Have you ever applied for a job that pays \$80,000 a year plus benefits for which you:  
- Are guaranteed 4 years of work  
- Have **NO** related work experience  
- Have **NO** related education  
And your only asset is you are willing to learn the job as you are being paid?

Probably not, but my opponent in the May 1<sup>st</sup> Republican Primary is doing just that.

My opponent publicly dismisses the need for any work experience or education to perform the duties of Register of Deeds but does assure the voter that *“the staff will do the work and he needs a job”*.

With over 35 years of combined experience I am the candidate with the resume for the job. My staff and I have in place state-of-the-art automation processing saving the tax payers’ thousands of dollars, a year.

This is not a **POPULARITY** contest. This is a **TN State Constitutional Official Office**. This office is the single depository of ownership records for all real estate in our county along with where over 100 different types of legal documents are recorded.

My **SUCCESS** is **PROVEN**, my **PROMISES** were kept, since you elected me in, 2014. I will **CONTINUE** to serve with diligence, and transparency.
