## How did a lady from Hanceville change her life?

Dear Friend,

A few months ago something happened to me that changed my life.

I'm Barbara Collins. I'm a legal assistant from Hanceville. I had lived in severe pain for almost a year until I did something that changed my life. I'll tell you what I did, but first let me start from the beginning.

I was suffering from severe leg pain shooting down both of my legs. It was all I could do to climb the stairs at the law office where I work. An MRI had revealed not one but two bulging discs in my low back that were pinching the nerve root. I had tried therapy, as well as three rounds of epidurals, but all that did was drain my wallet.

My pain was not improving, and I was kind of concerned, since I was trying at all cost to avoid back surgery. Then, thankfully I heard about the new doctor who had recently opened an office in Hanceville, who specialized in my type of problem. I decided to give him a try. He did an exam, took some x-rays and then adjusted my spine using a gentle new approach. After just a couple of adjustments I felt a big difference. Oh, did I mention that this doctor is a chiropractor?

After a few more adjustments I was starting to feel like my old self again. I just wish I had found Dr. Mike a lot sooner. If I had, I would have experienced a lot less pain and would have a lot more money in my pocket.

Now for Emma, who is the little girl in the photo. She was plagued by asthma when she was younger. Each day as I changed her diaper, I would give her an adjustment. The asthma started to improve immediately, and now she is virtually symptom free.

My son Nicholas, has recently been having some headaches. He'll come up to me and say, "Daddy, adjust my neck." And even before he gets up he'll say, "man that feels a lot better, it's all gone."

It's strange how life is, because now people come to see me with their carpal

tunnel syndrome problems. Also they come to me with their headaches, migraines, chronic pain, neck pain, shoulder/arm pain, whiplash from car accidents, backaches, ear infections, asthma, allergies, numbness in limbs, athletic injuries, just to name a few.

Here's what some of my patients had to say, Dr. Mike has been helping me with my low back pain and headaches for over nine years." (Larry Luttrell)

"I did have a lot of leg pain due to a pinched nerve. Not any more thanks to Dr. Mike." (Leonard McPeters)

Being a chiropractor can be tough, because there's a host of so-called experts out there. They tell people a lot of things that are just plain ridiculous about my profession. But the studies speak for themselves, like the Virginia study that showed that over 90% of patients who saw a chiropractor were satisfied with their results. That's just incredible!

Forty-eight million Americans no longer have health insurance, and those who do have found that their benefits are reduced. That's where chiropractic comes in. Many people find that they actually save money on their health care expenses by seeing a chiropractor. Another way to save ... studies show that chiropractic may double your immune capacity, naturally and without drugs. The immune system fights colds, the flu and other sicknesses. So you may not be running off to the doctor as much. This is especially important if you are self-employed. And an entire week of care in my office may cost what you could pay for one visit elsewhere.

You benefit from an Amazing Offer - Look, it shouldn't cost you an arm and a leg to correct your health. You are going to write a check to someone for your health care expenses, you may as well write one for a lesser amount for chiropractic. When you bring in this article by Apr. 30, 2018, you will receive my entire initial visit, the whole ball of wax for \$37 out of pocket. And, further care is very affordable. You see, I'm not trying to seduce you to come see me with this low start up fee, then to only make it up with high fees after that. Further care is very important to consider when making your choice of doctor. High cost can add up very quickly.

**Great care at a great fee ...** Please, I hope that there's no misunderstanding about quality of care just because I have a lower exam fee. You'll get great care, at a great fee. My qualifications... I'm a 1991 graduate of Life University. I'm certified by the National Boards as well as the states of Alabama and Tennessee, I've practiced in Alabama for 26 years after a one-year associateship in Huntsville. I just have that low exam fee to help more people who need care. Results may vary in individual cases. My assistant is Sandy and she is a really great person. Our office is both

friendly and warm and we try our best to make you feel at home. We have a wonderful service, at an exceptional fee. Our office is called **ELLIS CHIROPRACTIC CENTER** and it is at 916 Main Street, Hanceville. Our number is **1-256-352-1252**. Call Sandy or me today for an appointment. We can help you. Thank you.

-Michael Ellis, D.C.

Please do not call between 12:00 and 2:00 p.m.

P.S. When accompanied by the first. I am also offering the second family member this same examination for only \$20.

P.P.S. Can you imagine not having to wait at a doctor's office? Well, your time is as valuable as mine. That's why we have a no-wait policy. You will be seen within minutes of your appointment.

In a study in Mayo Clinic Proceedings, researchers found that individuals with lower levels of calcium in the blood are more likely to experience sudden cardiac arrest (SCA) than those with higher calcium levels. Sudden cardiac arrest is fatal for over 90% of patients, and more than half of men and close to 70% of women who die of SCA have no clinical history of heart disease prior to this cardiac event. It is one of the leading causes of death in the United States and kills more people than any single cancer. Many patients who suffer SCA would not be considered high risk under current guidelines.

Rivaroxaban plus aspirin improves survival and reduces stroke and heart attack in patients with stable coronary or peripheral artery disease, according to a new study published in the New England Journal of Medicine. One third of the 55 million deaths in the world each year are from cardiovascular causes. Patients with known coronary or peripheral artery disease are at risk of death, stroke and heart attack. The treatments tested were rivaroxaban 2.5mg twice daily plus aspirin 100mg once daily and rivaroxaban 5mg twice daily, each of which were compared to standard therapy with aspirin 100mg once daily. The primary endpoint was a composite of cardiovascular death, stroke or myocardial infarction. On February 6, 2017 the Data Safety Monitoring Board recommended that the rivaroxaban and aspirin arms be stopped because of a clear superiority of the combination of rivaroxaban and aspirin over aspirin alone. The results indicate that the addition of rivaroxaban to aspirin, compared with aspirin alone, reduced cardiovascular death, stroke, or heart attack by 24%, and improve survival by 18%. Rivaroxaban 5mg twice daily was not superior to aspirin alone.

Some teach you must go to church to be saved (Not by What Christ Biblically Said) and promise you eternal life in heaven (Ezek 13:22). You can worship any day you choose (long as it's Sunday), anything your heart desires, because you cannot out sin God's love; and, by prayer will always be forgiven, even tell you how to trust in the Holy Bible without obeying it. The Holy Messiah gave not liberty to Adam, Eve, the Jews or anyone else to sin (1Jn 3:8-9, Gen 3:1-24, Dan 7:25, Mt 5:17-19, 7:21-27, 15: 9, 16:22-23, Jn 1:1-14, 4:9-23, 5:14, 8:11, 14:24, 2Cor 11:13-15, Heb 13:8, Rev 22:14-15). He was manifested to destroy sin. So Be It!

**SHOP TODAY'S LOW PRICE TAGS:**  
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

**NO LIMITS:**  
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.

## In Loving Memory Of Logan Wayne Trammell

April 6, 1995 ~ December 25, 2017

You were our first born, our little "Dude"  
 You are so loved, the days were just too few,  
 You wrote songs about everything you did,  
 From the girls you thought were pretty to your "great ideas" as a kid,  
 Redneck Boys and Sweet Memories are two that I could name,  
 You sang your heart out to everyone you knew and believed one day you'd experience fame,  
 I'm sure you've written the greatest one of all about your loving Master who sits on high,  
 Oh how we can't wait to hear you pick and sing again when it's finally our time to fly.

**Happy 23rd Birthday

# Saving You MONEY

**SHOP TODAY'S LOW PRICE TAGS:**  
We have HUNDREDS of non-advertised items marked down throughout our entire store. More savings passed on to our customers. Just look for blue tags on the shelves.

**NO LIMITS:**  
Our competitors also have advertised specials. The difference is, in most cases, they have a limit on how many of an item you can buy at the sale price...we don't have any limits to family shoppers.
