sunday, April 29 during the 9 a.m. worship service with a reception to follow.

Jung Construction LLC has served as the general contractor for this project and Jeff Smies of Smies & Associates, Architects LLC provided the design work.

Members of the church building committee included chairperson Pat Ingraham, Clarence and Char Goetsch, Jim Heidner, Dennis Jung, Darryll and Debbie Matthies and Pastor Deborah Tyler.

Setting the record straight

In last month's Depot Dispatch, we mistakenly published an incorrect last name for the Osthoff Gift Shop buyer/manager.

The manager's correct name is Kimberly Saeger.

Our apologies for any inconvenience this error may have caused.

Send us your calendar items to depotdispatch@elkhartlake.com

Looking for additional income?

Elkhart Lake Chamber of Commerce is currently seeking entire houses, condos, cottages or rooms in Elkhart Lake to rent out for vacation/ race weekend rentals.

EL-GHS

continued from page 1

to, Attention Ann Buechel Haack, EL-G School District, PO Box 326, Elkhart Lake, WI 53020.

These memories will be shared on our school website and hopefully enough will be shared to compile for distribution at the graduation ceremony. For example, while waiting in the chiropractor's office, a story was shared about how music was played in the original high school gym (now the elementary gym) during lunch hours so the students could dance and they all did—even the fellows. Another graduate shared how traumatic it was when Elkhart Lake and Glenbeulah joined as one high

school as she had just ordered her class ring and it only had Glenbeulah on it!

Please share your stories with us. We'd love to have some from all the decades. And again, please let others know. The more who know, the more history we can bring back to life.

These are just a start. More activities to commemorate 100 years of excellence are also being planned. Watch for information on the district's website and in the local newspapers. And mark your calendars for Sunday, June 3 at 1:30 p.m. We hope you can join us!

UCC plans to join village sale

Community United Church of Christ is joining the Elkhart Lake village wide garage sale on May 4 and 5.

Come and shop for gently used items including clothes, kitchen items, knick-knacks, shoes, toys, cabinets, rug, Christmas items, wooden children's kitchen set

and many more interesting items.

Enjoy a cup of coffee, shop, visit and find treasures to take home with you. Some items are priced but most will be sold on a donation basis.

Entrance for the sale will be on the south side of the church at 174 North East Street.

Arbor Day event set April 27

The annual Elkhart Lake Arbor Day celebration will take place Friday, April 27 at 10:30 a.m.

Activities will take place at Victory Lane, near Cedar Landing.

Included in the program will be tree

planting and a program, including announcing of the poster contest awards. Everyone is welcome.

The Arbor Day posters are made by the 5th graders at Elkhart Lake-Glenbeulah Middle School.

16205 Little Elkhart Lake Road, Kiel, WI 53042

On March 8 the EL-G Elementary School hosted a family fun night to celebrate Read Across America. Tom Pease, musician and family performer, entertained students and their families in the elementary library. Tom combined the importance of reading with songs for children and their families. It was an awesome family event filled with songs that celebrated reading, books, and family literacy. The school thrilled that 120 students and family members were in attendance.

Real Estate Tips from Todd...

1. Buyers are much stronger if they take the time to find the right agent to represent them "before" they start looking for a home.
2. We are in a Seller's market! Take time with a REALTOR to fully understand all of your options in this market. Don't stand on the sidelines uninformed and wish that you were in the game!
3. If you are considering listing your home, take the time to walk through your home as though "you were the buyer"! Fix or clean all of the things that you see that would concern you as you walk through "your next home"!

Students unplug to celebrate life activities

EL-G Elementary students and staff celebrated Read Across America March 2-March 9 with a variety of activities. The theme of the event was "Read Across America Unplugged." Students and their families were encouraged to unplug from devices and spend time doing activities together like reading, exercise, crafts, cooking etc. Students and staff participated in special book-themed Dress Up Days for each day of the week:

- Monday "Odd Socks - Students wore silly socks to school.
- Tuesday "Caps for Sale" - Students wore hats to school.
- Wednesday "Wacky Wednesday" - Students wore mismatched clothing to school.
- Thursday "Green Eggs and Ham" - Students wore green to school.
- Friday "The Sleep Book" - Students wore pajamas and comfy clothes to school.

The special event kicked off on Friday, March 2 to celebrate Dr. Seuss's 114 birthday. Students met in the elementary cafeteria for a birthday celebration honor-

ing Dr. Seuss. Thank you to "Off the Rail" for providing the "Read Across America" cupcakes for the birthday celebration. On Wednesday JK-4 staff and students met in the library for buddy reading. The school also held "Stop Drop and Read" every day; students were expected to carry a book with them wherever they went because they never knew when the announcement would come. Students also participated in a daily trivia contest with questions related to various books. Celebrity Readers - Dr. Buechel Haack - District Superintendent and Mrs. Hammann - Elementary Principal visited classrooms throughout the week and read to the students. Students and families were invited to an evening event on Thursday, March 8th with performer, Tom Pease. The school community enjoyed a night of songs that celebrated reading, books and family literacy. On Friday afternoon students and staff meet in the library for flashlight reading and finished the day enjoying stories by various teachers and participated in games and crafts.

PAC celebrates 25th anniversary

Where can you see all your favorite performers in one place? We have a 'REALLY BIG SHOW' for YOU, ACTUALLY TWO BIG SHOWS! Please attend and help us celebrate our Silver Anniversary!

In celebration of its 25th Anniversary, the Plymouth Arts Center is presenting A Variety Show showcasing its many Performing Arts Groups. Weekend #1, Friday-Sunday, April 20-22 will feature four groups, Mill Street Live, Celtic Folk, Shamrocks & Shenanigans, and the PAC Theatre Company; Weekend #2, Friday-Sunday, April 27-29, features the Plymouth Arts Center Singers; Acoustic Open Mic Group; PAC Theatre Company, and the Sartori Concert Series. Two different shows, so please consider attending both shows! The Variety Shows are directed by Barb Zirwes Nysse and Kerrylynn Kraemer. The PAC is offering a discounted ticket for those wishing to attend both shows. Tickets for one show \$14 PAC members; \$17 non-members. Attend both shows and save, \$25 PAC members; \$31 for non-members. The shows are suitable for all ages and families are encouraged to attend. A Variety Show is sponsored by Sargento and 1420 the Breeze Radio Station.

Tickets may be purchased by calling the Plymouth Arts Center, (920) 892-8409; (voicemail 24hrs) or conveniently online at: www.plymoutharts.org, email: info@plymoutharts.org or visit our box office at 520 E. Mill Street, downtown Tuesdays-Fridays 10am to 4pm. Visa and MasterCard are accepted.

The Featured Performers

"Mill Street Live," now in its 10th year, was established at the Plymouth Arts Center in 2009. This summer musical revue features ten to twelve performers (17 and over,) who come together with a common goal to provide an exciting and highly energetic song and dance show. Their music selections span five decades and the show is appealing to all ages. Musical direction and choreography are organically produced within the group, as well as utilizing talents in art, costumes, staging, and general organization. In addition to the summer series, the group has presented several fundraising productions for the PAC, "Broadway Bound I & II," "25th Annual Putnam County Spelling Bee," "Love is An Open Door," "A Valentine's Evening of Mill Street Live," "Duets for the Arts," "MSL Date Night," and "A Walk Down Lover's Lane." This summer, seven shows will be presented on Friday nights featuring the MSL Alumni group.

The first "Shamrocks and Shenanigans," Irish Music Show was presented in March 2006. Plymouth's own Irish Lass, Mary Calvey, is the creator and director of this spirited show now in its 13th year. Each year is unique, but you can always be sure there will be traditional Irish ballads, pub songs, audience participation, a wee bit of Irish humor, possibly an Irish Dancer or two, and lots of fun! Musicians accompany on a variety of instruments, i.e.

fiddle, flute, bass, bodhrán, penny whistle, guitar, etc.

"Celtic Folk" and "Celtic Folk Christmas" were created and directed by Kerrylynn Kraemer and Tom Clegg. Inspiration for these shows was derived from the beautiful music of the popular national touring group Celtic Woman, and the wish to bring cherished traditional Carols and Celtic music to the PAC stage. The group consists of the lead singers, Kerrylynn and Tom & Friends, a chorus, and an acoustic band. Since 2013, three Celtic Christmas shows and Celtic Folk Memories have been presented. Look for two brand new Celtic Folk productions in 2019.

Theatre productions over the past 20+ years have included, dramas, musicals, comedies, melodramas, farces, and more. PAC's Black-Box/Studio Theatre offers a flexible space that allows for temporary seating in a number of different configurations, thus serving as the perfect setting for an intimate theatre experience for audiences and the actors too! Under the direction of Kerrylynn Kraemer, PAC Theatre Company's most recent productions were: The Carol Burnett Show; "Ring of Fire...a Tribute to Johnny Cash;" and "Nunsensations: The Las Vegas Revue." PAC has also collaborated with the Youth Theatre Company on seven productions, and with the Theatre for Young Audiences' Summer Traveling Shows. This fall and Christmas, Ms. Kraemer will be directing three musical productions, "Annie;" The String-Along Band Musical; and the "Story of the Nutcracker," (in partnership with In-Motion Dance Studio.)

The Plymouth Arts Center Singers made their first appearance in June 1999 with a concert entitled, "Broadway Revue." Freddie Noordyk was the musical director and pianist. The group was organized to offer an opportunity to adult singers in the greater Plymouth area to participate in a choral setting. The group has grown from 12 members to over 40 singers, who enthusiastically love to rehearse and entertain the community with their Annual Spring Concert, "Musical Potpourri," and an Annual Christmas Concert, "Colors of Christmas." The group is directed by Barb Zirwes-Nysse, who is also PAC's Performing Arts Coordinator, and her co-directors, Mary Fellenz and Freddie Noordyk.

Pete and Karen Scheuerman initiated the Acoustic Open Mic in August 2003 to provide opportunities for the "play at home" folks, of whom many are awesome musicians, to mix and network with musicians of all abilities. Typically, it runs once per month on a Friday evening, September through May. Today, Jamie and Amy Odekirk continue the Scheuerman's tradition, and have been coordinating the event since 2013. The PAC greatroom offers a cozy, friendly, atmosphere with excellent acoustics. The Open Mic has proved to be a great way for musicians and singers to gain stage experience and to make

new friends. Over the years, several small bands have formed as a result of the Open Mic. Whether you play an instrument or sing, and whatever genre of music you enjoy - folk, bluegrass, country, Irish, blues, jazz - everyone is invited to come on down and play/sing along. It's a great, free family night out in downtown Plymouth.

"An Evening of the Classics" The Joseph Sartori Concert Series, made its debut in November 2008 by Ensemble 'Eclatant, directed by Riley McKinch. The concert featured six accomplished performers who had either performed for PAC art show receptions or had presented their own recitals at the PAC. The concert pays tribute to the late Joseph Sartori and to thank the Sartori Family for the use of Papa Joe's Steinway piano. The Sartori Company sponsors the series. Jim Sartori offered these comments at after the first show: "Our dad, Joseph Sartori, while known primarily for his work with S & R Cheese/Sartori Foods, for most of his life, was also known as a highly accomplished pianist. Joseph's aunt, Ada Lombardi, an acclaimed concert pianist with the Philadelphia Philharmonic Orchestra, taught Joseph the piano, and especially "The Classics." While he did not pursue a musical career, as his aunt thought he

should, he did continue to play, practically daily, for the rest of his life. The Steinway grand piano used for "An Evening of the Classics" is the one our dad bought in the early 1960s. He played many of the same pieces performed for this concert for his own enjoyment, as well as that of his family and friends. The Sartori Steinway piano is on loan to the Plymouth Arts Center to allow others to play it, and for all of us to continue to enjoy the music that our father loved so dearly. Many pianists who have played "Papa Joe's" Steinway speak highly of its sound and feel privileged to have the opportunity to play such a wonderful instrument. Our dad will be listening to the concert, and the Sartori family is proud to be a part of "An Evening of The Classics." The Joseph Sartori Concert Series continues twice per year in April and October and is coordinated by Barb Zirwes-Nysse.

The Plymouth Arts Center is open Tuesday-Friday 10 a.m.-4 p.m.; Saturday & Sunday noon to 3 p.m.; or by special appointment. Closed on Mondays and holidays.

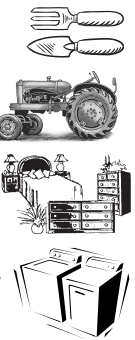

For more information, visit the PAC website: www.plymoutharts.org and follow on Facebook and Twitter or call 920.892.8409.

Elkhart Lake Village Report

Spring elections set for April 3

Spring Election Tuesday, April 3, 2018

The spring election will be held on Tuesday, April 3, 2018. The ballot has been set. The polls are open from 7 a.m. until 8 p.m. There is a State Supreme Court race, the village trustees' contests, the school board contest, county supervisor contest, and State Treasurer referendum on the ballot. We hope to see you at the polls on the 3rd. Photo ID will be required at all elections.

Dog Licenses

Please stop in at the Village Hall to license your dog by March 31. You need to provide a proof of rabies vaccination and pay the fee (\$7 per spayed or neutered dog and \$14 per dog if not spayed or neutered). A late charge will be assessed to all dogs not licensed by March 31.

Second Annual Shred Day

A reminder that the Village will be hosting our Second Annual Shred Day on Saturday, May 19, 2018 from 9:30 a.m. until 11:30 a.m. Once again we will have the shredding truck at the Elkhart Lake Fire Station located at 610 S. Lincoln Street. There is no cost for Village residents to bring your paper for shredding. Members of the Elkhart Lake Fire Department will be on hand helping unload your vehicle. A small donation to the Fire Department would be appreciated. If you have questions call Kim at 920-876-2122.

School Electronics Recycling Event

The Elkhart Lake Schools will be holding an Electronic Recycling Event at the high school on Saturday, April 7 from 8 a.m. until 12 p.m. The high school's National Honor Society Students run this event in the high school parking lot. Many electronics can be recycled free of charge, but some will have a charge including monitors and TVs. If you have questions please call Mr. Moore, the NHS advisor at 920-876-3381.

Household Hazardous Waste

Sheboygan County has established three (potentially four) periodic collection sites for disposing of hazardous wastes. The majority of the program is funded with County tax dollars, so be prepared to show proof of residency. When those funds are depleted, the sites will be closed until funds are again available. Due to an unexpected, very steep increase in the cost of accepting electronics at these events, the fees have changed. The fees are now \$10 - vehicles with hazardous waste only, \$30 - vehicles with household size (6 items or less) electronics only, and \$30 - vehicles with both hazardous waste and household size electronics. If there are more than 6 electronics items, there will be additional fees. For more information on the days, times, and locations please visit <http://www.sheboygancounty.com/home/showdocument?id=10678>.

Library Offering Gale Courses

The Monarch Library System is now offering access to Gale Courses. Through

this unique program residents can access instructor-led, online courses through their local library's websites and the Monarch Catalog. Gale courses offer patrons access to hundreds of instructor-led online courses covering everything from health and wellness to creative writing, computer programming, GED test preparation and much more. Gale Courses are developed by expert instructors, many of who are currently working at universities around the country and have continuous enrollment dates.

Elkhart Lake Public Library patrons can use a current library card to enroll at no cost. Courses run for six weeks, with two new lessons released weekly, and new sessions beginning every month. The courses are entirely web-based with comprehensive lessons, quizzes and assignments.

For more information about the catalog of courses offered or to enroll in a course, visit the Gale Courses/Monarch Library System website (www.education.gale.com/l-monarchcls/). Here you can browse through the course offering and find additional information.

If you don't have a current library card, stop in at Elkhart Lake Public Library or apply online at Monarch Catalog (<http://www.monarchcatalog.org/polaris/>). For questions or more information please contact the Elkhart Lake Public Library at 920-876-2554.

Fire Department Breakfast at the Firehouse

The Elkhart Lake Fire Department will be holding its annual breakfast at the firehouse event. It will be held on Sunday, April 22, 2018 from 8 a.m. until 12 p.m. It will be all you can eat scrambled eggs, pancakes, French toast, sausage, ham, toast, coffee, milk, and orange juice. The cost will be \$10 for adults and \$5 for children 8 and under. Hope to see you at the event.

News on Water - Cross Connection Inspections

The Village will be putting more emphasis on inspecting homes and businesses for cross connections in the water system. The DNR requires that all homes and businesses are inspected for cross-connection.

What is cross-connection? Cross-connection is an actual or potential connection between the safe drinking water supply and a source of contamination of pollution. State plumbing codes require approved backflow prevention methods to be installed at every point of potable water connection and use. Cross-connections must be properly protected or eliminated.

How does contamination occur? When you turn on your faucet, you expect the water to be as safe as when it left the treatment plant or well. However, certain hydraulic conditions left unprotected within your plumbing system may allow hazardous substances to contaminate your own drinking water or the public water supply. Water normally forms in one direction; however, under certain conditions, water can actually flow backwards. This is known as backflow. Backsiphon-

age or backpressure may cause the water to flow backwards. Backsiphonage may occur due to a loss of pressure in the municipal water system during a fire fighting emergency, a water main break, or system repair. This creates a siphon in your plumbing system, which can draw water out of a sink or bucket and back into your water or the public water system. Backpressure may be created when a source of pressure (such as a boiler) creates a pressure greater than the pressure supplied from the public water system. This may cause contaminated water to be pushed into your plumbing system through an unprotected cross-connection.

In most cases where can cross connection issues occur?

In the bathroom with handheld shower fixtures and toilet tanks and in the kitchen.

How can you protect your drinking water?

- Do
 - Keep the ends of hoses clear of all possible contaminants.
 - Make sure dishwashers are installed with a proper "air gap" device.
 - Verify and install a simple hose bibb vacuum breaker on all threaded faucets around your home.
 - Make sure water treatment devices such as water softeners have the proper "air gap", which is a minimum of one inch above any drain.
- Don't
 - Submerge hoses in buckets, pools, tubs, sinks or ponds.
 - Use spray attachments without a backflow prevention device.
 - Connect waste pipes from water softeners or other treatment systems directly to the sewer or submerged drain pipe. Always be sure there is a one inch "air gap" separation.

If you have questions on cross-connection please contact Pat Zorn at the Village garage at 920-876-2231.

Water Conservation & Water Loss

There are many ways a person can conserve water. You turn off the faucet while brushing your teeth, you take shorter

showers, you can replace your old toilet with a new 1.28 gallon/flush model, you can check for leaks in your toilets or faucets, or only do laundry when you have a full load, etc. These are all good ways to conserve water, but there are ways you can conserve water and use water efficiently outdoors.

Some things you can do outdoors include:

- Making lawn watering optional. Some people choose to forgo watering established lawns and allow their lawns to go dormant during hot periods in the summer.
- Decrease your lawn area. Assess your lawn and decide if you can convert lawn into garden beds.
- Use native plants. Plants and shrubs native to Wisconsin come in beautiful varieties. Correctly matched to soil and light needs, once established, native plants will survive wet weather and drought condi-

Faucet Leaks

April mystery photo

Can you guess the mystery photo?

Take a look at April's mystery photo at the top. Do you know anything about it? Where was the location? What was the approximate year? Do you know specific building in the photo?

If so, let us know!

To enter the April contest, send an email or letter with as many details as you can include to the Elkhart Lake Chamber.

The person with the best submission will receive a finely matted, quality enlarged print of the original, courtesy of Schamberger Gallery in Elkhart Lake.

The March mystery photo is Rebecca Johnston. Here is her entry.

"The mystery photo for March is of Community UCC and the parsonage. The church address is 174 N. East St. The parsonage was 194 N. East St. From the angle

of the picture, I think it was taken in the early to mid 70's. It doesn't look like the Sunday School addition was added yet, but the Guild Hall appears to be gone. This is the home we grew up in when we moved to town in 1968. It's the church where I confirmed and was ordained into ministry. My dad served this church for 25 years."

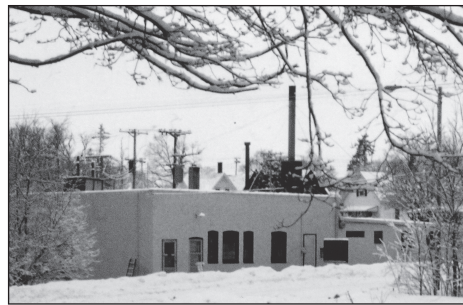

—Rebecca Johnston

Carol Mae Millbrath offered the winning entry for January.

"I think this building is the old office of Sargento Cheese. It was in the years of the 1960's. It was located off the Main Street. My mother, Doris Hanke worked there! Janet Leon and Doris Reiss worked there too."

—Carol Mae Millbrath

Honoring the fundraising effort, from left to right were Erica Gollhardt, Walk to End Alzheimer's co-chair; Ryan Feldmann, SwitchGear, owner, Linda and Nick Kullmann, SwitchGear owners; Lisa Hurley, Walk to End Alzheimer's co-chair; Sally Harvey and Robin Royer, National Exchange Bank & Trust employees; Mark and Lori Grasse, SwitchGear owners; Rebecca Broder and Mary Richter, National Exchange Bank & Trust employees; not pictured Corynn Feldmann, SwitchGear owner.

Celebrity tappers raise funds

SwitchGear Brewing Company in Elkhart Lake hosted a Celebrity Beer-Tending event on Feb. 9 as a fundraiser for the Walk to End Alzheimer's Sheboygan County, featuring employees from National Exchange Bank & Trust in Elkhart Lake. The event raised \$1,050 for the Walk.

"We are pleased the Walk to End Alzheimer's Sheboygan County was selected to receive the funds as there are more than 2,300 people are living in Sheboygan County with Alzheimer's disease," stated Lisa Hurley, Walk Co-Chair.

The money raised will be utilized by the Alzheimer's Association Southeastern Wisconsin Chapter to fund research and provide care and support services to those living with the disease and their families.

The 2018 Walk to End Alzheimer's Sheboygan County will be held on Saturday, Sept. 29 at Evergreen Park in Sheboygan. Any group or organization interested in hosting a fundraising event leading up to the Walk, sponsorship opportunities or forming a team, call Lisa Hurley, Walk Co-Chair at (920) 467-4079.

Village

continued from page 16

tions alike.

- Redirect and disconnect downspouts. In this case, redirecting your downspouts into your lawn or a garden, allows for some of that rainwater to infiltrate into the soil and eventually reach the water table. This practice keeps your water local and on your property as much as possible. This does not work for all situations such as if the downspout is keeping water out of your basement, but often the water can be redirected to flow into your lawn or garden with no detriment to your yard and a benefit to water supplies.

- Plant a rain garden. A rain garden is a specialized garden that uses water typically captured from a roof, and allows the rain to slowly infiltrate into the ground, contributing to groundwater supplies and reducing stormwater runoff.

- Create rain barrels. Installing a rain barrel connected to a downspout is a great way to create an additional water source. Rain barrel water can be used for outdoor and indoor non-edible plants. These barrels usually hold 50 gallons and fill quickly in a rainstorm.

People do not realize how a small leak can be costly. The image on page 16 that shows that a faucet dripping only 30 drops per minutes can mean that 54 gallons are lost a month. If you have a leaking toilet

that is leaking at ¼ gallon per minute, it can use 10,800 gallons per month and can cost over \$125 in water and sewer charges in one month in the Village of Elkhart Lake. If you suspect your toilet is running or leaking you can contact the public works department and they can check for a leaking toilet.

If you have any questions, please call 920-876-2122.

Beach Pass Pricing

Beach passes will be available starting April 4. The cost of the beach passes will be \$5 for Village residents for two years and \$30 for Elkhart Lake Glenbeulah School District residents for two years. Village ordinance states that the beach is for Village and school district residents only.

Village Website - Redesigned

The Village website has been redesigned. Please check out the new look and sign up for notify me application if you want to know when announcements, new agendas and minutes are posted. The website is www.elkhartlakewi.gov. Our municipal code is now available online for information purposes only. This code should not be considered the official version of the code, but is for informational purposes.

Osthoff joins debt free college pilot program

The Osthoff Resort in Elkhart Lake, has announced it is one of 10 hotel companies in the country to now offer debt-free college degrees to its employees as part of a groundbreaking pilot program from the American Hotel & Lodging Education Foundation (AHLEF), the foundation arm of the American Hotel and Lodging Association (AHLA). The program, called AcceleratedED Pathways created by education company Pearson, launches this month. Employees of The Osthoff Resort will be able to complete a free associate degree and a low-cost bachelor's degree in this first-of-its-kind program for the hospitality industry. For more on The Osthoff Resort, log on to www.Osthoff.com.

According to AHLA, the program was developed to address the lodging industry's labor shortage, improve recruitment and retention efforts, and build opportunities for its workforce. "The hospitality business is about taking care of people, both our guests and our workforce," said Katherine Lugar, president and CEO of AHLA. "We could not do what we do without a strong, talented workforce."

Osthoff general manager Lola Roeh echoed that sentiment. "Employees completing degrees by taking advantage of this tuition assistance benefit can look forward to earning more money over the span of their careers and be qualified for promotions," said Roeh. "We also find these employees are among the highest performers in driving customer satisfaction, and that all fits with our value system at the Osthoff."

According to Roeh, Pearson staff will help match an employee with an online degree program at an accredited community college or university to complete an associate or bachelor's degree. In many cases, employees can use existing college credits to jumpstart their education, and apprentices currently enrolled in AHLA's apprenticeship program can also earn college credit. Students will also receive support services that significantly reduce the administrative burden, making it more likely they will complete their degree. The program should be especially appealing to working adults in the hospitality industry who will now have a measure of control over their education while juggling jobs and family commitments.

Along with The Osthoff Resort, other participating companies run the gamut from large global brands to management companies, and include Hersha Hospitality Management, New Castle Hotels & Resorts, OTO Development, The Nines Hotel, Pivot Hotels & Resorts and David-

son Hotel and Resorts, Pyramid Hotel Group, Red Roof Inns, TradeWinds Island Resorts, and Wyndham Hotels and Resorts. This initiative will engage employees across 1,500 properties.

The American Hotel & Lodging Association, founded more than a century ago and headquartered in Washington, D.C., is the sole national association representing all segments of the eight million jobs the U.S. lodging industry supports including hotel owners, management companies, independent properties, state hotel associations, industry suppliers, and others. AHLEF is the industry's philanthropic organization, dedicated to helping people build careers that improve their lives and strengthen the lodging industry. Pearson has expertise in educational courseware and assessment and offers a range of teaching and learning services powered by technology.

Roeh was elected to the AHLA board of directors in 2017 and served as a partner state association representative for Wisconsin. Under Roeh's watch, The Osthoff Resort was voted the #3 best resort hotel in the Midwest in Travel + Leisure magazine's 2017 "World's Best Awards." It was also voted one of the top five resorts in the Midwest in the 2016 "Readers' Choice Awards" from Condé Nast Traveler magazine. Last year the resort received the prestigious AAA Four Diamond Rating for the 19th consecutive year.

The Osthoff, considered a landmark in Wisconsin tourism, employs 510 full-time and part-time employees. It's known for its lakeshore setting, distinctive architecture, spacious suites, award-winning Aspira Spa and an impressive collection of amenities that includes three restaurants, a cooking school, gift boutiques, indoor and outdoor pools, lake deck with live music, and elegant ballrooms and meeting venues. For more information on the resort, log on to www.osthoff.com.

Hearthside Dinner guests will experience a link to culinary history by helping to prepare 19th-century dishes on a wood-burning stove and over an open-hearth fire just as Mrs. Wade did more than 150 years ago.

Hearthside dinners at Wade House

On Saturdays, April 7 and April 21, from 11 a.m. to 3 p.m., Wade House historic site in Greenbush will be hosting Hearthside Dinners, a foodways program in which participants will have the opportunity to enjoy a delicious hearth-cooked meal, prepared with their own hands, in the historic Wade House stagecoach hotel.

Hearthside Dinner guests will experience a link to culinary history by helping to prepare 19th-century dishes on a wood-burning stove and over an open-hearth fire just as Mrs. Wade did more than 150 years ago. A close gathering of up to 20 guests will be guided by costumed staff as they learn about historic food preparation, ingredients and historic cooking tools.

Authentic recipes from late-19th-century cookbooks will be referenced as guests chop and stir, season and roast, preparing their midday meal. When the dinner preparation chores are complete, guests receive a guided tour through the stately stagecoach hotel and learn about the respite, which it offered to weary travelers along the plank road between Sheboygan and Fond du Lac in the 1850s and 1860s.

Once dinner is prepared, participants gather family style in the lovely Wade

House dining room for a wonderful sit-down meal with lively conversation. The menu will feature a delectably abundant feast of squash soup, pork loin roast, red cabbage with apples, mashed turnips, glazed carrots, cranberry muffins, bread pudding, cider cake, apple cider and coffee. This satisfying encounter with central Wisconsin's past concludes with everyone pitching in to clear the table, wash dishes (19th-century style) and sweep the hearth.

Hearthside dinners are \$55 per person, and reservations are required. If you have any questions about the program or would like to reserve your spot at the table, please call 920-526-3271. Private Hearthside dinners for groups of 10 to 20 may also be arranged.

The Wade House historic site is one of 12 Wisconsin Historical Society historic sites and museums. For more information, please call 920-526-3271 or visit www.wadehouse.org

Students signing letters in support of common sense gun control to Senators Baldwin and Johnson and Rep. Grothman.

Les Tension Photos by Michael D. McGill

Students support gun controls

Students from Elkhart Lake-Glenbeulah High School showed solidarity for the recent national “walkout” in support of common sense gun control. The National Honor Society was in charge of the event with several NHS members speaking. Students also signed letters to each Senator and our district Congressman.

An example of the letter is presented below.

Dear Representative:

Gun violence in this country has reached epidemic proportions. Every year approximately 13,000 people in our country are murdered with a gun, that’s more than 25 times the average per capita rate of high-income countries. It is time for the United States to catch up with the rest of the world and responsibly protect its citizens.

We are asking that you work across the

aisle and find common ground to enact gun reform. High capacity magazines, semi-automatic “assault rifles,” background checks, age restrictions, all of these issues should be on the table and discussed allowing input from all stakeholders. Please do not bow to the gun lobby and uphold the status quo, it is unacceptable. We are not asking for our teachers to be armed, or to have armed guards in our school. We are simply asking that it not be so easy for people to legally purchase military-style firearms designed to inflict maximum damage in minimal time.

Please pass common-sense gun legislation that will help make these tragedies less frequent and severe. Thank you for your time and service to our state.

Sincerely,

The undersigned students and staff at:
Elkhart Lake-Glenbeulah High School

At “Cozy Quilts Story and Activity Time”, families will enjoy a story and create a craft as they learn tales about quilts and coverlets from Wisconsin’s past.

Tales of quilts for kids

On Saturday, April 14 from 10 a.m. to 11:30 a.m. at the Wade House visitor center, families with children between the ages of 5 to 10 years of age will discover tales of quilts and coverlets. This family program will include storytelling, crafts and other fun activities that focus on quilting. “Cozy Quilts Story and Activity Time” is being held in conjunction with a special exhibit titled “Over Land, Under Cover: Tales of Quilts and Coverlets and their Journeys to Wisconsin, 1830-1880” which is currently on display at the Wade House visitor center.

“Cozy Quilts Story and Activity Time” will be held at the Wade House visitor center on State Hwy. 23 in Greenbush. The family program is included in the

cost of general admission to Wade House Historic Site. Admission is adults \$7; students/senior citizens \$6; children (5-17) \$3.50; family (2 adults and two or more dependent children ages 5 - 17) \$19. Admission includes access to the “Cozy Quilts Story and Activity Time”; the exhibit “Over Land, Under Cover: Tales of Quilts & Coverlets and their Journeys to Wisconsin, 1830 - 1880”; and the Wesley W. Jung Carriage Museum.

The Wade House historic site is one of 12 Wisconsin Historical Society historic sites and museums. For more information, please call 920-526-3271 or visit www.wadehouse.org

Trio of area education groups start nature based preschool

Staff from Camp Y-Koda, Maywood Environmental Park and the Sheboygan Area School District are partnering to launch a new nature based 4K preschool starting September 2018.

The preschool will be held Monday through Thursday from 8 a.m. to 11 a.m. at Maywood, 3615 Mueller Road in Sheboygan. A Wisconsin licensed 4K-third grade teacher, assistant teacher and naturalist from Camp Y-Koda will staff the preschool.

Children will spend at least 50 percent of the time outside among the 135 acres while learning within six diverse ecosystems, the Arboretum, four natural play areas, butterfly and hummingbird gardens, a mud kitchen, creek, and more. Child initiated outdoor investigations and unstructured time will also be included to enable children to know a place deeply and to develop a sense of place.

The nature based 4K initiative aims to develop the whole child through daily nature explorations, play and activities. Learning will be child-led, hands-on, and project oriented. Nature will be the central organizing concept of the preschool with curriculum based on local, seasonal, and natural occurrences. Nature is not merely a topic nor activity theme, but the integrating thread that intentionally ties all parts of the preschool together.

The program supports dual goals that address both child development and environmental education. The 4K preschool will include the development of the world of the child in all domains; cognitive, physical, social-emotional, aesthetic, language and spiritual; and the development of an ecological identity or environmental ethic.

Sarah DeZwarte, Director of Education, Camp Y-Koda and David Kuckuk, Executive Director, Maywood Environmental Park has developed the Nature Based 4K Preschool program in conjunction with Seth Havertine, Sheboygan Area School District.

Open enrollment registration is available to all Sheboygan County children that will be four years of age by Sept. 1, 2018. To enroll, go to www.sheboygan.k12.wi.us/enroll/

For questions regarding the preschool, philosophy, or curriculum contact Sarah DeZwarte, Director of Education at sdez-warte@sheboygancountymca.org.
