## *Area Graduates Receive Special Blessing*

On the morning of Sunday, May 27th, Saint Patrick's Church in Mount Morris hosted a Baccalaureate Mass. This annual tradition is held to honor new graduating seniors from the Saint Patrick's area.

Six MMCS students and one beloved teacher, Mr. Hussain, were in attendance.

In addition to recognizing and celebrating the achievements of the graduating seniors, it's also an opportunity for the Saint Patrick's Congregation to

bestow a spiritual blessing upon all graduating seniors, hoping to sustain them on the journeys that lie beyond their high school years.

Each of the graduates who attended were recognized by name, along with their school activities and their plans for the future. Saint Patrick's Congregation was able bid each student best wishes for a successful future. Refreshments and congratulations followed the mass.

Planned Parenthood of Central and Western New York

**RESTORE Seeking Volunteers to Support Victims of Sexual Assault**

RESTORE Sexual Assault Services, a program of Planned Parenthood of Central and Western New York, is recruiting volunteers for an upcoming training cycle in July. There is an urgent need for volunteers in Monroe, Genesee, Livingston, Orleans and Wyoming counties.

Volunteer Advocates are responsible for fielding phone calls from their home and accompanying victims to the hospital or police station (transportation required). Volunteers offer support, information and resources to survivors of sexual violence and their loved ones. The time commitment is flexible, and at the volunteer's discretion. All applicants will be screened and must complete 32 hours of training July 16-July 20 prior to beginning their volunteer commitment.

Those interested in volunteering for RESTORE must be at least 20 years of age and be comfortable working with those in a crisis situation.

For further information about volunteering with RESTORE, email: [volunteer@ppcwny.org](mailto:volunteer@ppcwny.org).

# Newly Renovated County Auditorium Unveiled

Mount Morris, NY, June 20, 2018— Yesterday evening a special ribbon cutting ceremony was held to rededicate the newly renovated Auditorium located within Building 1 of the Murray Hill County Campus in Mount Morris.

The County Auditorium is part of a system of buildings that were originally completed in the 1930's as a NY State-run Tuberculosis Hospital. Livingston County acquired the campus of buildings in 1971 and has since worked to restore many of the buildings to house various county departments such as the Department of Health, Office of the Aging and Social Services. The Auditorium facility is one of the final renovation projects to be completed on campus.

The ribbon cutting ceremony featured an introduction by David LeFeber, Chairman of the Board of Supervisors and a brief historical review of the Murray Hill Campus by County Historian Amie Alden. Judith Berman, who resided on Murray Hill during her youth while her father was the Superintendent of the hospital, reminisced about those years and how special it was to grow up in such a unique place. Mrs. Berman was thrilled to see the newly renovated auditorium and thanked the County for maintaining the campus on the hill. Closing remarks were given by County Administrator Ian Coyle thanking the County Central Services Department for the many hours of work they put into the renovations.

Music was provided by the Mount Morris High School Jazz Band offering the audience a glimpse of the possibilities that could be featured in this versatile space. The County plans to use the space for conference type events and also intends to offer access to local organizations and the general public. Creating a unique venue for assemblies, conferences, celebrations and performances, the Auditorium will provide a space unlike anything currently in the County.

## HARMFUL ALGAL BLOOMS HEALTH ADVISORY

### June 20, 2018

A harmful algal bloom (Blue Green Algae) has recently been found in areas throughout Conesus Lake. Blooms occur when algae multiply very rapidly over a short period of time, usually in calm, warm, water. There are thousands of different algae species, however, a few of these may produce toxins. The toxins are a concern when there is a high level present in the water. The Livingston County Department of Health is monitoring for algae blooms and may collect samples of the water if the bloom is concentrated and persistent. Harmful algal blooms may persist in varying degrees and at various locations throughout the summer and fall seasons. The public water supply is safe for drinking.

At this time, visual monitoring has detected the presence of harmful algae in the noted area. Contact with the algae may result in some health effects such as itching, rashes, fever, headache, upper respiratory symptoms, vomiting and diarrhea. These symptoms are not just caused by harmful algae contact. If you experience any of these symptoms and they persist, you should seek medical advice. You are advised not to drink or use the lake water for cooking and do not swim, wade, play, or come into direct contact with water that is discolored or has scums on the surface. Pets should not be allowed to drink or to come into contact with discolored water. If contact occurs, wash with soap and clean water to remove algal material. Always rinse after coming into contact with any surface water whether or not a blue-green algae bloom is present. Avoid contact with surface water when open cuts or wounds are present on the body.

**Mark 16:17 says** (Jesus is speaking to His followers), "And these signs shall follow them that believe: in my name . . . they shall lay hands on the sick, and they shall recover."

Why did Jesus use the word 'sign'?

Because, just like a road sign provides direction to somewhere, healings point the way to Jesus, and to Father God. Those who have been healed point the way to more healing for those who are sick.

If you or a loved one are sick, call us. We will be glad to come and pray for you.

*Until we discover  
our new home,  
allow us come to you  
when you need us!*
