Judy's Travel and the Scorsone Family

would like to thank our family, friends and clients
for their love, concern and continued support
over the last two years!

This has been a very difficult time losing two amazing people, Judy & Gerald Scorsone. As we move forward we want to reassure everyone that Judy's Travel will continue to provide the same personal quality service that we have been known for since opening our doors. Shortly after Judy's passing in 2016 the change of ownership took place; Stacy Wilson, who had been running the business and has been with Judy's Travel for 30 years, officially became the new owner. Stacy will continue to operate the business as owner and travel agent working with clients and taking care of the daily operations of the business.

As we move forward you can expect to receive the same professional personal service that we pride ourselves on. Stacy looks forward to working with her existing and new clients for many years to come. If you haven't been in the office lately, please stop in, say Hi, take a look at what exciting tours we have coming up and check out our newly renovated and updated office!

Thank You!

Stacy Wilson (owner) & The Scorsones

Town of Leicester Public Sewer Informational Meeting

Date: May 22, 2018

Time: 7 PM

**Leicester Fire Hall
126 Main Street
Leicester, NY 14481**

The Town of Leicester is investigating the possibility of providing public sewer to the residents and businesses in the area surrounding the Village of Leicester and within the hamlet of Cuylerville. The Town will present the findings of a study completed in 2017 along with the potential costs associated with a public sewer system.

An option will also be presented that includes the Village of Leicester.

**The Leicester Town Board
would like your feedback,
positive or negative.**

HACCP Certification - Intro Level

This two-day introductory Hazard Analysis and Critical Control Points (HACCP) certification training allows attendees to gain a practical understanding of pre-requisite programs, regulatory requirements and implementation of a HACCP system using a hands-on approach. This training is a foundation for FDA-regulated seafood and juice production as well as USDA regulated meat and poultry production. This training is also a great foundation for GFSI based audits. This training is approved by the International HACCP Alliance and upon successful completion of the training and assessment test, a certification will be awarded. With this HACCP training certificate and proven experience working in the food industry, the opportunity exists to receive three credits for the FPT102 course at GCC at a reduced cost with successful completion (certification) of this course and qualified prior learning experience.

Who should attend?

This course is for, but not limited to food-processing HACCP team members, senior management, auditing personnel, sanitation associates, quality personnel and warehouse associates. Although not a pre-requisite for the training, a basic knowledge of food safety is recommended.

Batavia Campus • Fee \$615
(Includes all materials, test and lunch each day.)

VILLAGE OF MOUNT MORRIS RECOMMENDED FOR STATE DESIGNATION OF OPPORTUNITY ZONE

A new National community investment program that connects private capital with designated developmental areas

Opportunity Zones are a new community development program established by Congress in the Tax Cuts and Jobs Act of 2017 to encourage long-term investments in low-income urban and rural communities nationwide. The Federal program provides a tax incentive for investors to re-invest their unrealized capital gains into Opportunity Funds that are dedicated to investing into designated Opportunity Zones.

New York State has over 2000 low-income qualifies census tracts and as per the program parameters was allowed to recommend 25% of those tracts. On April 20th, Empire State Development sent their recommendations on 514 New York State census tracts to the US Department of the Treasury for designation. Those recommendations will be reviewed by the Treasury which has 30 days to provide their final approval.

These “zones” are a complimentary initiative that can help attract outside investment into areas that need it most. Private investment is a key component to building a thriving local economy, however, a strong base of support by consumers, residents and community leadership will ensure the sustainability of a successful business climate.

Livingston County Economic Development Director Bill Bacon said, “The Opportunity Zone appears to be a great tool to help spur investment in these designated areas. While we had hoped to obtain more designated zones, we will work to market the Village of Mt. Morris for development through the use of these Opportunity Funds. I look forward to Empire State Development assisting with the administration and bringing the full benefit of this program to Livingston County.”

More information on Opportunity Zones can be found at:
<https://esd.ny.gov/opportunity-zones>
