### THE GOLF BALL

Two friends went out to play golf and were about to tee off, when one fellow noticed that his partner had but one golf ball.

"Don't you have at least one other golf ball?" he asked. The other guy replied that no, he only needed the one. "Are you sure?" the friend persisted. "What happens if you lose that ball?"

The other guy replied, "This is a very special golf ball. I won't lose it, so I don't need another one."

"Well," the friend asked, "what happens if you miss your shot and the ball goes in the lake?"

"That's okay," he replied. "This special golf ball floats. I'll be able to retrieve it."

"Well, what happens if you hit it into the trees and it gets lost among the bushes and shrubs?"

The other guy replied, "That's okay too. You see, this special golf ball has a homing beacon. I'll be able to get it back -- no problem."

Exasperated, the friend asked, "Okay. Let's say our game goes late, the sun goes down, and you hit your ball into a sand trap. What are you going to do then?"

"No problem," said the other guy. "You see, this ball is fluorescent. I'll be able to see it in the dark."

Finally satisfied that he needed only the one golf ball, the friend asked, "Hey, where did you get a golf ball like that anyway?"

The other guy replied, "I found it."

\* "Here's an awesome way to clean silver. Take an aluminum foil pan -- the disposable kind -- and line it with a piece of aluminum foil; sprinkle in some salt -- I use sea salt, but any kind will do -- then add an equal amount of baking soda, and fill the container with boiling water. Put your silver, including jewelry, into the mix -- it cleans instantly! Of course, you'll have to turn the larger pieces, so be careful not to burn yourself." -- L.N. in B.C., Canada

\* "With summer storms and hurricane season right around the corner, power outages are a very real possibility. Whenever I have any extra room in my freezer, I fill some containers with water and freeze them. If the power were to go out, it'll keep my frozen foods good longer, or become water to drink if needed. And it's no waste, since if I need the room, I can just take one out." -- W.J. in Texas

\* Do you remember the last time you went on vacation and came home the night before returning to work or school, and the house was trashed and there was no food or anything? Do yourself a favor here: Clean house before you leave; schedule a grocery delivery of essentials for your return, if possible; and schedule a recovery day at home before returning to work.

\* Bread can be frozen and reheated in the oven after a quick spritz of water. Sliced bread can be defrosted on the counter as needed. There's really no excuse to have bread go bad.

\* For furniture items that require their own small tool to tighten screws (think, IKEA furniture, etc.), this tip is genius: Tape the tool to the underside of the furniture, or in an inconspicuous place. It will be handy for quick tighten-ups and ready when you need to take it apart to move it.

**ARIES** (March 21 to April 19) Lots of possibilities begin to open up by midweek. Some seem more appealing than others. But wait for more facts to emerge later on before you consider which to choose.

**TAURUS** (April 20 to May 20) Bravo to the determined Bovine. While others might give up, you continue to search for answers. Expect your Taurean tenacity to begin paying off by week's end.

**GEMINI** (May 21 to June 20) You might want to consider stepping back from the task at hand for a while. This could help you get a better perspective on what you've done and what still needs to be done.

**CANCER** (June 21 to July 22) Your keen Cancerian insight should help you determine whether a new offer is solid or just more fluff 'n' stuff. The clues are all there waiting for you to find them.

**LEO** (July 23 to August 22) Being ignored is difficult for any proud Leo or Leona. But pushing yourself back into the spotlight might be unwise. Instead, let things work themselves out at their own pace.

**VIRGO** (August 23 to September 22) Trying to uncover a colleague's secret under the pretext of showing concern is ill-advised. Control your curiosity to avoid raising resentment in the workplace.

**LIBRA** (September 23 to October 22) Expect to hear good news about a loved one. Also, be prepared for some changes in several family relationships that could develop from this lucky turn of events.

**SCORPIO** (October 23 to November 21) Some surprises are expected to accompany a number of changes that will continue through part of next week. At least one could involve a romantic situation.

**SAGITTARIUS** (November 22 to December 21) You might be upset by some of your critics. But most of your associates continue to have faith in your ability to get the job done, and done well.

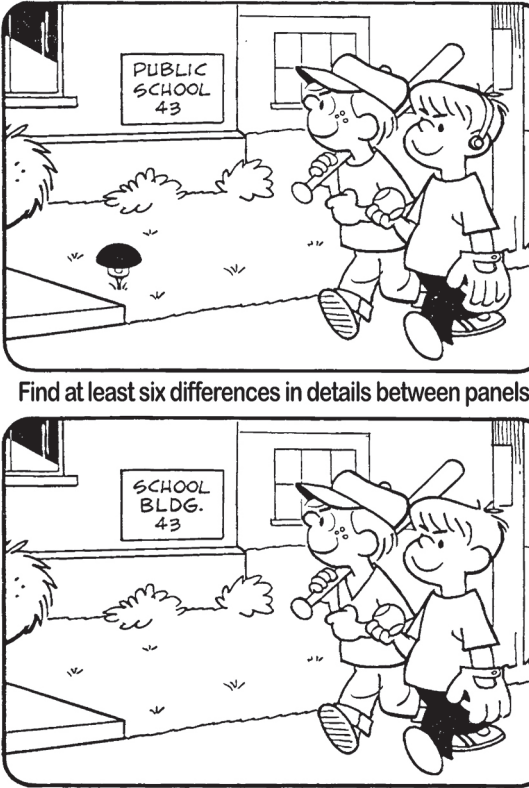

**CAPRICORN** (December 22 to January 19) A workplace goal that suddenly seems out of reach is no problem for the sure-footed Goat, who moves steadily forward despite any obstacles placed in his or her way.

**AQUARIUS** (January 20 to February 18) Uncertainty about who is right and who isn't might keep you from making a clear-cut decision. Wait until you know more about what you're being asked to decide.

**PISCES** (February 19 to March 20) Be careful to keep your emotions in check when dealing with a demanding personal situation. You need to set an example of strength for others to follow.

**BORN THIS WEEK:** You have an extraordinary ability to rally people to do their best. You would be a treasure as a teacher.

**How Romantic**

A wife, being the romantic sort, sent her husband a text, "If you are sleeping, send me your dreams. If you are laughing, send me your smile. If you are eating, send me a bite. If you are drinking send me a sip. If you are crying, send me your tears. I love you!"

The husband, typically unromantic, replied, "I am sitting on the toilet. Please advise."

Many years ago, a woman who had recently retired from teaching school asked about volunteering at the shelter. We have a wonderful group of volunteers, so we enthusiastically added her to our list of shelter volunteers.

Every Thursday, she came to the shelter to do what she could to help. As she left in the afternoon, she would be thanked, but she would always say she had not done very much. We begged to differ.

This kind-hearted woman washed, dried, and folded towels for hours on end. She took breaks to bathe and then brush the dog that was being spotlighted on our television pet of the week segment.

Her service may appear small to some people, but for us, she was an angel. We use hundreds of towels each week to make soft places for shelter animals to sleep and she helped us manage the laundry. Through her efforts, many of the animals spotlighted were adopted because she made them look good. Her service mattered.

People who want to volunteer at the shelter are required to attend an orientation. These orientations are held monthly. During this orientation, we give a tour of the shelter and explain many of the required regulations and laws. We explain our policies and procedures, thereby keeping the volunteers and the animals safer and happier.

Shelter volunteers help us provide enrichment for the animals, making their time at the shelter happier. As a result, they are more adoptable. Volunteers bathe dogs and puppies, play with them, and take them for walks. Kittens and cats enjoy playtime, even if that means climbing all over the volunteers who are sitting in the floor.

Children may volunteer with a parent or guardian; however, youth that are at least fourteen years old may volunteer on their own.

It is no secret that volunteers may see animals that are thin or that have been abused and hurt. We are grateful, however, to the volunteers who overcome their reluctance to see sad things and in the process, help to relieve some of the sadness.

**"Bed Post" Doll**

Dolls have been favored toys for centuries. Long before there were manufactured china, metal or plastic-headed dolls, there were wooden, rag and even dried-apple heads. And often, where there was no available doll material, folk-art dolls were made with leather and beads, silk stockings, felt, carved stone and fur, knit socks, clothes pins, wishbones, corn cobs, acorns and pinecones — even old broomsticks.

The pink, red and green stripes probably represent a blanket wrapped around this wooden folk art doll. The 20-inch-doll sold for \$1,600 at a Theriault's doll auction in Maryland.

A 2016 doll auction sold a German carved wooden folk-art doll, made in about 1850 from a hollow wooden tube and other wood pieces, for \$1,600. It is 20 inches tall and is decorated with a painted geometric design. There are no arms or legs, but the paint suggests a bunting blanket used on babies. The auction catalog called it the "bed post doll" because the head looked like the top of a bed post and was, perhaps, made from a recycled bedpost. The original painted finish, age, size and originality all added to the value.

**Q.** I'd like to know something about F. Winkles & Co. pottery. Is it old or valuable?

**A.** F. Winkle & Co. made earthenware at the Colonial Pottery in Stoke, Staffordshire, England, from 1890 to 1931. Ridgways took over F. Winkle & Co. in 1931. The Colonial Pottery became Whieldon Sanitary Potteries Ltd., later a subsidiary of Doulton Co. The factory was torn down in about 2000. Pottery by F. Winkle & Co. is selling for low prices. Dinner plates sell for \$10-\$25, bread and butter plates for \$9, a fruit dish for \$15. Serving dishes sell for higher prices.

**Q.** We have an old cast-iron stove that reads "Wooddale Belknap Hdw. & Mfg. Co. Louisville, KY" on the front. It belongs to my mom and we want to sell it, but we need to know an asking range.

**A.** Belknap Hardware & Manufacturing Co. was established in 1840 by William Burke Belknap. Belknap made stoves, hot plates, dutch ovens, skillets and waffle irons. The company name became Belknap, Inc., in 1968. It closed in 1985. Some stoves with the same mark as yours sell for \$250-\$300.

1. How many No. 1 hit singles did the Small Faces have over the years?
2. What happened to the song "Cheater"?
3. Did Roxy Music ever have a No. 1 hit?
4. Who originally released "No Milk Today"?
5. Name the song that contains this lyric: "Once you told me long ago, To the prom with me you'd go, Now you've changed your mind, it seems, Someone else will hold my dreams."

- Answers
1. Two. One in the U.K. ("All or Nothing") and one in Canada ("Itchycoo Park.")
  2. Michael Jackson co-wrote the song for his seventh album in 1987, but it was yanked for reasons unknown. Eventually, in 2004, it was put on the "Ultimate Collection" album.
  3. Yes, once, with "Jealous Guy" in 1981. Roxy Music did net two No. 2s, however, "Dance Away" (1979) and "Love Is the Drug" (1975).
  4. Herman's Hermits, 1967. Back in the day, milkmen delivered to the house. The song talks about delivering less because the lover has moved out.
  5. "A White Sport Coat and a Pink Carnation," by Marty Robbin, in 1957. Robbins said he wrote the song in about 20 minutes while riding in a car and passing a school where students were all dressed up for their prom.

## DCC's Annual Service Award Luncheon

DCC's 2018 retirees recognized

Danville Community College bids farewell this year to four longtime personnel as they start their journey into retirement. The 2018 retirees share 118 years of combined service to the college. Pictured, from left, are Nancy Taylor Reynolds (47 years), George Turnbull (35 years), and Martha Tucker (13 years). Not pictured is Bill Dey (23 years). The retirees were recognized during the college's final faculty meeting for the 2017-18 academic year on Tuesday, May 8, in Oliver Hall, where they each received the traditional gift clock that serves as both a memento of their time with DCC as well as a marker by which they should enjoy the many happy days ahead that they have earned. Turnbull was also named Outstanding Faculty Member of the Year during the meeting.

DCC honors personnel for service milestones

**"A Question For Christians And Churches Who Do Not Support A Pregnancy Resource Center"**

It was one of the great joys and honors of my life to recently preach the annual banquet for the Pregnancy Resource Center of Cleveland County, North Carolina. The venue was packed with wonderful and different people who all have one core, common belief: babes in the womb are worth saving from the horrific ravages of abortion.

Genesis 1:27 tells us that humanity is made in the image of God. Even if there were no such thing as a Bible, though, it would be evident just from a cursory glance that mankind and animals are on radically different levels. Every passing decade the animal kingdom remains much the same. And in every one of those same passing decades, mankind progresses by leaps and bounds. We went from heavier than air flight in 1903 to setting foot on the moon by 1969, and Mars is now in sight.

Mankind builds hospitals and libraries and skyscrapers. Mankind repairs and replaces hearts, harnesses the power of the atom, maps DNA, develops gene therapy, and cures diseases. And each and every babe in the womb has all that and infinitely more potential inside him or her.

Even in cases where a deformity or infirmity is detected, we are still dealing with a precious human life, in whose nostrils is the very breath of God (Genesis 2:7).

All of which makes me wonder why any Christian or any church would not be supporting a local PRC.

Before I preached, I watched as a video showed the work of the PRC, and

one of the digital slides showed a list of all of the churches who supported it. One denomination made up probably 95% of the supporting churches. There were other denominations entirely absent. Even in the majority denomination, I noticed several churches not listed.

Our church has been supporting the PRC as a mission work for nearly twenty years. We regard it as one of the most essential and valuable things we do. How can we be concerned only for those who have already been born, and not reach out to help those who might not even be allowed that basic right?

Our church feeds and clothes the homeless, reaches out to the hurting, evangelizes the lost in our own backyard, and sends and supports missionaries around the world. But each and every day frightened mothers, unsure of what to do with the unexpected pregnancy they are facing, deal with the pressure to end that precious child's life. That means that there are two individuals, two human beings made in the image of God, that someone needs to reach out to.

The PRC does that reaching out. They provide maternity clothing, counseling, formula and diapers, ultrasounds, and essential information on the precious life that mother is carrying in her womb. The people who serve in PRCs have forgone potentially lucrative careers in order to save and serve "the least of these."

While others clock in at 9:00, work a sure and steady job, then clock out at

5:00 and go home, leaving the job behind, those who serve in PRCs have a cause, not a job. They may come in at 9:00 and leave at 5:00, but the task comes home with them. They pray over it and fast over it and lay awake many nights agonizing over those they were not able to help.

Sometimes they reap the ultimate reward. Not a financial windfall; those boons are reserved for people in the corporate or entertainment world. No, sometimes they get to see a young mother bring a new baby by for a visit, a baby that almost had his or her life ended before a PRC showed a mother a better way. Other times they give their best efforts, then cry themselves to sleep when they hear that a mother chose to abort her child.

My question is this. Not everyone can be part of a PRC. For some, they have other callings and other tasks. But every child of God and every church could support a PRC. Everything given, great or small, is another thread in the rope that holds the life raft they toss out to the drowning and desperate each and every day.

Pastor, would you please consider having your church financially support a PRC? Christian, would you do so on an individual basis? To the Jesus who loved children so much that he chided people who tried to keep them from him, nothing could be more precious in his sight.

Coolers of refreshing water and gatorade are available at all times.

**Our camps teach team work, leadership skills, listening skills, socialization skills, and much more.**

Our summer campers learn how to care for the animals, ride the horses, work the fields and learn all about agriculture. They also enjoy a splash in the creek each day and use their creativity to complete several craft projects for the week.

Lunch is provided each day unless your child has allergies. Each afternoon we enjoy a refreshing snack such as: watermelon, freezer pops, snow cones or homemade ice cream.
