NO OTHER MACHINE RAISES THE BAR SO HIGH.

When it comes to precision engineering, the Kubota SSV75 stands head and shoulders above all the rest. A hinge pin height of 128.3 inches provides a reach other skid loaders can only wish for. The proven 74.3 HP Kubota engine adds the muscle, with 5,884 pounds of breakout force. And a wider 36-inch cab entrance, optimized AC and full-suspension seat take productivity to a whole new level.

CLOVER HILL Vineyards & Winery

Is Hiring

Full Time/Part Time Retail Sales

Retail Sales Associates for locations at the Winery in Breinigsville and the Vineyard in Robesonia. We need wine loving, people-friendly individuals! Hours can vary, but some weekend work is required. Candidates must be 21+ years old. Please send resumé to kari@cloverhillwinery.com

Full Time Tasting Room Manager

This position is based out of the Winery in Breinigsville, but some local travel is required. This individual is to oversee all aspects of the tasting room to include staff training, merchandising, and assisting in private group tastings. This is based on a 40+ hour work week and weekend work is required. Strong customer service skills, public speaking skills, basic computer skills and a love of wine is required. Candidates must be 21+ years old. Please send resumé to kari@cloverhillwinery.com

Full Time Graphic Artist Position

Located at the Winery in Breinigsville. We want the best! Creativity, enthusiasm, a strong business sense and an interest in wine are key. Candidates must be proficient in the pre-flight printing process through Adobe applications. Candidates must be comfortable working with Word, Photoshop, and Illustrator. A basic understanding of web design and coding with HTML and CSS is required. In addition, a portion of time is spent in customer service, so strong people skills are required. This position is based on 40+ hours per week with some weekend work. Please send resumé to kari@cloverhillwinery.com

We are looking for a person who desires a long-term commitment with a family-owned and operated business. Please email resúmes to kari@cloverhillwinery.com

Dale R. Mast
 Dale R. Mast, age 66, of Oley, passed away Thursday, June 7th in his residence. He was the husband of Claire M. (Boone) Mast. They celebrated 43 years of marriage.
 Dale is survived by his wife Claire, and children Jesse D. Mast and Janel C. (Mast) Bittle. Also two granddaughters, Breana Bittle and Lily Mast. Dale was an avid motorcyclist who loved Harley-Davidson motorcycles and had been a long-time member of the Reading Motorcycle Club.
 His other interest was restoring and driving classic cars, fishing, hunting, and being with family and friends. Dale also enjoyed a little nip every now and then.
 A service and celebration of Dale's life will be held on Saturday, June 23rd at 2:00 PM from his residence. In lieu of flowers, contributions can be made to the Memorial Fund of Dale R. Mast, P.O. Box 307, Fleetwood, PA 19522. Online condolences for the family may be made at www.maestumpfuneralhome.com.

8 Ways To Use Less Energy When The Weather Warms

The temperature is rising, and that can be a good thing for those people who love long days of outdoor recreational activities. Sometimes, though, there can be too much of a good thing, and consistently hot temperatures may become uncomfortable and even dangerous. Finding ways to keep cool without spending a fortune or using a lot of energy is challenging but possible.

you must heat something indoors, try doing so in the microwave.

FIND YOUR COMFORT ZONE Determine an indoor temperature that works best for the majority of the household or office. Keep the thermostat set as high as possible to maintain that comfort level. If you will be out most of the day, set the programmable thermostat at a higher temperature, and then lower the temperature about a half hour before you plan to return home. This reduces the number of hours the air conditioner is running.

RUN APPLIANCES AT NIGHT Wait until the washing machine or the dishwasher is full before turning on the cycle. Temperatures are cooler at night, and you may not notice the extra heat in the home generated by such appliances. Consult your energy bill as well. Sometimes energy rates are lower in the evening than during the peak hours of the day.

KEEP CURTAINS CLOSED Draw the blinds and close curtains on south- and west-facing windows during the hottest times of the day. This prevents the interior of the home from heating up.

LINE DRY CLOTHES Maximize that fresh air and warm sun by hanging freshly washed clothes to dry outdoors. This also works for quickly drying swimsuits and towels used at the pool or the beach.

MAINTAIN AIR CIRCULATION Invest in ceiling fans, which can move air through the home! This will help prevent pockets of hot air in certain spaces. According to the U.S. Department of Energy, even in homes with air conditioning, ceiling fans enable homeowners to raise the thermostats on their AC units by about 4 F with no reduction in comfort. Attic fans can draw heat out of a home through vents, also helping to reduce indoor air temperatures. These devices can reduce reliance on air conditioners, especially on moderate days or cool nights.

RELY ON NATURAL LIGHT In the summertime, the sun stays out longer, so you'll be less reliant on electric energy to keep things illuminated. Spend more time outdoors so you can read, play or chat in the sunlight while keeping indoor lights off.

4. COOK OUTDOORS Put that backyard grill to good use. Plan meals around outdoor cooking so the ambient heat will stay outside and you will not have to turn on the oven or the stovetop. Include side dishes, such as salads, fresh vegetables and fruits or gazpacho, that can be served cold. If

DETERMINE POOL FILTER EFFICIENCY Experiment with reducing the amount of water filtration time until you come up with an amount of time that still maintains water sanitation. If you think your filter and pump are no longer working efficiently, consult with a pool supply retailer.
 When the heat is on, learn strategies to keep homes cool and use less energy in the process.

READER'S Recipe

BLACK BEAN VEGGIE BURGERS

1 (16 ounce) can black beans, drained and rinsed	1 egg
1/2 green bell pepper, cut into 2 inch pieces	1 tablespoon chili powder
1/2 onion, cut into wedges	1 tablespoon cumin
3 cloves garlic, peeled	1 teaspoon Thai chili sauce or hot sauce
	1/2 cup bread crumbs

If grilling, preheat an outdoor grill for high heat, and lightly oil a sheet of aluminum foil. If baking, preheat oven to 375 degrees F, and lightly oil a baking sheet. In a medium bowl, mash black beans with a fork until thick and pasty. In a food processor, finely chop bell pepper, onion, and garlic. Then stir into mashed beans. In a small bowl, stir together egg, chili powder, cumin, and chili sauce. Stir the egg mixture into the mashed beans. Mix in bread crumbs until the mixture is sticky and holds together. Divide mixture into four patties. If grilling, place patties on foil, and grill about 8 minutes on each side. If baking, place patties on baking sheet, and bake about 10 minutes on each side.

Send your recipes to: **The Windsor Press, Inc.**
