My wife has not spoken to me in three days. I think it has something to do with what happened on Sunday night when she thought she heard a noise downstairs.

She nudged me and whispered, "Wake up, wake up!"

"What's the matter?" I asked.

"There are burglars in the kitchen. I think they're eating the tuna casserole I made tonight."

"That'll teach them!" I replied.

BACK HOME

If I had the power to turn back the clock,
Go back to that house at the end of the block -
The house that was HOME when I was a kid,
I know that I'd love it more now than I did.

If I could be back there at my mother's knee,
And hear once again all the things she told me,
I'd listen as I never listened before,
For she knew so well just what life had in store.

And all the advice my dad used to give,
His voice I'll remember as long as I live;
But it didn't seem really important then;
What I'd give just to live it all over again.

And what I'd give for the chance I once had,
To do so much more for my mother and dad;
To give them more joy and a little less pain;
A little more sunshine - a little less rain.

But the years roll on and we cannot go back,
Whether we were born in a mansion or a shack;
But we can start right now - in the hour that's here,
To do something more for the ones we hold dear.

And since time in its flight is traveling so fast;
Let's not spend it regretting that which is past;
But let's make tomorrow a happier day
By doing our "good to others" - TODAY.

Now here's a tip!

by Jo Ann Derson

Salome's Stars

ARIES (March 21 to April 19) Although you might prefer moving forward at a steady pace, it might be a good idea to stop and reassess your plans. You could find a good reason to make a change at this time.

TAURUS (April 20 to May 20) Just when you thought you had everything planned to the smallest detail, you get some news that could unsettle things. But a timely explanation helps put it all back on track.

GEMINI (May 21 to June 20) Home and work continue to compete for your attention. But you handle it well by giving each its proper due. Someone you trust offers valuable advice. Listen to it.

CANCER (June 21 to July 22) Unsettling news creates a difficult but not impossible situation. Continue to follow your planned routine, but keep your mind open to a possible change down the line.

LEO (July 23 to August 22) Lick your wounded pride if you like, but it's a better idea to find out why your suggestions were rejected. What you learn could help you deal with an upcoming situation.

VIRGO (August 23 to September 22) Feeling a bit listless? No wonder. You might be pushing too hard to finish everything on your to-do list. Cutting it down could help get your energy levels up.

LIBRA (September 23 to October 22) Taking time out of your busy schedule might be the best way to handle that sensitive private matter. It will help reassure everyone involved about your priorities.

SCORPIO (October 23 to November 21) Insist on full disclosure by all parties before agreeing to be part of a "great deal." What you learn should help you decide whether to go with it or not.

SAGITTARIUS (November 22 to December 21) Your decision to protect the secret that was entrusted to you might irk some people. But it also wins you the admiration of those who value trust and loyalty.

CAPRICORN (December 22 to January 19) Creative activities take on a practical approach as you realize you might be able to market your work. Ask for advice from someone experienced in this area.

AQUARIUS (January 20 to February 18) If you're suddenly a bit unsure about your decision, ask trusted colleagues and/or friends or family members for suggestions that could help resolve your doubts.

PISCES (February 19 to March 20) A workplace situation could get stormy. But stay on course until there's a solution that meets with everyone's approval, and things can finally calm down.

BORN THIS WEEK: You keep an open mind on most matters, making you the confidante of choice for people who need your honest counsel.

* Take a picture of the size of your air filter and keep it on your phone. No guessing when you get to the store and all those numbers start sounding the same.

* Recipe Substitutions: If you need 1 cup of corn syrup, dissolve 1 cup white sugar in 1/4 cup of hot water.

* "My husband plays golf a lot, and he's always got a stock of little pencils from the club. The kids made a photo frame for him for Father's Day by gluing many of these pencils together in a pattern rectangle. It's so creative and we printed a photo of him and the kids to go in it." -- J.G. in Florida

* Protect your razor and your fingers in your shower kit with this neat trick. Clip an extra-large binder over the razor head. Fold the prongs along the razor handle and secure with an elastic hair tie.

* Kids running around the house? To make sure they don't run into the sliding glass door, hang something at eye level. It could be as simple as a sticker, or a cute suncatcher. Nobody likes to go face first into a glass door that's closed.

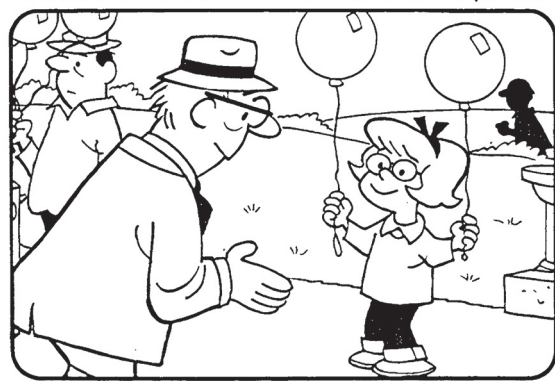

* "I have a lovely painted mailbox. The house number is painted on, but it never occurred to me that it's not very visible in the dark. We had a heart scare recently that involved an ambulance being called. They did make it to our place, but standing in the driveway as they left, I realized that we needed something more obvious. I have a solar-powered lamp light up house numbers now." -- A.O. in Idaho

PIEDMONT PETS

May 10, 2018
By Paulette Dean

Summers are brutal for pets and there are dangers that must be addressed.

Animals left in parked cars. Never leave your dog or cat in a parked car during warm or hot weather. The buildup of heat inside a car can kill a pet very quickly. Dogs and cats do not sweat as we humans do. Their lungs are their main cooling system. With nothing but overheated air to breathe, your pet cannot live very long. With the outside temperature in the low 80s, the temperature inside a car - with windows slightly opened - will reach 102 degrees in 10 minutes. In 30 minutes, the inside temperature reaches 120 degrees. Humidity increases the danger. Cars parked in the shade or cars that have just had the air conditioning turned off are just as dangerous. It is kinder to leave pets at home in warm weather, beginning when the temperatures reach 60.

Dogs chained outside with no shade provided. Never put a doghouse where it is not protected from direct sunlight. Outside dogs cannot find relief in a doghouse that is not shaded. At temperatures over 80 degrees, the danger of heat stroke increases significantly. If the dog is confined to a pen on concrete, reflected heat makes the temperature even higher. A doghouse that is not in shade becomes nothing but a hot box. A source of shade must be provided in order for your dog to be comfortable. A tarp over one corner of a dog lot may suffice; if the dog is chained outside of a lot, sometimes a piece of plywood leaned against the doghouse will provide needed relief from the direct sunlight. Actually, the definition of "adequate shelter" in the Virginia code requires animals to be kept free from the ill effects of direct sunlight. Dogs kept in outside lots or on chains with no shade provided are the ones that are most at risk from high temperatures.

996 South Boston Rd.,
Danville, VA 24540
Phone: (434) 799-0843

Pets that do not have water. Never expect your pet to be without cool, fresh water. Fresh water must be provided at all times. Even inside pets drink more during hot weather. The absolute legal minimum for adequate water is "access to clean fresh water of a drinkable temperature." That requirement is 24/7. Outside animals especially can become dehydrated very quickly.

Parasites. Fleas and ticks can actually kill animals. The danger from fleas comes from the actual draining of blood to the point of anemia and death. The danger from ticks comes mostly from tick-borne diseases. There are so many preventives that are available now that there is really no excuse for your pets to suffer from external parasites.

Owners are urged to think about what makes them comfortable during the summer, and give their pets the same treatment.

Danville Dental ASSOCIATES

On April 28th, Danville Dental Associates reached out to the community to support our area students with a project called "Smile for Schools". Patients were offered at-home bleaching kits regularly valued at \$399, for a \$100 donation to be given to the patient's designated school of choice. These included public or private schools; primary, middle or high schools; and special needs schools in Danville City and Pittsylvania County areas. The schools may decide how they wish to use the funds they receive from Danville Dental's patients. It may be distributed to the school's PTO or PTA, an athletic or academic boosters club, the band boosters or any worthwhile area of need for that particular school.

During our second event 36 patients were seen enabling a donation of \$3,600 to the schools. Last year, \$8,400 was raised during the event for a combined total of \$12,000, given to support local schools. You can find more information about "Smile for Schools" on our website, www.smileforschools.com.

The staff of Danville Dental Associates would like to express their appreciation to the patients who participated and offer our apologies to those patients we were unable to schedule due to lack of appointment space. We are also grateful to the staff members who generously volunteered their time to the event: (Dentists) Dr. Albert L. Payne, Dr. Jeffrey A. Clifton, and Dr. Donald Cairns; (Office Staff) Misti Searcy, Teresa Cook, Chelsie Vaughan and Shakeia Graves; (Dental Assistants) Kim Sadler, Amy Harris, Marty Goins, Ellen Wallace, Amanda Austin, (Other Volunteers) Kara Searcy.

Dr. Albert Payne enjoys taking time to explain the bleaching process with his patients.

Roach Completes Leadership Southside XXIII

DANVILLE, VA., MAY 7, 2018 – Danville Community College (DCC) Public Relations and Marketing Specialist Bobby Allen Roach graduated from Leadership Southside XXIII this week.

The nearly year-long program, coordinated by the Danville-Pittsylvania County Chamber of Commerce, provides both established and emerging leaders in Danville and Pittsylvania County a variety of opportunities to hone their leadership skills, from teamwork and management styles to crisis management and ethics.

Roach was joined by 19 other professionals from the region for the past nine months.

“I feel very fortunate to have shared this opportunity with these talented individuals as we learned more about the unique needs of our community while also getting a chance to celebrate what makes Danville and Pittsylvania County so special,” Roach said. “Programs like Leadership Southside help ensure this region has a pipeline of leaders in place both for immediate regional needs and for long-term planning and community organization. I thank the Chamber for its part in shaping the future of our home.”

Leadership Southside develops leadership skills by providing information, education, experience, and exchange of ideas. Sessions have included orientation, leadership skills and development, teambuilding, community issues and opportunities, crisis leadership, board leadership and communication in nonprofit organizations, effecting change, cultural diversity, and effective facilitation.

“I have wanted to participate in this program for years,” Roach said. “The knowledge I have gained through the variety of sessions the Chamber hosted will surely remain with me throughout my career. I am very thankful to DCC for sponsoring me and making my participation possible.”

Danville Community College is a two-year institution of higher education under the state-wide Virginia Community College System. DCC’s service area includes the City of Danville, Pittsylvania County, and Halifax County. For more information about the college’s more than 100 programs of study, visit www.danville.edu.

Centra Recognizes National Nurses Week

Every year, National Nurses Week focuses attention on the diverse ways America’s 3 million registered nurses work to save lives and to improve the health of millions of individuals. This year, the American Nurses Association (ANA) has selected “Nurses Inspire, Innovate and Influence” as the theme for 2018. The ANA supports and encourages National Nurses Week recognition programs through the state and district nurse’s associations, other specialty nursing organizations, educational facilities, and independent health care companies and institutions.

Annually, National Nurses Week begins on May 6, marked as RN Recognition Day, and ends on May 12, the birthday of Florence Nightingale, founder of nursing as a modern profession. During this week, Centra will honor its nursing staff through various activities.

Traditionally, National Nurses Week is devoted to highlighting the diverse ways in which registered nurses, who comprise the largest health care profession, are working to improve health care. From bedside nursing in hospitals and long-term care facilities to the halls of research institutions, state legislatures, and Congress, the depth and breadth of the nursing profession is meeting the expanding health care needs of American society.

Caswell American Legion 5k

The third annual Caswell American Legion 5k was held on Saturday morning, May 5, drawing runners and casual walkers from around Caswell County and Danville. The race and walk was held mostly on John Long Road in Blanch.

The winner of the runners was Rolin Good with a time of 19:12, beating the previous course record by over 2 minutes. Danville runners included West Point graduate and Army veteran Ralph Elder, 40, who noted he was beat by his son, Grant, twelve years old, for the first time. Also entering the race was Angel Lin, runner for the Galileo High School track and cross-country team, and Angela Newton Smith of the South Boston YMCA. Walkers also enjoyed the event, from serious power walkers to casual strollers. John Carpenter, pastor of Covenant Reformed Baptist Church and former local runner, said, “I invited many from the Danville running community to come south of the state line and run races here in Caswell County. I’m glad to see venture down here and experience how Caswell County’s quiet country roads make great places to run.”

The next Caswell County race, a trail race, is the Breast Cancer Awareness 5k hosted by the Caswell Emergency Management office on October 13.

Happy Mother's Day in Heaven to my Mother,
Sally Frances Ayers
8-4-30 to 8-18-11

It's Mother's Day again, and I'm trying to make it through, because this day reminds me of all the things I miss about you. I miss your face smiling down at me, with love shining from your eyes. I miss the way you'd laugh at my jokes so hard that it made you cry. I miss the touch of your clean hands, how gentle and kind they could be. And I miss the warmth of your hugs, and how you'd wrap me uptight as could be. I miss the smell of your perfume, the way it lingered in the air. Sometimes I think I smell it again, and I get a sense that you're there. I miss the way you could always tell when something in my life had gone wrong. How you'd talk to me until I felt better. Your words soothed me like a song. And so I sit here once again, remembering these things I miss. And this year, just like every year, I make a silent wish. Rest in peace my Angel. One day we will be together. The next time I see you, I know it will be forever. And Corey misses you so much. He speaks of you often. Mom, I love and miss you more than words could ever say. You're always on my mind and forever in my heart. Till we meet on the other side of the beautiful shore, at the pearly gates of Heaven.
Love, Hurting, Missing You Always,
Carolyn (Daughter)

BEST STRAWBERRY SHORTCAKE

Ingredients

- 1 1/2 cups all-purpose flour
- 1/4 cup sugar
- 1 teaspoon baking powder
- 1/4 teaspoon salt
- 1/4 teaspoon baking soda
- 1/3 cup cold butter
- 1 egg, lightly beaten
- 1/2 cup sour cream or plain yogurt
- 3 tablespoons milk
- 5 cups sliced fresh strawberries
- 3 tablespoons sugar
- Sweetened Whipped Cream

Directions

Preheat oven to 400 degrees F. Grease an 8x1 1/2-inch round baking pan; set aside. In a medium bowl combine flour, the 1/4 cup sugar, the baking powder, salt, and baking soda. Using a pastry blender, cut in butter until mixture resembles coarse crumbs. Using the back of a spoon, make a well in the center of the flour mixture. In a small bowl stir together egg, sour cream, and milk. Add egg mixture to flour mixture all at once, stirring with a fork just until moistened. Using a small offset metal spatula, spread dough evenly in the prepared pan. Bake for 18 to 20 minutes or until a wooden pick inserted near the center comes out clean. Cool in pan on wire rack for 10 minutes. Using a small metal spatula, loosen sides of shortcake. Place a wire rack on top of pan; place one hand on top of rack and other hand under pan and carefully invert pan with rack (use pot holders to protect your hands). Lift pan off shortcake. Cool on wire rack until completely cool. Meanwhile, combine 4 cups of the strawberries and the 3 tablespoons sugar. If desired, use a potato masher to mash berries slightly; set aside. To serve, cut shortcake in half horizontally. Spoon the strawberry mixture and the Sweetened Whipped Cream over shortcake bottom. Replace the shortcake top. Top with the remaining 1 cup sliced strawberries.
