Therma-Tru named 'Brand Used Most' for more than 20 consecutive years

Therma-Tru — available locally at A.D. Moyer Lumber — has been named the “Brand Used Most” in the entry doors category, marking more than 20 consecutive years receiving this distinction. In the 2018 Builder Brand Use Study conducted by Hanley Wood, Therma-Tru ranked first in “Brand Used Most” and “Brand Used Most in the Past Two Years.”

Mark Ayers, vice president of marketing at Therma-Tru Corp., says, “We are honored to receive these awards, year after year. We work hard to earn the trust of our builder partners, and being named Brand Used Most shows that we have earned — and kept — that trust for more than two decades. Therma-Tru also makes it a priority to provide the sales tools and

marketing support needed for our builder partners to succeed and grow their business.”

To show its continued support for builders, the company offers a technical assistance line that provides live answers to installation, warranty and product questions. The toll-free number 1-800-4BUILDR (1-800-428-4537) is a great resource focusing solely on builders.

“Winning these awards signifies to us that we are continuing to provide builders with the on-trend products that homeowners are asking for. We aim to stay ahead of industry trends in an effort to offer the looks homeowners want most, while maximizing curb appeal,” said Derek Fielding, director of marketing insights and innovation at

Therma-Tru Corp.

To continue providing quality, on-trend products, Therma-Tru opened a new Innovation Center in early 2018. Based in Maumee, Ohio, the 30,000-square-foot facility is near Therma-Tru headquarters and houses the teams focused on creating innovative product solutions. Associates began moving in to the Innovation Center in late February, and a grand opening celebration is planned for summer 2018.

The 2018 Builder Brand Use Study, presented by Builder Magazine, was conducted online by The Farnsworth Group and included Hanley Wood subscribers classified as “Builders, Builders-Developers, or General Contractors.” The data was collected from 956 qualified responses.

The study originated in 1998 and includes a nationwide survey of builders on their preferences related to a wide variety of products and brands.

A.D. Moyer Lumber & Hardware, Inc. is a fourth-generation family owned and operated business with locations in Gilbertsville,

Pottstown, Bethlehem and Kutztown that has been serving Southeastern Pennsylvania with quality building materials since 1939. A.D. Moyer is one of the oldest privately owned building materials businesses in the area with employees who average more than 20 years of service with the

company. Over the decades A.D. Moyer has built a solid reputation as a building-materials leader and generous contributor to area benefits, charities, organizations and the scholastic and athletic endeavors of the area's youth. For more information, visit admoyer.com or call (610) 367-2036.

Kuzan's True Value Hardware – not an ordinary hardware store

Kuzan's True Value Hardware is not an ordinary hardware store.

Kuzan's was started in 1953 as a storm window business by Andrew Kuzan. In 1957, Andrew and his wife, Marie, expanded the business with an addition to the store and started selling variety items. In 1961, the store was expanded again, adding another 3,000 square feet, making the retail sales area a total 6,000 square feet with 6,000 square feet of storage on the bottom level. Andrew and Marie lived on the second floor above the store and also used some of that level for storage.

In 1976, they built the present store, which has 22,000 square feet of retail space on 8 acres of land selling True Value Hardware products. An additional 8,000 square feet of space was added in 1979, expanding into the lawn and garden department.

Our growth continued when Dennis and Ronald Heffner purchased the business in 1996 when the Kuzan's wanted to retire. In 1997, we added our outdoor furniture, backyard sheds and Amish handcrafted furniture and crafts. In 1999, we added Just Ask Rental to our line

of services.

Today, Kuzan's True Value Hardware Store and Rental Center is known for having the best selection of hard-to-find hardware items and the largest gift selection, which include Ertl Toys, Breyer Horses, candles, toys and Amish-made furniture. We pride ourself with providing our customers with excellent service, and if we don't have it in stock, we will try hard to find what you are looking for.

At Kuzan's True Value Hardware store, we recognize that exceptional service and innovation are critical to our success. Our many services are an example of the quality service and commitment our customers have come to expect from us. Our commitment is to "help you get the job done."

Even in today's economy, we bring to our customers the best products available at the lowest prices. Our staff has a wealth of expertise in all home improvement areas, garden equipment, tools, rental equipment and storage sheds, plus a gift shop with unique items that are unmatched by our competitors. We have everything you need. If we don't have it, we'll find it for you.

Keeler Service Center – celebrating three decades of quality vehicle sales, service

Keeler Service Center, Inc., located in the center of downtown Telford, Pa., is celebrating three decades of quality vehicle sales and service to the Bucks-Mont area. Started in 1980, Keeler Service Center is a family cen-

tered business that provides auto and light truck mechanical repairs.

In 2005, Keeler Service Center became an authorized dealer for Central Boiler, maker of classic outdoor wood furnaces. This greener alternative

to home heating can cut your energy bill substantially through the burning of seasoned or semi-seasoned wood or pellets.

Central Boiler – a safe, efficient outdoor wood furnace that can provide 100 percent of your heating

needs. Central Boiler manufactures and distributes the Classic Edge Outdoor Wood Furnace, an outdoor wood-fired hydronic heater that heats multiple buildings, hot tubs, pools, greenhouses, domestic water and more.

While burning a wood stove indoors can mean many problems, there is an alternative – the Classic Edge outdoor wood furnace from Central Boiler. Also known as an outdoor wood boiler, this outdoor wood-fired hy-

dronic heater eliminates the problems associated with indoor burning and allows you to get even more benefits from wood heat. This outdoor wood furnace can actually improve the indoor environment in your home or business, while eliminating the time-consuming chore of tending a traditional wood stove.

LOCAL BUSINESS

Erb & Henry Equip., Inc. has a long tradition of service

Erb & Henry Equip., Inc., which began in 1898 under the name of Houck & Henry, was originally located on North Reading Avenue in New Berlinville, Pa. We have undergone many changes in our more than 100 years of

history.

We were started in 1898 by Thomas Houck and Randolph Henry. Since that was before the age of the automobile, we specialized in farm implements and were an International Harvester

dealer from our first day. In 1918, with the advent of the automobile, tractors were introduced to the farm industry, and we sold our first tractor.

In 1921, the business was acquired by William R. Erb,

who was an employee of Houck and Henry. Erb managed the business alone for two years until 1923, when a partnership was formed between Erb and Isaac Henry. For 35 years, we were known as Erb & Henry, and we incorporated under the name in 1958 and continued as Erb & Henry, Inc. for 15 more years. In 1973, the company was purchased by the late Lawrence R. Clauss Sr., Lawrence R. Clauss Jr. and Sandra R. Moser and operated under the name of Erb & Henry Equip., Inc.

Through the years, the volume of business has continued to grow. In 1947, the present store was built, and we moved from North Reading Avenue to Henry Avenue. In 1974, with the advent of larger combines and tractors, a warehouse and shop area was built be-

hind the original buildings to handle the larger equipment. With current additions, the company has again improved its facilities with the customers' interest always coming first.

Erb & Henry Equip., Inc. has been an International Harvester dealership since the day we started. In 1984, Tenneco purchased International Harvester and became Case/IH. In 1993, with the agricultural industry slowly declining in the area, the company became a Kubota Tractor dealer to better accommodate the changing industry. Erb & Henry remained a Case/IH parts and service dealer but opted to drop the agricultural line of equipment. The company has also been a Cub Cadet dealership since Cub Cadet began producing lawn equipment in

1961. The company also sells Brouwer Turf Equipment, Grasshopper, Befco, Bush Hog, Rhino, Vicon, Provonost, Meyer Snow Equipment and many other short lines. Erb & Henry also has an extensive parts inventory that carries parts for all major equipment lines we sell and service.

As we head into the new millennium, Erb & Henry Equip., Inc. will continue to operate under the same attitude we have had for over 100 years with the cornerstone of our company being parts, service and customer satisfaction.

We're located at 22-26 Henry Ave. in New Berlinville. Call us at 610-367-2169 or visit www.erbhenry.com. Our hours are Monday to Friday from 7:30 a.m. to 5 p.m. and Saturday from 8 a.m. to 1 p.m.

Lastick Furniture & Discount Floor Coverings remains one of the area's most lasting fixtures – for good reason

For more than 45 years, Lastick Furniture & Discount Floor Coverings has been a prominent family owned and operated business. It has built an enduring reputation throughout the tri-county area due to top-notch quality, service and value.

Lastick Flooring offers many wood types for flooring not typically found in the "big box" stores. These include cherry, hickory, maple and oaks. Other types of floor coverings offered include waterproof laminates and luxury vinyl, as well as carpeting, which continues to sell well.

35,000 square feet of selling space, Lastick can cater to all trends of furniture. Lastick Flooring prides itself in its professional installers, with all their work guaranteed.

The secret to its success is simple: great products at reasonable prices and personalized service on and after the sale.

Lastick Furniture & Floor Coverings is located in the heart of downtown Pottstown at the corner of Charlotte and High streets. The furniture store is at 269 E. High St., and the floor coverings store is right across the street. Visit them online at
