INTERNATIONAL BROTHERHOOD OF ELECTRICAL WORKERS - PROVIDENCE, RI IBEW LOCAL 99

Open-Shop Electrical Contractors, Your Time is Now!

For the past several years IBEW Local 99 has been actively recruiting, testing and welcoming into our Local: Apprentices, Journeymen Wiremen, Tele-com Techs and Contractors.

That effort has been an amazing success. We now have a database of many unrepresented hard working men and women who will be coming in the Union. Many of these people currently work in parts of the industry that the IBEW has historically not been as prevalent in, such as Residential and Light commercial.

We are now looking to expand our recruitment of high quality and ethical open shop contractors that specialize in that type of work.

Discover the value IBEW can have for your company:

- You pay nothing to the Union to sign with us!
- Immediate access to indentured apprentices!
- 1-1000 qualified Men and Women available with a single phone call!
- IBEW quickly becoming the main source of manpower in the Northeast!
- Flexible rates for non-traditional work!
- Your partner in protecting the industry!
- The safest and most productive workforce in the industry!
- The undisputed best training facility and staff in the industry!
- Complete flexibility in Staffing!
- Access to General Contractors and Bidding Opportunities!
- Free Benefit Management!
- Contractor Training and Support!

We are looking for only the best in manpower and contractors. If you are a great contractor, we should be talking to you now. There are many very unsatisfied craftspeople looking for a better life who are available right now and ready to move to your company!

Salome's Stars

LIBRA (September 23 to October 22) Watch your budget so that you don't overspend now and have less to invest when the time is right later on. Arrange to share your weekend with someone special.

SCORPIO (October 23 to November 21) The temptation to involve yourself in a friend's or family member's personal problems is laudable. But get the facts before you make a firm commitment.

SAGITTARIUS (November 22 to December 21) You might be upset by some of your critics. But most of your associates continue to keep the faith in your ability to get the job done, and done well.

CAPRICORN (December 22 to January 19) You've reached an important point in your ongoing pursuit of your goals. You might now want to consider letting someone you trust join you on your journey.

AQUARIUS (January 20 to February 18) You've been going through a spate of uncertainty involving people you care for. But it might be time to take a stand on a position you feel sure you can defend.

PISCES (February 19 to March 20) Treading water keeps you busy, but it won't get you where you need to go. Time to stop making excuses and to start moving ahead toward your goals.

BORN THIS WEEK: You see life as both creative and pragmatic. You would not only be a fine artist, but also a successful one.

The Garden Bug
Growing catnip
Cats love to paw, chew on, and roll around in this perennial herb. Catnip is related to other mint plants, like spearmint, basil and oregano. Its stems and leaves store oils, and its blossoms display white, pink or purple petals. It is easily propagated by seed, stem cuttings, or rootball division. You can sow seeds outside early in the spring with a light cover of hay, or start them indoors in trays and transplant them outside after the last chance of frost. It likes either sun or shade, and can grow 2 to 3 feet.
