The Golden Greek Restaurant opened its doors 31 years ago by the original owners. The restaurant evolved over the years with menu and décor by the owners. Over the years Golden Greek has received numerous and positive reviews. While these were appreciated, none of these are as important as the continued patronage and satisfaction of our customers. Our reputation for fine food and service was wide spread. The original owners and management of the Golden Greek strives to maintain an example for your dining pleasure. The restaurant was sold in 2007 and then re-acquired by the original owners in 2013. We've made extensive improvements to the decor in the dining and lounge areas. When we decided to reopen the restaurant in June 2013, we needed our own identity after the second owners had left. We renamed it the "Golden Greek Restaurant & Pub" and we hired a whole new staff. Golden Greek Restaurant & Pub kitchen contains only the finest products available, including the best beef available and the finest fresh seafood. Our soups and breads are homemade. Our salad bar consists of a wide variety of items. And the entire menu is composed of ingredients we are proud to serve.

Ed's GARAGE

Ed's Fleet Delivers the Heat!

Ed's Garage is located in the heart of Canterbury, just past the Prudence Crandall house on Route 14. Started in 1947, it began as a gas station that Edward and Lillian Waskiewicz purchased after he returned from World War II. The fuel oil business that Ed's is known for today started with just a handful of customers. In areas like Jewett City, they delivered fuel in five gallon pails to more easily carry it up to second and third story residences. With their reputation for dependable customer service, the fuel oil business began to grow steadily.

Today, Ed's is still proud to be family owned and operated. Carrying on the tradition Ed & Lil started, their son, Edward; daughter, Penny; daughter-in-law, Karlyn; and granddaughter, Courtney now run the business, providing heating oil and burner service to over 3,000 customers in Windham and New London counties. In addition to competitive pricing, we offer automatic and will-call delivery programs, budget payment plans, senior and volume discounts. We also participate in local energy assistance programs including ACCESS, TVCCA, Citizens Energy, Operation Fuel and the Soldier, Sailor & Marines Fund. Our staff of expertly trained, fully licensed technicians are on hand to provide active oil customers with 24 hour emergency burner service should problems arise.

We also operate the longest lasting gas station in town, one of the few remaining full-service stations in the area.

Year-round, our sand and gravel division manufactures and delivers top quality sand, gravel and crushed stone products throughout eastern Connecticut. Our materials are perfect for any job, whether it be for a new home, fixing a driveway or re-doing a lawn to filling horse rings and volleyball courts or replenishing the sand for an eroded beach, a job we tackled in Niantic, back in 2012 after Hurricane Irene.

Times may have changed since Ed's Garage got its start back in 1947 but our dedication to providing our customers with reliable service remains the same. The Waskiewicz family takes pride in our long lasting reputation for honesty, integrity and good old-fashioned service. Whether you need to gas up your car, fill your oil tank, have your furnace cleaned or install a new boiler, you can count on us to provide the family friendly service that our customers have come to know and depend over these past 69 years!
