The Ark, the largest timber-frame building in the world, is made up of three decks that include teaching exhibits and displays of incredible craftsmanship.

Wallace State Alumni Association Plans Trip To The Ark Encounter And Creation Museum

This fall, the Wallace State Alumni Association will offer its first group excursion to the Ark Encounter and Creation Museum in Kentucky and combine it with experiences featuring the German culture of nearby Cincinnati, Ohio. The four-day, three-night trip is planned for Sept. 13-16, and includes a brief foray into Indiana.

On tap for the tour are visits to the Genesis Creation Museum and Ark Encounter, dinner and entertainment at Hofbrauhaus German Restaurant, a tour of Cincinnati featuring German Heritage, a riverboat dinner cruise, visits to the Newport on the Levee, Findlay Market, and Schimpff's Confectionery in Indiana. The cost of the trip includes motorcoach transportation, lodging, five meals (3 breakfasts and two dinners), a tour guide, luggage handling and all gratuities.

"This should be a great trip," said LaDonna Allen, WSCC Alumni Coordinator. "The Ark Encounter opened in July 2016 and is a sister attraction of the Creation Museum located about 40 miles apart. We've heard lots of good things about both."

The Ark Encounter is a full-size Noah's Ark built using the dimensions given in the Bible. It's 510 feet long, 85 feet wide and 51 feet high. It includes three exhibits: the ark itself, the craftsmanship in the woodworking, and teaching exhibits. There is also the Ararat Ridge Petting Zoo and Screaming Eagle Zip Lines on the museum's campus.

The Creation Museum is a 75,000 square-foot facility that lets visitors "experience earth history as God has revealed it in the Bible." There are 150 exhibits including animatronic dinosaurs, a world-class Allosaur fossil, talking heroes of the faith, and professional displays that honor God's word. There is also a planetarium, petting zoo, nature trails, zip lines and more.

The cost for the trip for Alumni Association members is \$749 per person for triple occupancy, \$839 for double occupancy, and \$1,079 for single occupancy. Non-members are charged an additional \$100 per person, but can join the Alumni Association for \$25 (\$15 for students) to take advantage of the member discount. Optional travel insurance is also offered.

For more information, contact Allen at 256.352.8071 or ladonna.allen@wallacestate.edu or visit www.wscalumni.org/ark18 to see the itinerary and register.

There Is A Reason ...

My opponent has devised a scheme to use cherry-picked documents to create bogus claims against me.

The Reason — Cullman County voters have rejected him every time he has run on his own record. Now in his 5th attempt, my opponent is desperate, and willing to say anything to be elected to *something*.

I never thought I would see a campaign like this here. But my confidence is in the voters of Cullman County. I will continue to earn your trust and confidence in me as I have for over 30 years. I ask for your prayers, support and vote June 5th.

ATTENTION! ALL CULLMAN COUNTY VOTERS!

Garry Marchman, while serving as the County Road Commissioner, Place 2 (Westside) paved a quarter mile length of County Road 261 with **asphalt**. The **only** home on this dead-end road, paved by Commissioner Garry Marchman, belongs to State Representative Corey Harbison. We do not feel this is right or fair, given the poor conditions of the roads in our county. This is important for voters to consider when going to the voting booths on June 5, 2018!

Many so-called Christian churches testify of Christ but for doctrines keep man's commandments instead of teaching exactly what The Holy Bible gives! They call Christ Lord and Master but teach Christ gave them a new lawless covenant that promises life to the wicked (Ezek 13:22) and deny the only way for salvation that Christ gave for mankind! Let the devil in disguise promise life to mankind and he will gladly be served (Gen 3:1-24, 2Cor 11:13-15, 1Jn 3:8-9). So Be It!

Why Should You VOTE for & KEEP

TAMMY BROWN

as your Probate Judge
June 5 in the Primary Election?

You are proud to call her
YOUR PROBATE JUDGE!

- ✓ She requires NO on-the-job training!
- ✓ She is the Real-Deal
- ✓ Job Knowledge & Experience to get the job done
- ✓ Leadership to put behind the negative; Move forward with the Positive
- ✓ Proven Accountability to YOU!

Tammy started to work in the Probate office in 1987 and has done every job in the office. She credits her hard work and dedication to the Probate Office and to You the people she serves on a daily basis. Tammy was elected in 2012 to serve as Probate Judge completing her first six-year term. There is significant reason that it is named the probate judge's office. Simply, the probate judge presides over probate court cases set out by the Code of Alabama, the LAW. Since being elected in 2012, she has presided over:

1764 Probate Court Case
391 Adoptions
900 Commitments

To properly handle these cases takes a level of expertise that only comes with the years of experience that she has. I will hit the ground running and continue to process these cases.

*"It is my honor to serve as your Probate Judge.
I ask that you allow me to continue to serve"*

CENTRAL

Use of blood-thinning medications among older adults was significantly associated with higher rates of hematuria (the presence of blood in urine)-related complications, including emergency department visits, hospitalizations and urologic procedures to manage visible hematuria, according to a study published by JAMA. Antithrombotic (reduces the formation of blood clots) medications, such as warfarin and aspirin, are among the most commonly prescribed and also among the medications most commonly associated with adverse events. While hematuria represents a less life-threatening adverse event than intracranial or gastrointestinal bleeding, it is common and involves diagnostic evaluation including abdominal imaging and invasive testing and management. The prevalence, severity, and risk factors for hematuria associated with the use of anti-thrombotic agents are largely unknown.

The U.S. food and Drug Administration has approved Verzenio (abemaciclib) to treat adult patients who have hormone receptor (HR)- positive, human epidermal growth factor receptor 2 (HER2)- negative advanced or metastatic breast cancer that has progressed after taking therapy that alters a patient's hormones (endocrine therapy). Verzenio is approved to be given in combination with an endocrine therapy, called fulvestrant, after the cancer had grown on endocrine therapy. It is also approved to be given on its own, if patients were previously treated with endocrine therapy and chemotherapy after the cancer had spread (metastasized). Breast cancer is the most common form of cancer in the United States. The National Cancer Institute at the National Institutes of Health estimates approximately 252,710 women will be diagnosed with breast cancer this year, and 40,610 will die of the disease. Approximately 72 percent of patients with breast cancer have tumors that are HR-positive and HER2-negative.

Martha Williams

SOFT ON CRIME!

Convicted Sex Offender, J. Fowler, pleads guilty to Electronic Solicitation of a minor on November 14, 2016. On July 20, 2017, a Cullman County Grand Jury indicts J. Fowler for committing a new felony: Violation of the Sexual Offender Registration and Notification Act.

On March 9, 2018; Fowler pleads guilty to the new felony. As a result of Fowler having committed a new felony offense, the state prosecutor requests that his probation be revoked, and that he be remanded to prison. After a hearing on April 19, 2018; Judge Martha Williams denies the state's request and reinstates Fowler's Probation. (Case No. CC-2015-6.00; CC-2015-6.70; and CC-2017-391).¹

¹Williams accepted both of Fowler's felony pleas.

12. (Other) SORNA Violation

The court having considered the original offense for which the Defendant was placed on probation and the probationer's specific failures to abide by the terms and conditions of probation, it is hereby ORDERED:

Folks, there ain't no use of law enforcement authorities investigating and solving crimes if she's simply going to let 'em out. Her so-called

"experience" isn't the kind we need.
