What is a Mother?

She's a big smile with love in the middle...She's two eyes filled with hope & pride & just a hint of fear. She's a member of the world's greatest sorority. She's America's hardest working career girl...she's a mother.

She's old & young & in between...she's short & tall & rich & poor. She's the hope of the world with love in her heart...she's a mother.

Mothers like: fathers...children...quiet nights at home...fires in fireplaces...family outings...the happy shouts of boys & girls...A's on report cards...& the music of family laughter.

A mother is the most talented & useful of all living people. She can keep fathers happy...volunteer for church work...& push pounds of spinach through the lips of a young baby.

Mothers lend sons to America to fight its wars...furnish quarterbacks for football teams...and husbands for other women. She's the future of the world in a pretty dress...she's a mother.
