Jazz on the Vine set May 11-13

Jazz on the Vine at the AAA Four Diamond Osthoff Resort is an annual weekend celebration of dynamic performances by world-renowned jazz musicians, eclectic international and domestic wines and fine cuisine.

This special event returns to The Osthoff Resort for its 16th season May 11-13. The public is invited to join in this celebration of amazing jazz talent in this special event.

Jazz on the Vine is held inside a grand tent on The Osthoff Resort's grounds with theatre seating.

The entertainment line-up is subject to change without notice.

Complete concert ticket must be presented at time of admission to gain entry into festival area.

Concert tickets are available for purchase. General Admission ticket prices are as follows

- Friday Only: \$85 per ticket, plus tax.
- Saturday Only: \$85 per ticket, plus tax.
- Friday & Saturday: \$155 per ticket, plus tax.

Preferred Seating is available on two-day tickets only. The Friday & Saturday fare is \$195 per ticket, plus tax.

On Sunday, a Mother's Day Brunch will be offered with Live Jazz Music by Marcell Guyton. Cost of the brunch is \$32.95 per person, plus tax and gratuity, and is open to the public.

All performances held (rain or shine) on the tented grounds of The Osthoff Resort.

To purchase festival tickets, call: 877-496-4113. Gift cards are available to purchase for Jazz on the Vine.

Sharing our Journeys

By Carol Edler Baumann

Splinters along the journey

An odd title? Perhaps so, but if you think of life as one long journey, you can identify it not only as a beginning and an end, but as a totality of numerous, probably hundreds, of seemingly insignificant experiences or events. My husband likes to call them "splinters" since they are often parts or pieces of your life that do happen, but just don't seem to fall into the category of what you may regard as a major piece of life. Getting married and having children are certainly more than mere trifles or splinters and would qualify as a major piece of life.

Why? Because they represent or are a part of something larger or more significant than themselves. In a sense they add to or embellish a larger concept. One might argue that splinters make up the details of one's personality—they can refer to a "real" situation or development in our lives or something less obvious or defined. For example, a passing thought or feeling might qualify as a splinter of a larger piece of life even though none might be regarded as a part of life in and by themselves. Some are the splintered memories of our growing up and living. Others are things that we have totally forgotten about, even though they remain as the building

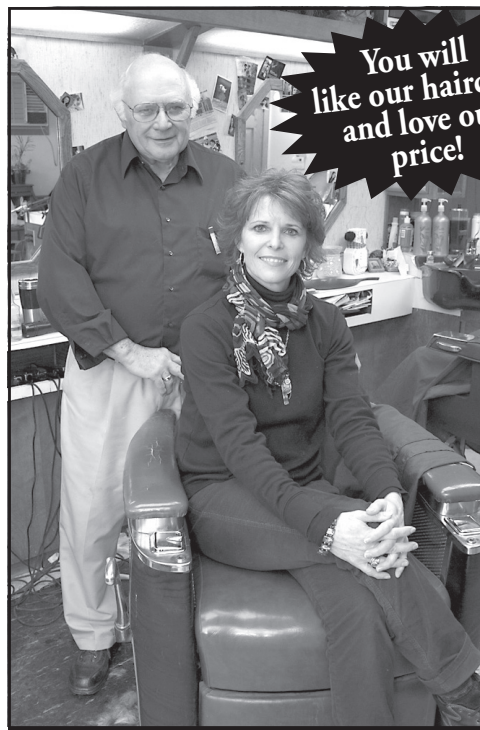

blocks of our lives.

In most of our lives we can identify at least some of the various splinters that form the larger or more important pieces.

In looking back on a lifetime, if one were going to jot down an outline of some of the major groups of splinters that contributed to our lives, it might read something like this; childhood, family and early years, education, friends and lovers, aging and retirement, and self analysis. As you can see, each category grows fuzzy as it tries to depict its beginning or end. Like splinters, the phases or segments of our lives merge with time into new categories and/or segments of our lives.

An interesting exercise in any attempt to identify the major autobiographic developments of one's life is to take all the splinters you have noted down (paragraph three) and try to group them into significant life pieces, probably on the basis of a time sequence from childhood to old age (if you live long enough to qualify).

You may actually find a surprising repetition of little splinters that, after some thought, may actually qualify as major segments of your life's development. Anyhow, it may be worth the effort. Why not try it?

You will like our haircuts and love our price!

School update: EL-G administrator shares insights on projects, financing

By Dr. Ann Buechel-Haack
Elkhart Lake-Glenbeulah
School District Administrator

The goal of the 2015 referendum was two-fold: 1) provide revenue flexibility to not only maintain current programs but continually expand learning opportunities to meet our student needs and state and federal mandates; and 2) replace the aged HVAC at the elementary and high school buildings, in addition to undertaking other maintenance projects when revenue flexibility allowed.

At the time the referendum was passed, a promise was made to the taxpayers that at the end of the referendum period, the 2018-19 school year, the District would again be debt-free.

This article will give you the current state of the District as we are almost through with year 3 of the 4-year referendum period.

The HVAC installation at the elementary building (including the 4th grade level, the daycare/art area, and the gymnasium in the 1938 building) is totally completed. At the high school, the infrastructure is completed with the 6 oldest Reznor units being replaced in the gym, the tech. ed. wing, and the auditorium area.

There are still 6 rooftop units remaining to be “pulled and replaced” when they stop working. This aligns with the original plan. A 5-year loan was taken out to pay for the original work done. As the District made a “double payment” in year 2, we are on track to make the final payment in April 2019—thus honoring our promise made to be debt-free.

In addition, using revenue flexibility, we have increased our fund balance designated for the replacement HVAC units to \$300,000 which should be more than ample to cover these future costs—as was also promised.

During this same time period, we have not only maintained our current programming but have continued to add to our student offerings. Updated curriculum materials have been purchased in the areas of math, science, and language arts; additional courses have been added in the agri-science areas; expanded youth options and work programs/partnerships have been developed, and updated technology and equipment has been incorporated in our CTE (Career and Technical Education) and fine arts areas.

We have adopted the Global Education Achievement Program (with our first recipient being Lauren Boos in 2017) and are very involved currently in developing our ACP (Academic and Career Plans) for our students (and parents) in grades 4-12. In addition to these enhanced program

areas, the services required by our special education population have grown and we have worked hard to provide the staffing and services to meet these individual student needs.

Throughout this time, our students continue to do very well academically. We have maintained our high ratings on the state report cards of “Exceeds Expectations” as a District and at the high school level, and “Significantly Exceeds Expectations” at the Elementary/Middle School level. We are proud of all we are able to do by working together with our students, our families and our community.

In addition to curricular enhancements and updates, for the first two years of the referendum, as the revenue flexibility was not needed for any “ongoing” expenses (as was projected when the referendum was passed), additional maintenance work was able to be undertaken along with making the double loan payment in year two. Projects completed since the summer of 2015 include the following:

Replaced exterior lighting fixtures at the elementary school

Installed new lighting in elementary/middle and high school parking lot areas (also includes the new lighting in the front of the high school)

Resurfaced high school areas including front and back parking lot

Resurfaced tennis courts

Updated phone/paging system district-wide

Updated 1957 elementary and 1938 child care bathrooms

Updated Grinder pump at elementary school

Redid/updated storm sewer at elementary/middle school

Replaced electrical panel at the high school

Installed emergency lighting in high school tech. ed. area

Installed emergency shut-offs in high school tech. ed. and science areas

New generator at the high school

Added additional security cameras/updated system for monitoring cameras district-wide

Increased/expanded wireless access district-wide

Updated Boy’s bathroom on main floor of high school

Made both bathrooms on high school main floor ADA compliant (sink fixtures, stall area)

Replaced high school kitchen flooring with tiling; abatement done when removing old flooring

Replaced high school science lab faucets/ replaced work sinks in tech. ed and agri-science room areas

Renovated front entrance at high school to make it secure

Redid high school front exterior – new fascia; new lettering

Replaced high school band room windows

Replaced door hardware in the middle and high schools to make ADA compliant and also to enable doors to be locked from inside the rooms (security feature)

Put new carpeting in the elementary/middle school office area, 4th grade hallways/classrooms, balcony

Painted elementary/middle school gym

Installed LED lighting in high school gym

Constructed “Makerspace” area in elementary/middle school IMC

Renovated Kohl Technology Center (moved to new location, new electrical, carpeting, improved electrical, shelving)

Installed Solar Panels at high school (resulted from student-led sustainable energy project done by Holly Francis under the direction of Mr. Travis Moore)

Replaced high school ceiling tiles – main hallway, office areas

Professionally repainted front doors (elementary/middle school) and middle school bathroom partitions

Purchased new school van in 2015 to reduce bus/employee transportation costs (Dodge Caravan)

Redid landscaping at Kohl Fitness Center

Fixed “void” under Day Care flooring; installed new carpeting

In addition to projects funded through the District budget, the following projects were undertaken with the majority or all of the cost being raised through very generous donations by individuals, businesses, community members, and/or various foundations and organizations.

Constructed new Greenhouse/Aquaponics facility (approximate cost: \$250,000)

Renovated/Constructed Inclusive Playground areas at elementary/middle school (approximate cost for both phases: \$250,000)

New football/soccer scoreboard (Lions donation)

Updated auditorium lighting and electrical (Valeria Mauk Memorial Family Donation)

While the costs of the above-mentioned projects vary, they all add value to the buildings and the district.

Our goal has always been to continually

maintain, update and/or improve our facilities when funds are available through referendum dollars. As referendum monies are for a “fixed” period, if possible, we prefer to direct these funds to one-time expenditure projects. When funds are not available, we have been very fortunate to live in a community that has very generously helped us raise money to cover the costs of these additional projects.

The initial part of this article explains what has been done so far in the first 2 ½ years of the referendum.

Unfortunately, due to the way the Revenue Limit formula is structured, we will not be able to continue to do as much in the way of additional projects, purchasing updated technology and equipment, etc. in the last 1 ½ years. In fact, for the first time in the referendum period, we will need to use the revenue flexibility provided to help us meet our annual regular budget expenses.

We had projected this need when we determined the amount and structure of the 2015 referendum question, but we were hoping more would change legislatively to assist with our school funding. While there were some funding increases this past budget, for our District, it does not offset the amount of revenue we have lost under the revenue limit formula the past years.

As the revenue limit formula is based on student enrollment, as our enrollment declines, the amount of revenue we can raise is reduced. For example, our base revenue (not including exemptions such as our referendum amount) has decreased from \$5,043,035 in 2014-15 (the year our referendum was passed) to \$4,685,109 this current year and a projection of \$4,518,831 in 2018-19 (the final referendum year). This would be a decrease of our ability to raise approximately \$525,000 less over a five-year period, or a loss of approximately 10%. This will have a major impact going forward.

The good news is our student population is projected to stabilize at our current level (though growth would be better but that’s a different subject for the direction of growth in our communities). However, under the revenue limit formula, this stabilization has negative financial impacts short-term. While a district is in declining enrollment, they are given flexibility annually. For example, last year we were

continued from page 4

able to include a "declining enrollment exemption" of \$167,000; in 2018-19 this decreases to an estimated \$89,000 and in 2019-20 it is totally gone. As was stated, the amount of increased state support we will now be receiving, while appreciated, addresses only a small portion of the revenue we have had to reduce or will need to reduce under the revenue limit formula used to determine the tax levy for our school funding. While we will be fine financially as a District during the current referendum period, will meet the goals we set forth for that time frame, and will again be debt-free at the end, our financial needs going forward will not be able to be met or even maintained.

It appears we will need to go to referendum again to ask our taxpayers for continued revenue limit flexibility, which is what the legislature does want school districts to do.

Their goal is not to have the State raise local taxes, but to let individual communities make that decision locally by going to referendum. That is why you have seen such an increase in school referendums in the recent years. Most schools in our area have either had one, several or will be doing one soon.

It's become the way schools need to function to continue to do business. This is not a commentary on whether it's the right approach or not...it's just the way it is.

The good news for our community is, as we have had to lower our revenue limit, our school taxes have also continued to decrease.

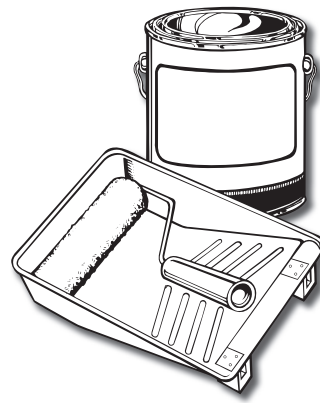

As a result, our referendums have not had the same financial impact as others in our area. But please know, this does not mean the decision to go to referendum or determining the amount and/or scope of a referendum is taken lightly. Much planning, thought, and preparation is done before a referendum is decided. To that end, we will be including the community in the planning process by conducting a

community survey. We are working with School Perceptions to help us create and disseminate the survey which will get your general thoughts on how well the District has been doing, the direction in which the school district is heading or should be heading, and the areas/projects you feel should be supported in the future and would be willing to support. This is the same company that has done surveys throughout the state, including area school districts such as Plymouth, Sheboygan Falls, Sheboygan, Howards Grove, Random Lake and Oostburg. The tentative launch date is late spring or early summer. Additional information will be sent to you before this time. When distributed, your participation is totally anonymous and totally voluntary.

However, our goal is that all residents will, at the very least, read through the survey and hopefully most will take the survey. The more feedback the District and the School Board receive from the community, the more informed their decision-making can be going forward because, as always, the education of the students of ELGS has been a community effort and will continue to be so.

Your past support has been very much appreciated and with it, we have not only become a viable district but a district that has thrived and grown in what we are able to do for our students and community. We'd like to continue on that path by getting your input and continuing to work together. If you have any questions, comments, and/or concerns, please do not hesitate to contact me or better yet, stop in—my door is always open for visitors!

The US Cellular Team at the Sheboygan Vanguard Drive location includes Rashawn Watson (Area Sales Manager), Bradley Butler (Retail Wireless Consultant), and Jeremy Willems (Retail Wireless Consultant) and store manager Caitlin Branham.

US Cellular joins EL Chamber

US Cellular is one of the new members of the Elkhart Lake Chamber for 2018.

With a retail presence on Sheboygan's North Side, the store also serves Sheboygan County and the Elkhart Lake area.

"We wear a lot of different hats here," said store manager Caitlin Branham. "One thing that's important for people to know is that we are a company that offers a lot more than just cell phone service."

At its Sheboygan location on Vanguard Drive, the US Cellular staff can assist with setting up service and answering billing questions, but the solutions go well beyond those that are obvious.

"We offer home phones, home internet, vehicle diagnostics and vehicle monitoring systems, as a few examples," Branham said. "Along with that is the support for the tradition communications items like routers, establishing hot spots and offering tablets."

The Sheboygan US Cellular outlet offers a wide range of business solutions. "Our solutions are endless. We could talk hours about all the opportunities," Branham said.

Virtually any kind of internet connectivity and solution is a part of the conversation. "Our solutions might include

devices that monitor the temperature of a truck that carries perishable food. We also have solutions that impact agriculture," she offered.

The US Cellular store offers support to its customer base. "We do anything from answering questions to identifying problems and providing Tier 1 troubleshooting," Branham noted.

Though repairs aren't handled on site, the US Cellular store can direct customers to the appropriate connection when repairs are needed.

Branham said that joining the Elkhart Lake Chamber is indicative of her store's connection to the Elkhart Lake trade area.

"It's important for us to get connected and meet our business partners in that part of our business area," she said. "We hope to be able to offer our help and support to our fellow chamber businesses."

US Cellular is the fifth-largest full-service wireless carrier in the United States, providing national network coverage and industry-leading innovations designed to elevate the customer experience. The Chicago-based carrier offers coverage where the other carriers don't and a wide range of communication services that enhance consumers' lives, increase the competitiveness of local businesses and improve the

efficiency of government operations. US Cellular has the Highest Wireless Network Quality Performance in the North Central Region, according to J.D. Power, and 99 percent of customers have access to 4G LTE speeds.

Students prepare for D.C. trip

We are on our way! 50 students, parents and teachers from Elkhart Lake-Glenbeulah Middle School are traveling to Washington, DC, June, 2020! Students are traveling as part of a WorldStrides DiscoverNow! Program where they will learn firsthand about history and government.

In preparation for their trip to Washington, DC, students and parents are planning fundraisers. Watch for them at community events this summer and please support this incredible opportunity for them to travel and learn about our nation's history.

During the month of May students and parents will be offering up services to help community members with yard work.

The Rent-a-Kid program is a perfect way for our students to connect with the community and make a little cash for the trip. Please contact the teacher advisors below for more information.

The students and their families will be selling grilled cheese sandwiches and baked goods at the upcoming Elkhart Lake Garage Sales on May 5. Our stand will be located at 220 Moraine Street. We appreciate your support!

Please contact Angie Roth (aroth@goresorters.com) or Kim Wagner (kwagner@goresorters.com) if you have any fundraising opportunities for our group or would like to donate to our travel expenses.

Northern Moraine Arts Tour set for first week in June

Studios, galleries, and boutiques will open for the 2018 "Northern Moraine Spring Art Tour" in early June.

Join us this spring for a fantastic two-day self-guided tour of Sheboygan County area artist's private studios, galleries, and boutiques.

This 4th annual event will be held Friday, June 1 from 10 a.m. to 6 p.m. and Saturday, June 2 from 10 a.m. to 5 p.m.

Nearly 40 artists at 21 different venues will be showcased this year. You'll have a chance to meet painters, printmakers, potters, furniture makers; fiber, glass, metal and leather artists, photographers and more.

There will be demos, door prizes, and the opportunity to purchase original, fine art directly from the artists who created it. Admission is free!

Artist Pam Bronk of Plymouth is once again graciously coordinating this event. The Plymouth Arts Center is the presenting organization and will serve as the tour headquarters as well as hosting artists in its greatroom.

The Plymouth Arts Center is located at 520 East Mill Street, Downtown Plymouth, WI. More information and maps may be found on our website: www.plymoutharts.org, or call (920) 892-8409.

The Plymouth Arts Center initiated this premier event in 2015 to increase the visibility of the many fine artists working and living in the greater Sheboygan County

area and to encourage an appreciation for the role that artists play in the vitality of our communities. For visitors, it's a rare opportunity for an up close-and-personal arts experience, as some of the private studios are only open to the public during this once a year special event.

The Plymouth Arts Center is a 501(c)3 non-profit arts organization solely supported through membership dues, sponsorships, corporate and private donations, grants, and through fundraising events. Gallery 110 North, our stunning art gallery, features rotating art exhibitions showcasing Wisconsin artists. A wide variety of art workshops and education programs for both adults and youth, are offered year-round as well as a performing arts-musical and theatrical series, a gallery gift shop and a host of special events such as the "Cheese Capital Jazz & Blues Crawl," "Paint the Town, en Plein Air," bus trips, and more. The Northern Moraine Spring Art Tour helps to fulfill the Plymouth Arts Center's mission, which is; to enliven the spirit of our community and to enrich the lives of all by providing diverse experiences in the Arts.

Gallery 110 North and Member's Gift Shop hours are: Tuesday-Friday 10 a.m. - 4 p.m.; Saturday and Sunday, noon to 3 p.m.; We are closed on Mondays and holidays.

Admission to the Gallery is always FREE!

Rural beauty with 20 acres of level tillable/buildable property featuring a pond and livestock barn. This property is bordered on 2 sides by state land including the LaBudde Creek System. The home is a 4 bedroom farm house with 2 full baths. A wrap around porch and a cement driveway. The attached garage can park 4 cars with

room for storage and a workshop. The proximity of this property to The Village of Elkhart Lake and Road America offers endless possibilities. Please call to set up your personal showing and tour of the acreage.

Real Estate Tips from Linda...

Things to Check...

1. Check attic for any leaks after a rain storm.
2. Trim away shrubs around A/C for better air flow.
3. How to clean garbage disposal...1/2 cup Baking Soda & 1 cup white vinegar, pour into drain let sit a few minutes & pour boiling hot water down drain. Next fill drain with ice cubes and salt, run disposal. Lastly run some fresh lemons thru disposal.

Preserving the old racing circuit

HRC of Elkhart Lake preserves awareness of early EL racing

Historic Race Circuits of Elkhart Lake is dedicated to preserving the history and supporting the care and enjoyment of the public road race circuit used in and around Elkhart Lake from 1950-52.

The group is an all volunteer organization and no officer or staff member receives any compensation. HRC volunteers are working through the community, local elected officials and Sheboygan County Highway Department to help preserve the historical attributes of the Elkhart Lake Historic Race Circuits, one of the few early open road racing circuits in America.

Through its continuing activities, HRC sponsors events and programs that raise public awareness of this valuable historical resource, to maintain the historical markers placed around the circuits and to promote maintenance of the roads comprising the circuits in a preservation sensitive manner.

Current serving directors are George Bruggenthies, John Calhoun, Tom Holfelder, Jerry Liebetrau, Dick Lind, Clyde Morter, Mark Pfaller II.

Spencer Chapple is a director emeritus.

The open road sports car races held in 1950 through 1952 were conceived and operated by the members of the Chicago Region of the Sports Car Club of America (SCCA). Jim Kimberly is acknowledged as the person who selected Elkhart Lake and was the driving force behind organizing the races along with Fred Wacker, Karl Brocken and C. Bayard Sheldon.

According to the Historic Racing Circuit website, Elkhart Lake was at a low point in its economic history and Jim Johnson, President of the Elkhart Lake Bank, felt that the races would bring a new energy to the area. Joined by Fire Chief Ray Kramer and Resort owner Ollie Siebken Moeller, a strong community effort was mounted that resulted in dozens of volunteers coming forward to help organize the races. Governor Walter Kohler, who had a summer home on Elkhart Lake, helped pave the way.

The 1950 races, held on the 3.35-mile circuit north of the lake, had the flavor of a typical club event. All the drivers and cars came out of the Chicago Region and most cars were driven to the event, raced and then driven home.

The event took place on Sunday, July 23 and five races were held with cars divided into two classes: under 1500cc and over 1500cc. Two 30-mile races for novice drivers were held, one in each class. A novice driver was defined as one who had never finished higher than fifth in any open road race. The novice races were followed by a 15-mile ladies race that combined both classes. The day was concluded with two 60-mile races for experienced drivers, one in each class. The event was very successful with an estimated 5,000 spectators in attendance.

The 1951 and 1952 races were held on a new 6.5-mile circuit that circumvented the lake and had a much different flavor. The Chicago Region of the SCCA planned, promoted and orchestrated the races and nationwide promotion attracted celebri-

Historic photos from the HRC archives bring back memories of racing in and around Elkhart Lake.

ties and professional race teams from across the country.

The 1951 races were held on Sunday, August 26 and three races were scheduled with cars divided into four SCCA classes. The first event was a five-lap race (approximately 32 miles) for novice drivers mixing all classes in the same race. The second event was planned as a ladies race but was cancelled due to threatening weather. The third race was a 30-lap race (approximately 200 miles) for experienced drivers, again mixing all classes. John Fitch, driving a Cunningham CR2, won the race. Although no official attendance records were kept, spectator attendance was estimated to be in the area if 50,000.

The 1952 races were held over the course

of two days, Saturday and Sunday, September 6 and 7. The first race was held on Saturday, a 15-lap (approximately 100 miles) event for cars between 1950ccs and 4000ccs. The race was for the Sheldon Cup, named for one of the race founders C. Bayard Sheldon. Future F1 World Champion Phil Hill won in a C-type Jaguar. There were two races held on Sunday. The first race for the Kimberly Cup was a 15-lap (approximately 100 miles) event for cars under 1950ccs. The winner was Bill Spears driving an OSCA. The main event for the Elkhart Lake Cup was a 30-lap (approximately 200 miles) race for cars over 1950ccs. The winner was John Fitch in a Cunningham CR4. There were a total of 238 cars entered in the three races, a far cry from the 33 cars raced in 1950. Attendance

was estimated to exceed 100,000.

Although open road racing ended in 1952, it was not the end of sports car-related activities in the Village of Elkhart Lake. In 1955, Road America, one of the premier closed circuit road race courses in the world, was opened just a little southeast of the original open road circuits.

The Village continued as a center for gatherings of sports car enthusiasts.

Concours and car club events are often held on the streets where sports cars once raced. These events frequently include formal police-escorted reenactment tours of the historic circuits. Many clubs and individuals informally tour the circuits throughout the year and the rumble of sports car engines are still heard where now vintage racers once roared.

Preserving history has its challenges

Maintaining historic racing circuits doesn't come without its set of challenges.

Sometimes the wheels of progress spin in opposite directions than that desire to preserve history.

In January 2002, the Sheboygan County Highway Department announced plans for "reconstruction" of a County Road A, a part of the race circuits.

The project called for straightening, widening, and leveling the road, changing its historic character. Broad-based opposition to the project sprang up immediately. Throughout 2002 and 2003 the opposition circulated petitions and filed protests with the County Transportation Committee and the County Board of Supervisors, but the Highway Department continued with its plan.

By the spring of 2004 the Highway Department began removing trees along the right-of-way to prepare for the next summer's construction.

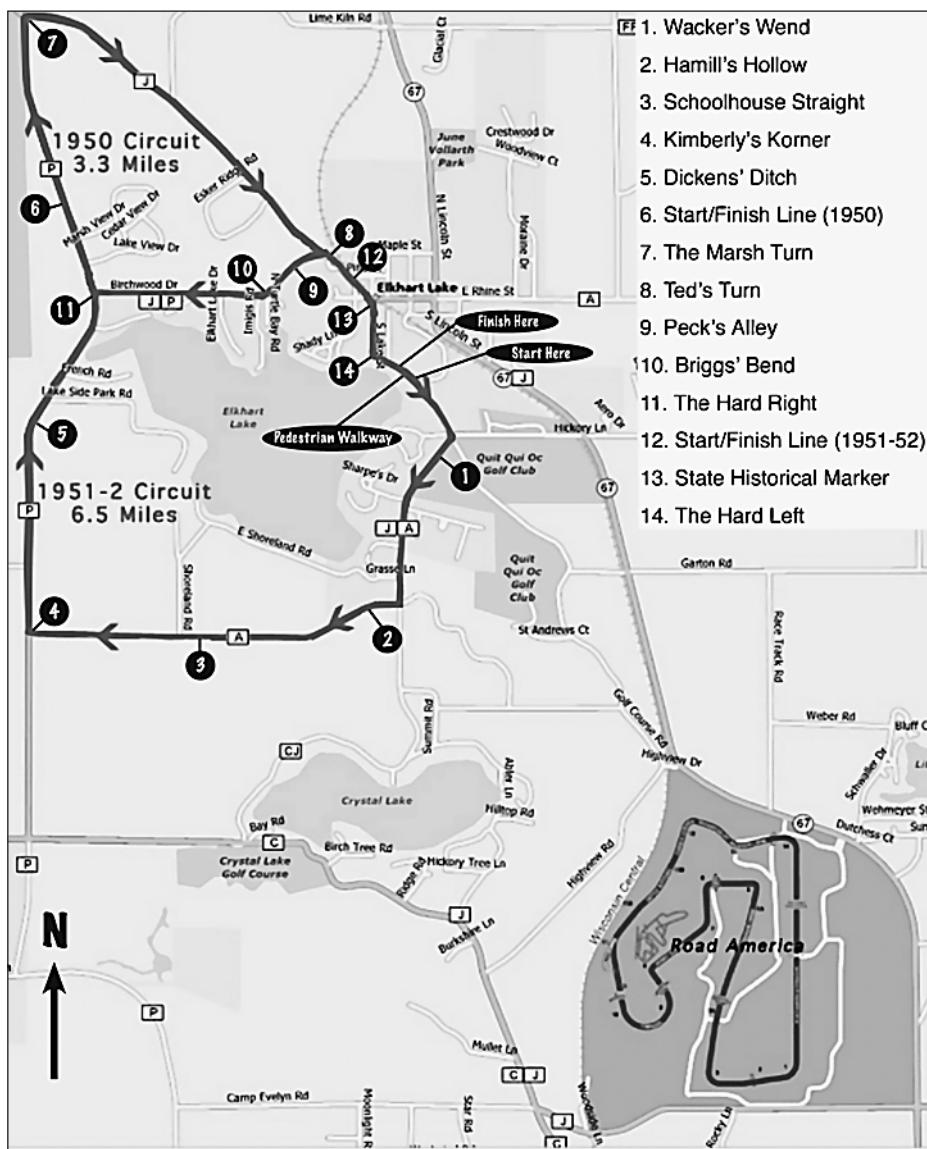

Protests escalated in March, when the Road America Board of Directors voted and approved a resolution "... to preserve and protect the original road configuration." In April, the Milwaukee Region SCCA (Sports Car Club of America) asked the County for a halt to the project. Although the Highway Department had

been advised of the existence of the race circuits, they seemed indifferent to the requests for preservation.

Since the County's funding plan for reconstruction on the historic circuit included the use of Federal highway, the project fell under the provisions of the National Historic Preservation Act. The Act was adopted by Congress to prevent the destruction of historically significant structures and sites. Early in 2004, acting for HRC, Road America filed a formal request for a Determination of Eligibility for preservation of the historic circuits under the Preservation Act. In July 2004, the historic circuits were declared eligible for preservation and all construction activity was suspended.

Once the historic race circuits were declared eligible for preservation, a process of mitigation began under §106 of the Historic Preservation Act. §106 required the Highway Department to seek input from the public and negotiate with interested parties, including HRC. After gathering input at a public meeting held in September 2004 and in consideration of the negotiation required, the County

Quit-Qui-Oc Golf announces summer dates for ladies, juniors

Quit-Qui-Oc Golf Club is pleased to announce our Junior Golf Lesson Programs for 2018. Junior Golf Lessons will again be held on Thursday mornings beginning June 14 with two classes being offered. Lessons will be held for five weeks and the cost is \$50 per student (discounts for additional family members). The fundamentals for the golf swing, putting, chipping, pitching and etiquette will be taught. All students will also have the opportunity to play on the golf course.

The Middle/High School Prep League will be held on Tuesday afternoons beginning on June 12. The MS/HS Prep League is designed to give students with golf experience a chance to play casually with friends or prepare for playing in high school. The cost for the Prep league is \$50 per student (discounts for additional family members). "Golf is a great sport for young people as anyone can learn, it also teaches self discipline, creativity, and instills self confidence," said Todd Montaba PGA member and head Professional at Quit-Qui-Oc Golf Club.

Junior Golf Lessons
Thursday mornings beginning June 14

Class A - 8 a.m. - 9:30 a.m. Thursday mornings

Class B - 9:30 a.m. - 11 a.m. Thursday mornings

Lessons dates - June 14, June 21 - June 28, July 12 - July 19

No lessons July 5
Middle/High School Prep League

Tuesday afternoons beginning June 12
Tuesday afternoons from 12:30 p.m. - 4 p.m.

League dates - June 12, June 19, June 26, July 10, July 17, July 24, July 31

No league July 3

Quit-Qui-Oc Golf Club is also pleased to announce its Ladies Learn to Golf Program for the 2018 golf season. The program is held on Monday nights from 5 p.m. - 7:30 p.m. and is designed to give women an opportunity to learn the game in a non-threatening environment. "The key to the success of the program is getting the women on the golf course each week to put into practice what they learn each week," said LPGA professional Rachel Montaba.

The program begins Monday, June 4 and runs through the beginning of August.

Plymouth Arts Singers host 17th spring concert

The Plymouth Arts Center Singers are preparing another exciting concert of Popular and Broadway Hits to entertain audiences this spring. "Musical Potpourri," PAC's 17th Annual Spring Concert, will feature medleys from the movie "Forrest Gump," George and Ira Gershwin, "The Association," along with several unforgettable song selections. Director Barb Zirwes-Nyssen and assistant directors Mary Fellenz and Freddie Noordyk lead the choir of over 40 talented music lovers who are eager to share their enjoyment of music with the community. Musical Potpourri will be presented, Friday and Saturday, May 18-19 at 7:30 p.m. Tickets are \$15 for PAC members; and \$17 for non-members and include a complimentary treat. Tickets may be purchased at the PAC Box Office, 520 East Mill Street, Downtown Plymouth, Tuesday through Friday 10 a.m. to 4 p.m., call 920-892-8409 (voicemail 24/7) or conveniently through the PAC website: www.plymoutharts.org. MasterCard and Visa are accepted.

The show is sponsored by Sargento, 1420 the Breeze Radio Station, Paul and Kathy

Sartori, and the Wisconsin Arts Board.

Celebrating its 25th Anniversary this year, the Plymouth Arts Center is a non-profit community arts organization founded in 1993 to promote and nurture the visual and performing arts in all of Western Sheboygan County and beyond. The PAC offers an ongoing and vibrant schedule of live musical and theatrical performances, fine art exhibitions, art classes and workshops, special annual events, i.e. Jazz & Blues Crawl Fundraiser, Northern Moraine Spring Art Tour, Paint the Towns En Plein Air, the nationally acclaimed, "Big Cheese Drop," and more! Visit the PAC Gift Shop for original art and gifts created by our members. New members and volunteers are always welcome. The PAC also serves as a unique backdrop for private gatherings, meetings and special community events. Tour/School groups may schedule docent led visits. Gallery admission is free. Open Tuesday-Friday 10 a.m. to 4 p.m.; Saturday and Sunday noon to 3 p.m. or by special appointment. Closed on Mondays and holidays.

Spring Concert planned at ELGHS

The Elkhart Lake-Glenbeulah High School Music Department will present its annual Spring Concert on Wednesday, May 16 at 7 p.m. in the Ronald Mauk Auditorium.

Performing will be the high school band and choir. Select pieces to be performed by the band include John Mackey's "Foundry;" "Marche Des Parachutistes Belges" by Pierre Leemans and a Michael Brown arrangement of Sonny Rollins' "St. Thomas." Choral selections include "It's Time" by Imagine Dragons, "Three Little Maids are We" by Sir Arthur Sul-

livan and "Pie Jesu" from Andrew Lloyd Webber's Requiem.

Also performing will be student soloists and ensembles that performed at state solo/ensemble festival as well as the jazz band.

Directors of the groups are Jodi Voss, instrumental music teacher, and Holly Green, vocal music teacher. Brittany Seifert will provide accompaniment for the choir. The community is invited to attend. Tickets will be sold at the door. The proceeds from this concert will benefit music activities in the high school.

Challenge

continued from page 9

withdrew its request for Federal funding in February 2005. This ended the \$106 proceeding.

Termination of the \$106 process meant that HRC needed to find another way to preserve the race circuits. In 2002, under similar circumstances, the historic open road race circuits located in Watkins Glen, New York, had been preserved by obtaining listing as a historic site on the State and National Register of Historic Places. Following the example of Watkins Glen, HRC sponsored and funded the nomination of the Elkhart Lake Open Road Race Circuits for inclusion in the Wisconsin Register of Historic Places. On September 23, 2005 the historic circuits were listed on the Wisconsin State Register and declared eligible for listing on the National Register. On February 17, 2006 they were listed on the National Register of Historic Places, joining Watkins Glen as the only other historic open road race circuit so preserved.

Despite listing on the National Register and the protections that the listing affords under Wisconsin historic preservation laws, in November 2008 the Sheboygan County Highway Department undertook an unauthorized cut and fill project removing portions of the banks on the north side of the CTH A section of the historic circuits in the area of Hamill's Hollow. HRC notified the Wisconsin State Historical Societies Preservation Officer who on investigation found that the unauthorized project had an adverse effect on the historic property. As partial remediation for this unauthorized action, the Highway Department was required to contract with an independent archeological historian to prepare a Preservation and Maintenance Plan for the Historic Circuits. Subsequently, the Highway Department contracted with Heritage Research, Ltd. of Menomonee Falls, Wisconsin for

preparation of that plan.

After many false starts, lengthy negotiations and seemingly unending frustrations, Heritage completed a draft of the Plan late in 2009 and submitted it for review by the Historical Society.

In 2010 the Plan was approved by the Historical Society and subsequently formally adopted by the Sheboygan County Highway Department. Adoption of the Plan is a significant step toward insuring that the Elkhart Lake Historic Race Circuits will be maintained in their original unaltered configuration for the enjoyment of current and future generations.

Serving meals to county shut-ins

Fresh Meals on Wheels efforts include county and village of Elkhart Lake

One of the Elkhart Lake Chamber of Commerce's newest members has been making an impact on Sheboygan County residents for nearly 50 years.

Bolstered by the efforts of an army of volunteers, Meals on Wheels reaches out to provide nutritional needs for its clients in communities throughout Sheboygan County, including Elkhart Lake.

Meals on Wheels of Sheboygan County is a 501 (c)(3) not for profit charitable organization, dating to its incorporation in 1970.

The program started with one route of six clients. Within two months, a third round was established. In 1971, the first Plymouth route was established.

By 1978, the program was expanded to Kohler, Sheboygan Falls and Elkhart Lake.

Today, Fresh Meals on Wheels serves 21 routes throughout the county.

A major funding source for Meals on Wheels is the United Way of Sheboygan County. Key to the fundraising effort are multiple fundraising events, including Love Bowls and June-A-Palooza.

Meals prepared daily

All meals for clients are prepared and portioned out in the kitchen at Fresh Meals on Wheels located on Taylor Drive in Sheboygan.

A complete kitchen facility allows the staff to prepare meals on site. Each meal is packaged according to client needs and tracked by a computer program to assure that individual nutrition needs are appropriately met. From the kitchen, the meals are kept warm in special transportation carts, then trucked to the outlying community locations for distribution by volunteers.

Clients can sign up for Meals on Wheels in as little as five minutes. A simple phone call to 920-451-7071 gets the process started.

Meals will ask several questions about the applicants background, including name, address, phone number, date of birth, doctor, dietary restrictions and any special delivery instructions.

It is also possible to order meals for a family member, neighbor or friend. Call the same number, and ask to speak with client coordinator Maureen about the request.

Meals on Wheels also offers gift certificates for purchase in any amount.

A week or month of Meals on Wheels makes a nice gift for special occasions. Special cards can be sent announcing a gift.

Eligibility criteria

Eligibility to receive meals does not depend on age or income.

A client is determined to be eligible if they fit the criteria below—if the person

- is primarily homebound
- has difficulty in preparing a nutritious meal
- has no consistent day time help with meal preparation
- is able to accept meals between 11:15 and 12:30 on weekdays, and

Meals are individually packaged for client needs at Fresh Meals on Wheels, and trucked to the corresponding community, where volunteers distribute the nutritious contents.

■ needs a minimum delivery of three meals per week.

Short term service is available to people who need home-delivered meals while recuperating from an illness, recovering from an injury, or to provide caretakers a break.

The average start time once an application is received is 2 working days.

Costs structure

Meals On Wheels charges \$6.50 for the noon meal, or for \$9.45 you can receive the noon meal and a light evening meal. Invoices are sent out at the end of the month for the meals you've received during the month.

Someone other than the client can be billed for the meals with prior arrangements. Please call 920-451-7011 for more details. Gift certificates are available also.

Volunteers key to service

Volunteers are the lifeblood for Fresh Meals on Wheels of Sheboygan County.

Every weekday, volunteers from all over Sheboygan County help deliver the meals. Various churches, businesses and service organizations sponsor routes as well.

Volunteers not only deliver the meals, they also provide a daily safety check for homebound individuals.

Volunteers come from all walks of life, students, retirees and working people on their lunch breaks.

Meals on Wheels of Sheboygan County is deeply grateful to the many business, churches and service organizations that volunteer their time to deliver meals.

If your business, church or organization would like to sponsor a route, call 920-451-7071 or email volunteers@fresh-mealsonwheels.org.

Other volunteer opportunities are also available, including office help—assisting with mailings, preparing bags for evening meals or lending an extra pair of hands on small office projects.

In the kitchen, volunteers can assist by helping to package dessert or other items in the Meals Produce Processing center. Extra help is always needed during the growing season.

Volunteers are also needed for the two major fundraising events - Love Bowls in February and June-A-Palooza near the end of June.

Grow a row

Fresh Meals on Wheels of Sheboygan County is a trailblazing organization, being one of the first such agencies nationwide to include fresh donated purchases in our meals.

All of this is possible because of the friends of the organization that make it a priority to care for neighbors in need.

Those interested in participating are encouraged to "grow-a-row" in their vegetable garden.

From asparagus to zucchini, Fresh Meals on Wheels is glad to accept any contribution from a handful of tomatoes or peppers to a trailer full of squash.

In 2017, Fresh Meals on Wheels was fortunate enough to glean carrots from a local farmers field. Another generous donor offered 8 acres of corn to the program.

All donations are accepted during the growing season Monday thru Friday from 7-9:30 and from 11 a.m. to 2 p.m., or by appointment at 1004 South Taylor Drive, Sheboygan.

Vintage of Ada hosts unveiling

Vintage of Ada is planning a Grand Unveiling for the opening weekend of its new shop.

The event will take place May 4-5, with a special ribbon cutting ceremony, May 4 at 10 a.m.

The public is invited to come and see hundreds of new items and soak in the all new, exciting atmosphere.

Elkhart Lake Village Report

The Village and Historical Society are seeking volunteers to welcome visitors and residents and staff the museum this summer season. Historical or railroad knowledge is not required, so come learn about your Village and help others have fun and learn about the Village. Volunteering is also a great way to stay connected with our vibrant Village. If you are interested in volunteering or have any questions, please contact Jessica Reilly at the Village offices at 920-876-2122 or by email at jreilly@elkhartlakewi.gov.

Elkhart Lake Village Board Members

If you have concerns or questions call any of our Village Trustees

Spring election results noted

Spring Election Results

The spring election took place on Tuesday, April 3. Elkhart Lake voter turnout was over 49%. The election results for Village Trustee are as follows:

Terri Knowles - 304
Lynn Shovan - 266
John Schott - 243
Michael Wolf - 150

Depot Museum Seeks Volunteers

The entire Depot will be used as a Museum for the Village starting this year. The Village and Historical Society are seeking volunteers to welcome visitors and residents this summer season. The Depot is often one of the first places visitors want to stop when visiting the Village. The depot is an iconic piece of Elkhart Lake history. Historical or railroad knowledge is not required, so come learn about your Village and help others have fun. Volunteering at the Depot is a great opportunity. Volunteering is also a great way to stay connected with our vibrant Village. It's fun to share the experience of local history with visitors. It's a good chance to make new friends and meet people visiting from far and wide. If you are interested in volunteering, please contact Jessica Reilly at the Village offices at 920-876-2122 or by email at jreilly@elkhartlakewi.gov.

Beautification Committee

The Beautification Committee will be up and running very shortly. Katie Weir will be coordinating volunteers.

We will begin working throughout the downtown area planting and up keeping

our gardens. Volunteers are residents of both the village and the Town of Rhine. Thanks for making our village look great. If you would like to volunteer to maintain gardens call Jessica at 876-2122.

2nd Annual Shred Day

A reminder that the Village will be hosting our 2nd Annual Shred Day on Saturday, May 19, 2018 from 9 a.m. until 12 p.m. Once again we will have the shredding truck at the Elkhart Lake Fire Station located at 610 S. Lincoln Street. There is no cost for Village residents to bring your paper for shredding. Members of the Elkhart Lake Fire Department will be on hand helping unload your vehicle. A small donation to the Fire Department would be appreciated. If you have questions call Kim at 920-876-2122.

Memorial Day Event May 26

The annual Memorial Day Tribute Program will begin at 11 a.m. on Saturday, May 26 at Memorial Park, which is located on the corner of Highway 67 and Chicago Street. After the program the Lions Club will be sponsoring a brat fry, with proceeds to be used for maintenance of the Veteran's Memorial. In the event of inclement weather, the program will be held at the High School Gymnasium. The speaker this year will be United States Air Force Major Matthew Waage, who lives in the Elkhart Lake area with his family.

Arbor Day

The Arbor Day program will be held on April 27, 2018 at 10:30 am. The program

will be held on Victory Lane. A poster contest is held for the fifth graders at Elkhart Lake-Glenbeulah School.

False Alarm Ordinance

The Village Board has passed a false alarm ordinance. Each time the Village of Elkhart Lake Police Department, Fire Department, or First Responders respond to a false alarm arising from an intrusion alarm and/or fire and/or emergency medical alarm, the Village Clerk's Office should be notified to determine what, if any, service charge is applicable.

- A service charge for excessive alarms shall be charged for false alarms in a 12-month period (January-December of the same year) as follows:

- No service charge shall be charged for the first alarm occurring within a calendar year.
- 2nd occurrence shall result in a service fee of \$100
- 3rd occurrence shall result in a service fee of \$175
- 4th occurrence shall result in a service fee of \$200
- 5th and subsequent occurrences shall result in a service fee of \$400 per occurrence.

- There are certain cases when no service fee shall be assessed.

For more information or to obtain a copy of the ordinance please contact the Village Clerk at 920-876-2122.

Beach Pass Information

There have been some issues with overcrowding at the resident's beach for the

last few years, so the Village is taking a few steps to help this issue. The Village has placed signs between the Osthoff's beach and the resident's beach. The Village is also reminding people that the Village beach is for residents of the Elkhart Lake-Glenbeulah Joint School District only, per Village Ordinance. The police will be monitoring beach use more frequently. The prices of the passes increased to \$5 for residents and \$30 for school district residents. The Village Board also raised the price of replacement passes to \$25 for Village residents and \$50 for school district residents. We are encouraging rental properties to have their guests use Fireman's Park. This is the public access to the lake that should be used for guests. Beach passes will be available at the beginning of May. Some of the other regulations include:

- No person shall allow a dog to be on any public beaches owned or leased by the Village.
- No person shall use or possess beverages containing alcohol on the public beaches owned or leased by the Village.
- No person shall ignite nor maintain fires of any kind on the public beaches owned or leased by the Village.

Planning Commission

The Planning Commission met on April 11. The Commission recommended to the Village Board that we enter into a development agreement with Mark Leibham and Jesse Berg to build a four-unit building that would accommodate apartments and retail space. If they are unsuccessful in renting the retail space, the building will become a four-unit apartment building. The building will be located on the former Stephani property next to the Brown Baer. In addition, they will build two single-

Village

continued from page 16

family homes on Washington Street.

Dog Licenses

Dog licenses were due by March 31. Please stop in at the Village Hall to license your dog. You need to provide a proof of rabies vaccination and pay the fee (\$7 per spayed or neutered dog and \$14 per dog if not spayed or neutered), plus a \$5 late fee.

Dog Refuse Stations

The Village has installed Dog Refuse Stations throughout the Village. These stations will dispense plastic bags to help in the cleanup effort. The dog stations are located at:

- S. End of Walkway
- N. End of Walkway
- Near Village Square Park
- S. Lake Street near Elm St.
- Osthoff Avenue
- Lions Park
- E. Rhine St. near Charlene's
- E. Rhine St. near Two Fish Gallery

Village Ordinance - 8.32 Animal Feces

Any person owning or having control of any animal shall clean up the feces of such animal immediately and dispose of it in a sanitary manner when the animal has defecated on the property of another or on public property. Please be aware, the sidewalk, the area between the sidewalk and street (parkway), the street, lake street walkway, and all parks and parking lots are public property!!

Yard Waste Dumpster

The Yard Waste Dumpster opened for the year on April 25. The dumpster is provided at the Village garage from the end of April through October. Current hours are Wednesday from 2 p.m. to 6 p.m. and Saturdays from 8:30 a.m. to 3 p.m. This dumpster is for yard waste only, not lake waste. A truck for large brush or trees can be obtained by calling the Village garage at 920-876-2231.

Garbage Pickup Moved to Tuesday on Memorial Day Week

A reminder that garbage collection will be one day later when we are celebrating a Monday Holiday. For Memorial Day week garbage pickup will be on Tuesday.

Boating Regulations

A Coast Guard approved Personal Floation Device (PFD) in serviceable condition is required to be in the boat and accessible for each person in the boat.

2. A speed of "SLOW NO WAKE" is in effect all year long from 7:30 p.m.-10 a.m. each day. "SLOW NO WAKE" is defined as the slowest possible speed at which a boat can operate while still maintaining steerage.

3. Maintain a speed of "SLOW NO WAKE" at all times when operating a motor boat between the shoreline and the NO WAKE buoys and within 100 feet of any craft at anchor, adrift or not operating under engine power.

4. No boat towing persons skiing, tubing or the like can come within 100 feet of swimmers, divers, rafts, other boats or restricted areas.

5. All boats engaged in towing skiers, tubers or persons in similar activities must have a competent person, other than the pilot, observing the towed person(s).

6. NO SUNDAY operation of motor driven boats, beginning the 2nd Sunday of June and ending the 3rd Sunday of September. Note: Only electric trolling motors allowed.

7. There is a radar-enforced speed limit of 35 m.p.h. on the water.

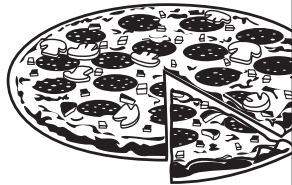

8. A counter-clockwise course should be maintained while water-skiing, jet skiing, etc., and during the times of high-volume boat activity.

A complete listing of Elkhart Lake and the State of Wisconsin Boating Rules Regulations and Statutes is available at the Village Office in Elkhart Lake.

May mystery photo

April mystery photo

Great entries offered for April photo contest

Take a look at May's mystery photo at the left. Do you know anything about it? Where was the location? What was the approximate year? Do you know specific building in the photo?

If so, let us know!

To enter the May contest, send an email or letter with as many details as you can include to the Elkhart Lake Chamber.

The person with the best submission will receive a finely matted, quality enlarged print of the original, courtesy of Schamberger Gallery in Elkhart Lake.

We received three entries for the April photo contest, all good entries.

The following was the submission of the April winner—Gina Kauer.

The April mystery photo is of the Villa Gottfried. Our sons' cottage is on the actual site of the villa and we live just to the east of the old Villa site and now own the Villa's boathouse, which was purchased and restored by Harry and Sis Bremer in the early 1950s. Harry chose to restore the boathouse instead of tearing down what was then an almost unsalvageable building. Our property has stonewalls from the Villa era and our driveway curb is the original curb from the Villa's carriage way. Our powder room has an original Gottfried Villa marble sink that was salvaged by Harry Bremer.

Gottfried Villa was built by Matheus Gottfried in 1890. He reportedly spent \$200,000 to build his summer home. The dwelling was a wooden replica of a castle on the River Rhine in his native Germany. The turreted mansion of countless rooms had circular staircases and marble fireplaces along with marble bathroom floors. Guesthouses, servant quarters, a floating pavilion, an aquarium, conservatory and boathouse also existed. He also had a bandstand on stilts, where German actors and musicians performed, plus a coffeehouse on the lakefront. Mr. Gottfried made his fortune from patents on an iron rim bunghole for beer barrels and barrel pitching machine. It was a grand home with estimates of 400 acres of property on which he kept herds of deer, elk and purebred horses and cattle. Mr. Gottfried also owned other property in the Village of Elkhart, which included a horse race track and power plant.

The ornate structure in the picture just to the west of the boathouse is the bandstand, which stood on pilings offshore

from the villa towards Camp Brosius. The pilings are still standing but were cut part way off to allow motorboats to safely pass over them.

The home was unfortunately sold and dismantled in 1946.

Gina Kauer

The two other entry submissions are also published here for their historical and anecdotal value.

"I think that is a photo of the Villa Gottfried, probably taken from the outlet. There is a floating bandstand at the right of the photo next to the boathouse. Although the villa was gone long before my time, my grandparents had photos and postcards of it, and talked about the bandstand. I think the boathouse still exists, and I use to swim across the lake to it every morning from Camp Brosius when I was working there as a waitress in the 1970s."

Linda Werling

"The photo is of the Gottfried estate. More interesting is the structure on the lake to the right, the Gottfried Pagoda.

Mr. Gottfried built the Pagoda in 20 feet of water. He built it on pilings. On Sundays he hired bands to play for the enjoyment of all the people of Elkhart Lake.

When the ice finally brought it down, the pilings fell to the bottom. My brother-in-law (Jim Benson) and I would dive on the area when we were just teenagers. The pilings rose 10 feet from the bottom and made an ideal habitat for fish. We would see large walleye and huge bluegill. The pilings are still there today.

The large home of the Gottfried estate stood for many years longer. Mr. Gottfried built the first electric generating plant in the area. He shared the electricity with the village. There was also a horseracing tract.

My wife of 53 years, who was then France Benson, told me her grandmother and her aunt would walk from their farm on Garton Road north of HWY 67 (then 57) to work as maid and cooks helper at the estate. They would take the path around the lake. If you walk around the lake you can still see the foundation of the main building.

This was really a grand era in the history of Elkhart Lake."

FCS instructor Roehl earns award from LTC

Elkhart Lake-Glenbeulah High School FCS instructor Beth Roehl has received a 2018 Academic and Career Planning Award from Lakeshore Technical College.

The award was one of seven presented to education, business/community leaders Feb. 22 during LTC's Celebration of K-12 Partnerships. Beth Roehl was one of three educators recognized for their involvement in career planning for students.

Beth works hard not only to provide students with positive classroom experi-

ences but also puts emphasis on students having "real life" learning experiences. Her impact on students reaches far past the classroom; she prepares them for a great future as students, workers and more importantly as young adults. Beth has used her passion, work ethic, teaching experience, and work experience to help students find success in whatever pathway they choose for their future. She is a true educator in every aspect and a perfect recipient for this award.

Church dedication rescheduled

Due to late spring weather the dedication service scheduled for April 29 has been changed to June 3.

Community United Church of Christ welcomes all to join us in the dedication of our new accessible entrance on Sunday, June 3 during the 9 a.m. worship service with a reception to follow. Our Associate Conference Minister Rev. Jane Anderson will be joining us.

Jung Construction LLC has served as the general contractor for this project and Jeff Smies of Smies & Associates, Architects LLC provided the design work. Members of the church building committee included chairperson Pat Ingraham, Clarence and Char Goetsch, Jim Heidner, Dennis Jung, Darryll and Debbie Matthies and Pastor Deborah Tyler.2

Annual Veterans Memorial Tribute to be held May 26

The Village's annual Veterans Memorial Tribute program, sponsored by the Village of Elkhart Lake and the Elkhart Lake Lions Club, will be held Saturday, May 26, at 11 a.m. in Memorial Park at the corner of Chicago Street and State Hwy 67.

United States Air Force Major Matthew Waage will be the featured speaker. Major Waage graduated in 1995 from the United States Merchant Marine Academy, Kings Point New York with a Bachelor of Science in Logistics and Marine Transportation. Upon graduation he was commissioned as an Ensign in the United States Naval Reserve.

In June 1996, he cross commissioned in the United States Air Force and joined the 128th Air Refueling Wing. After graduation from Pilot Training, Major Waage went on to graduate from SERE (survival, evasion, resistance, and escape) School and CCTS (Crew Combat Training) School where he learned to fly his combat aircraft, the KC-135 Stratotanker.

He has been deployed numerous times to Spain, Germany, Guam, and the Middle East to name a few of the locations. His last deployment was in 2015 flying combat missions over Afghanistan and Iraq. Major Waage retired from military service in 2016 after 21 years.

Major Waage lives in the Elkhart Lake area with his family.

The program will feature Sara Schoenborn playing Taps, the Elkhart Lake-Glenbeulah chorus under the direction of Holly Hellmer singing the National Anthem, the EL-GHS band under the direction of Jodi Voss playing patriotic songs, the Sheboygan County squadron of Civil Air Patrol cadets performing the raising of the flag ceremony, the American Legion Post 261 performing the ceremonial rifle volley and Father Philip Reifenberg delivering the invocation and benediction.

The ceremony will be followed by a brat fry and refreshments by the Elkhart Lake Lions Club from 10 a.m. to 1:30 p.m. Proceeds will go toward upkeep of the memorial and park grounds.

The public is invited to attend and should bring lawn chairs or blankets. Parking is allowed along State Hwy 67 and additional parking will be provided by Kees Corp. and Plyco Inc. in their parking lots.

In case of inclement weather, the ceremony will be held in the Elkhart Lake-Glenbeulah High School.
