Open-Shop Electrical Contractors, Your Time is Now!

For the past several years IBEW Local 99 has been actively recruiting, testing and welcoming into our Local: Apprentices, Journeymen Wiremen, Tele-com Techs and Contractors.

That effort has been an amazing success. We now have a database of many unrepresented hard working men and women who will be coming in the Union. Many of these people currently work in parts of the industry that the IBEW has historically not been as prevalent in, such as Residential and Light commercial.

We are now looking to expand our recruitment of high quality and ethical open shop contractors that specialize in that type of work.

Discover the value IBEW can have for your company:

- You pay nothing to the Union to sign with us!
- Immediate access to indentured apprentices!
- 1-1000 qualified Men and Women available with a single phone call!
- IBEW quickly becoming the main source of manpower in the Northeast!
- Flexible rates for non-traditional work!
- Your partner in protecting the industry!
- The safest and most productive workforce in the industry!
- The undisputed best training facility and staff in the industry!
- Complete flexibility in Staffing!
- Access to General Contractors and Bidding Opportunities!
- Free Benefit Management!
- Contractor Training and Support!

We are looking for only the best in manpower and contractors. If you are a great contractor, we should be talking to you now. There are many very unsatisfied craftspeople looking for a better life who are available right now and ready to move to your company!

Solomon's Seal are native to woodlands in North America, and can often be found growing in the wild. Its flowers greatly resemble the Lily of the Valley, its relative. With its graceful arching branches, exquisite white flowers shaped like little bells and tipped with yellow or green, the plant can grow up to four feet high. It has blue-green leaves that turn golden-yellow in autumn, and at that time the plant will have blue berries.

ARIES (March 21 to April 19) Although you might prefer moving forward at a steady pace, it might be a good idea to stop and reassess your plans. You could find a good reason to make a change at this time.
TAURUS (April 20 to May 20) Just when you thought you had everything planned to the smallest detail, you get some news that could unsettle things. But a timely explanation helps put it all back on track.
GEMINI (May 21 to June 20) Home and work continue to compete for your attention. But you handle it well by giving each its proper due. Someone you trust offers valuable advice. Listen to it.
CANCER (June 21 to July 22) Unsettling news creates a difficult but not impossible situation. Continue to follow your planned routine, but keep your mind open to a possible change down the line.
LEO (July 23 to August 22) Lick your wounded pride if you like, but it's a better idea to find out why your suggestions were rejected. What you learn could help you deal with an upcoming situation.
VIRGO (August 23 to September 22) Feeling a bit listless? No wonder. You might be pushing too hard to finish everything on your to-do list. Cutting it down could help get your energy levels up.

LIBRA (September 23 to October 22) Taking time out of your busy schedule might be the best way to handle that sensitive private matter. It will help reassure everyone involved about your priorities.
SCORPIO (October 23 to November 21) Insist on full disclosure by all parties before agreeing to be part of a "great deal." What you learn should help you decide whether to go with it or not.
SAGITTARIUS (November 22 to December 21) Your decision to protect the secret that was entrusted to you might irk some people. But it also wins you the admiration of those who value trust and loyalty.
CAPRICORN (December 22 to January 19) Creative activities take on a practical approach as you realize you might be able to market your work. Ask for advice from someone experienced in this area.
AQUARIUS (January 20 to February 18) If you're suddenly a bit unsure about your decision, ask trusted colleagues and/or friends or family members for suggestions that could help resolve your doubts.
PISCES (February 19 to March 20) A workplace situation could get stormy. But stay on course until there's a solution that meets with everyone's approval, and things can finally calm down.
BORN THIS WEEK: You keep an open mind on most matters, making you the confidante of choice for people who need your honest counsel.

Easy Grilled Ranch Potatoes

With just three ingredients, these grilled potatoes from Creme de la Crumb are quick and delicious, and make the perfect side dish for any summertime meal.

- 2 pounds baby red potatoes
- 3 tablespoons olive oil (or other oil)
- 1 packet ranch seasoning

1. Wash, pat dry and quarter potatoes (for larger ones you may need to chop into slightly smaller pieces, about 1 inch).
2. Place chopped potatoes in a large resealable bag. Drizzle olive oil into the bag, seal and toss to coat the potatoes.
3. Open the bag, sprinkle in half of the ranch seasoning, seal, toss to coat, then repeat with remaining seasoning.
4. Thread potatoes on skewers. Grill over low heat for 10-20 minutes (depending on your grill) turning throughout to ensure even cooking. When fork-tender, remove from grill and serve warm with cold ranch dressing, if desired. Serves 4.

Alphabet Man

Every child has to learn the alphabet before learning to read, so some toys for those under 5 years old have been "teaching toys." Blocks were the first. The oldest mention of alphabet blocks was in 1693 in England. But blocks with letters and pictures were not avail-

able for most families until 1820 when large numbers of sets were made in a factory. Well-to-do young girls educated in the 18th century learned the alphabet while sewing samplers. They had to be able to stitch identification on all the family linens when they married. Most toys were made to teach religion, like a carved wooden Noah's ark, or to teach a skill like cooking using a toy stove, pots and pans. Toy makers created a few teaching toys, cards with letters and pictures were not avail-

Q. I have my mother's antique satin wedding dress from 1931. It's in perfect condition. I would like to know if it's worth anything or if anyone would want it.

A. Yes, there is interest in old wedding dresses and gowns. You could donate it to a local historical museum or an organization that will resell it for a charitable cause. You could sell it to a vintage clothing store. Or it could be turned into something else. Old wedding dresses can be used to make christening gowns or bride or princess outfits for small children who like to play dress-up. The fabric can be repurposed to make pillows or enclosed in a locket, frame or Christmas ornament. It also can be used to make scarves, decorate baby blankets, bassinet skirts or wedding or baby photograph albums.

CURRENT PRICES

Record, Dick Todd, Rainbow Records, Red Apple Cheeks, Daddy's Little Boy, 78 RPM, 9 3/4 inches, \$15.
Kewpie figurine, bride and groom huggers, bisque, c. 1920s, 3 1/2 inches, \$175.
Decanter, Bohemian glass, paint, winged creatures, swags, faceted stopper, c. 1900, 10 inches, pair, \$365.
Incense burner, sterling silver, double gourd, handles, birds, repousse design, tripod foot, c. 1890, 13 x 9 inches, \$950.

TIP: To remove white rings — usually made by damp glasses or hot cups of coffee — from wooden tabletops, rub the spot with a mixture of mayonnaise and toothpaste. Wipe, then polish.

A rare, famous teaching toy is the "Alphabet Man" or "Yankee Schoolmaster." The 10-inch-tall iron figure of a man had an arm that moved when a lever was pushed. The man blinked his eyes, raised his left arm and pointed to a hole high on his chest. A letter appeared and the student had to name it. The man is dressed like a school-

Now here's a tip!

by Jo Ann Derson

- Take a picture of the size of your air filter and keep it on your phone. No guessing when you get to the store and all those numbers start sounding the same.
 - Recipe Substitutions: If you need 1 cup of corn syrup, dissolve 1 cup white sugar in 1/4 cup of hot water.
 - "My husband plays golf a lot, and he's always got a stock of little pencils from the club. The kids made a photo frame for him for Father's Day by gluing many of these pencils together in a pattern rectangle. It's so creative and we printed a photo of him and the kids to go in it." —J.G. in Florida
 - Protect your razor and your fingers in your shower kit with this neat trick. Clip an extra-large binder over the razor head. Fold the prongs along the razor handle and secure with an elastic hair tie.
 - Kids running around the house? To make sure they don't run into the sliding glass door, hang something at eye level. It could be as simple as a sticker, or a cute suncatcher. Nobody likes to go face first into a glass door that's closed.
 - "I have a lovely painted mailbox. The house number is painted on, but it never occurred to me that it's not very visible in the dark. We had a heart scare recently that involved an ambulance being called. They did make it to our place, but standing in the driveway as they left, I realized that we needed something more obvious. I have a solar-powered lamp light up house numbers now." —A.O. in Idaho

HERE IS A PLEASANT LITTLE GAME that will give you a message every day. It's a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner and check one of your key numbers, left to right. Then read the message the letters under the checked figures give you.
